FOOLS

1995

President's Message

The most important person to the NFCT is the one reading this message. The members of our audience, by their patronage, make community theatre possible, and by their attendance and interest make the activity worthwhile.

The interaction between cast and audience is what makes live theatre the electric experience it is. Your laughter, applause reactions and attention are food for our artistic appetite. So you make all the effort and time worth it. Thanks.

Now relax and enjoy Neil Simon's *Fools*, ably directed by Larry Tuthill.

—Bob Erland, *President, NFCT*
