In appreciation

The North Fork Community Theater wishes to take this opportunity to thank the people of the North Fork for their cooperation, help and encouragement. A little theatre group such as ours cannot function without this help. We are greatly indebted to the Greenport School Board for the use of the building and facilities...as ours is a non profit organization, we hope to build up the facilities in the way of scenery, lights, and equipment which can be enjoyed by all living in the area. The cooperation and understanding of the Greenport faculty has aided the group immensely. The business firms that loaned us props, gave us advertising space in their establishments and took advertising in our program and contributing not only to get the group started, but to the cultural betterment of the whole community: to them our many thanks. And to you, the patrons of the show...our thanks for your attendance here tonight...that you are willing to support a community theatre is a pleasure enough for us...we hope that we are worthy of your continued interest.
