ACTORS AND ACTING

Being a few quotations on the art and the man.

“There is probably something neurotic about wanting to go on the stage, just as there is possibly something even more neurotic about wanting to go into the Church or into plumbing or into the stock market.”

— Tyrone Guthrie

“Some of the greatest love affairs I’ve known have involved one actor — unassisted.”

— Wilson Mizner

ACTORS AND ACTING

"To be an actress, one must act every day just as a singer must sing to keep in condition. I have not acted for years."

— Greta Garbo

"Always act the part — and you can become whatever you wish to become."

— Max Reinhardt

"Acting was the only avenue of escape I had from myself. It's never been difficult to subjugate myself to a part because I didn't like myself too well. Acting was, in every sense, my means of survival."

— George C. Scott

THE GOOD LIFE

Electricity has helped bring the good life to Long Island. Hand in hand with the responsibility to meet this demand for electricity is the obligation to protect our Island's natural resources. At LILCO, continuous checks by engineers, marine biologists, air-sampling technicians and ecologists are environmental projects that go on day after day. Concern for Long Island's environment has a direct bearing on the decisions we make in operating our power plants, landscaping our substations and on being a good neighbor in the communities where our installations are located. At LILCO, we put a lot of effort into the protection of Long Island's environment.

COUNTING THE BALLOTS

This year in keeping with the fact that we will be going to the polls for school board elections and presidential primaries and presidential elections, the NFCT took a poll last show of its patrons in the hope of receiving some ideas as to what sort of shows our audience wanted to see and to help the Play Reading Committee with their very delicate task of selecting the plays for next year. The plays that were summarized in the last program were as follows: "Carnival", "Diary of Anne Frank", "Dr. Cook's Garden", "Child's Play, Ghosts", "See How They Run", "Spoon River Anthology", and "Stop The World I Want To Get Off". This presented a wide variety of choices. The audience that responded, and it was a pretty fair turn out so to speak, preferred musicals and comedy to drama. That is not unusual. Highest number of votes went to the comedy "See How They Run", which was followed by the more dramatic "Spoon River Anthology" and finally by "Stop The World I Want To Get Off". Not a bad year's program if it were to be adopted by the membership when they meet to make the decision after the recommendations of the Play Reading Committee. The musical "Carnival" was very close behind, as was "The Diary of Anne Frank". The other three shows were also rans.

The suggestion list was very interesting and gives us an idea of what we should look into for the future. Plays such as "Romeo and Juliet". "Story Theatre", "Three Penny Opera" and "Cabaret" were all suggested while the musicals "Fiddler on the Roof", "West Side Story", "Brigadoon", and "Fantasticks" all got several votes.

We want to thank those who took the time and had the interest to fill out our cards. It is a big help. The choices for theatre production are always difficult because you have to consider not only the play which may or may not have had success on Broadway but also difficulties in production and casting. We have a very small stage and we also have limited numbers of actors although that is sometimes hard to believe when you see the way they turn out for plays. But all these items must be taken into account. We thank you for your help and we will hope to announce next season in the very near future.

Come on in and see what we have done with the Old Sprout Packing House . . . now a Beautiful Setting in which to shop for a Fine Portrait, a Picture of your Home, a New Camera or Slide Projector, Movie Equipment, or have your Films, Slides or Movie Film Processed by experts at *ARTHUR AVEDON'S Photography Studio and Camera Shop*. ---or go next door to *GIFTS & GOODIES & GADGETS*, where you will find the most unusual presentation of Gifts, Home Decorations, Home Bar Supplies, Greeting Cards, and "Believe It or Not" A PENNY CANDY DEPARTMENT that features over a hundred varieties of Candies . . . just like the ones you used to buy!

ACTORS AND ACTING

"The only thing I require in a role is that I like the woman I play. I have to like her and then know why she went in that direction. I can play all those ladies onstage, but not in the movies. Once you're out there, onstage, it's all yours and a marvelous love-hate struggle begins with the audience. An audience can make you rise to great heights you never knew, the camera can not."

YOUTH ON STAGE

The Summer of 1971 marked a new event on the North Fork. One of our NFCT long-time members, Maureen Cahill, came up with the idea of a summer theatre production for the teen-age community. Under her tutelage and direction some 90 young people came together to put on Meredith Willson's "Music Man". The kids, calling themselves "Youth on Stage" began rehearsals with Mrs. Cahill and for the next seven weeks (five nights a week) sang, danced, built and painted sets, made costumes, learned stage make-up, and sold tickets. For them the not-so-long hot summer turned out to be a time of fulfillment and self-discovery. The production played to packed houses here in our theatre for six nights with resounding success. Reviewers called the show "lyrical, professional, a truly-together production" and "fast-moving, colorful, enthusiastic."

Maureen is now planning a show for the coming summer. She will direct the memorable Rogers and Hammerstein musical play "South Pacific", again using only teen-agers for the cast and crew. Pat Tucker who appears as "Susy" in "Wait Until Dark" will assist Maureen as musical director.

The show will be presented in mid-August and "Youth on Stage" hopes you'll be there for an enchanted evening at "South Pacific".
