Laurel

Residents of this place were grieved to hear of the illness of Mrs. Horace J. Booth, daughter of Mr. and Mrs. John Meese. Mrs. Booth suffered an attack of appendicitis at her home in Manhattan and on Monday an operation was performed at the New York Hospital. The operation was successful and the patient is steadily improving. Her many friends hope for a speedy recovery.

Otto P. Hallock has been granted a patent for a potato sorter.

James H. Wines and William H. Reeve are having water heating plants installed in their residences.

Miss Clara S. Tuthill returned to New York Monday of this week to pursue her vocal studies under the celebrated teacher, Torrianno.

Through the real estate agency of Riley Bros., the farm of J. Minor Petty has been sold to a Pole who has been on the Haggerty Place, but whose name we are unable to give. The price paid was \$8,000.

The Town Harbor Oyster Company of Greenport, with Harry Rose, of Sayville as Superintendent, opened their shipping plant at Mattituck Creek, Wednesday of last week. The Creek oysters are reported to be in fine condition.

Captain and Mrs. J. C. Howell celebrated their golden wedding anniversary, on Tuesday last and also the seventieth birthday anniversary of Mrs. Howell. A large number of relatives and friends of the aged couple gathered together to celebrate the double anniversary. They were the recipients of many useful and valuable presents. The family includes seven children and nineteen grandchildren, and the first break in the family circle occurred in 1889 when a little grandchild died. Mr. and Mrs. Howell were married then thirty-five years. Their children are Mrs. Carrie A. Tuthill, of Riverhead; Mrs. Corbin Arnold, of Chester Conn.; H. Henry Howell, New London Conn.; S. S. Howell, Mattituck; F. P. Howell, Manor; J. Ernest Howell, Southold; and Professor A. V. S. Howell, Brooklyn.

Mrs. Edith Penny is visiting her sister in New London.

Mr. Van Brunt, of Yale College, spent Sunday at Rev. W. N. Seeley's.

Robert Lefferts, of Rockville Centre, is in charge of the Long Island Railroad station in place of Lawrence Fitzgerald, who was removed.

Mrs. Harry Brownson, of Brooklyn, who has been spending the summer with her parents, Mr. and Mrs. Robert Wells, has returned to her home.

October 7th, 1904

Mattituck

Mrs. H. D. Mould closed her summer home here yesterday and returned to her town house in Brooklyn for the winter.

Mr. and Mrs. Frank M. Lupton closed "Momoweta," their handsome summer residence here, and returned to Brooklyn last Saturday.

The Oregon School has opened for the ensuing school year with Miss Green, of Mt. Kisco, and Miss Raynor of Waterloo, N. Y., as teachers.

Potatoes are now selling at 55 cents here. Lamonte V. Gould has a piece which is producing 370 bushels of Green Mountains to the acre.

Mrs. Abbie Wyckoff Jones gave a large reception on Wednesday of this week in honor of the 90th birthday of her mother, Mrs. Margaret Bogart Monfort. Mr. Monfort is in excellent health for one so advanced in years, and is the oldest living member of the historic New Utrecht church on Long Island.

Last Saturday afternoon about 3 o'clock, a blaze was seen coming from the wood-house of Arthur Downs, at Downs Manor. The building was burned to the ground, but the dwelling escaped, as the wind, which was blowing a not-small gale, took the flames away from the house.

Several boats from Connecticut have loaded with potatoes at the Old Mill recently, paying five cents more per bushel than was paid at the railroad depot. The captains say they can buy potatoes as cheap in Connecticut as here, but can get ten cents a bushel more for Long Island potatoes, as the quality is better.

Otto P. Hallock, of this village, finds a good demand for his double and single potato sorters, a patent on both of which was granted Aug. 20 last. The double-end machine fills the bill for car and storehouse use while the single-end machine supplies a long-felt want for general use on the farms. The sack holders on these machines are most complete and are an important feature. The machines are the result of careful study on the part of Mr. Hallock, who has handled potatoes in large quantities for a generation. Mr. Hallock is arranging for the manufacture of these labor-saving and money-saving machines on a large scale and finds that the demand for these sorters is rapidly increasing.

Mattituck

William M. Tracy, the well-known government seed expert, is here this week, looking after the cabbage seed and other matters.

Among those from this village who attended the great automobile race last Saturday were: Arthur Grabie, Robin Tuthill, Peter Wyckoff, F. H. Boutcher and Mr. and Mrs. Philip H. Duryee, Sr.

Editor Reeves of the Watchman says, "Some Mattituck Creek oysters have been received here, and they are 'always up in G.' No finer bivalves can be found on the Atlantic seaboard than the present denizens of Mattituck Creek."

October 21st, 1904

Laurel

Last Friday night a flock of 23 sheep belonging to Ray S. Fanning of this place was attacked by dogs. Twelve were killed and two very badly bitten and the rest of the flock more or less injured. Assessors John T. Hallock and Howard B. Tuthill came down Saturday and appraised the damage at \$65, which is charged against the town.

Mattituck

Mr. and Mrs. Nat S. Tuthill have cards out for one hundred guests for this Friday evening. Dancing and cards are to be features of the entertainment.

There were about one hundred present at the silver wedding anniversary of Mr. and Mrs. Conrad Grabie last week Friday, and the affair proved very enjoyable. Rev. W. I. Chalmers, of Riverhead, who married them, and Mrs. Chalmers were among the guests.

Harry Rose, of Sayville, is the champion oyster opener here. The young man thinks nothing of opening forty gallons of solid oyster meat a day. He is employed by Charles L. Fordham, of Greenport. Miss Sadie Albin has the honor of being the swiftest opener of escallops. She opens fifty quarts daily, for which she receives \$3.00.

November 4th, 1904

Mattituck

November 11th, 1904

Laurel

Arthur & Tuthill have installed a heating system in the residence of John Meese. Hot water will be used.

Mr. and Mrs. Atmore Young will celebrate their 30th wedding anniversary, by entertaining a party of relatives and friends tomorrow (Saturday) evening.

John Meese has a lemon tree which produces fruit of unusual size. Two lemons recently picked from the tree measured fourteen inches around each and were of fine quality. Can anyone beat this?

Mrs. L. W. Schwenk lost a very valuable horse recently.

November 18th, 1904

Laurel

Mr. and Mrs. I. Atmore Young gave a large reception at their home in this village, last Saturday evening, in honor of the thirtieth anniversary of their marriage.

Mattituck

Mr. and Mrs. Charles Ammermann, of Brooklyn, are the guests of Mr. and Mrs. Otto P. Hallock. On Monday of this week, Mr. Ammermann shot an immense fox on the Sound Cliffs, which he is to have mounted and will take to his home in Brooklyn. ‘

November 25th, 1904

Mattituck

Mattituck, a pretty little village, rejoices in the possession of a beautiful new hall and library, in one building. This was made possible by the generosity of one of her most worthy sons, Mr. Frank M. Lupton, of New York City.

Laurel

A large company of friends of Miss Justena Meese, of this place, tendered her a surprise party, at her home last Friday evening...

Mr. and Mrs. W. N. Fanning and family are visiting Mrs. Fanning's parents at Lake Grove.

Laurel people congratulate themselves on having for their pastor, Rev. W. H. Seely, who is very popular with his parishioners.

The cousin's annual reunion was held this Thanksgiving at the home of Robert Wells of this place. Among those who gathered around the festive board were: Mr. and Mrs. Robert Wells, Mr. and Mrs. Atmore Young, Mr. and Mrs. Benjamin P. Young, and Howard Young of Laurel; Sheriff and Mrs. H. H. Preston of Riverhead; Mr. and Mrs. R. G. Duvall of Shelter Island; Mr. and Mrs. W. B. Hedges of Patchogue; Mr. and Mrs. Frank Reeve of Aquebogue. The next gathering will be at the home of Benjamin P. Young.

December 9th, 1904

Mattituck

Steam heat has been installed in the Mattituck House. Riley Bros. have certainly made this hostelry up-to-date and are continually adding to the value of their valuable property.

December 23rd, 1904

Mattituck

A large number of our young people enjoyed a sleighing party to Jamesport Tuesday afternoon and evening, where they stopped at the Hotel Miamogue and partook of a fine dinner, and the evening was spent in dancing.

County Review Notes 1905

January 13th, 1905

Mattituck

Work at the ice-houses began Wednesday. The men demanded 20 cents an hour and got it. D.A. Young has recently bought a lot of Herbert Conklin, and it is said that he will soon erect a building thereon.

LeRoy Reeve's house is well on toward completion, and now it is said that LeRoy will soon become a benedict.

James Kirkup's new house is also well on toward completion, under the supervision of Boss Lester Gildersleeve.

Assembly Hall is nearing completion and soon arrangements for a grand dedication will be made. The hall and library is a great addition to Mattituck. The total cost of the property will reach near \$30,000.

There is talk of establishing a State bank here with a capital of \$25,000. A committee has the matter in charge and is seeing who will subscribe for stock and become patrons, should the bank start. There is a splendid room in the new library building where the bank will be located, should its promoters be successful. Certainly Mattituck is on the move.

January 20th, 1905

Laurel

John Meese has sold his farm adjoining the property of Samuel Carpenter to the latter gentleman. Consideration not given.

John McGoey, of this village, a section foreman on the Long Island Railroad, was attacked by a gang of Italians, at Broadway, Flushing, tuesday afternoon and received several scalp wounds. Mr. McGoey was afterward brought to Riverhead, where Dr. Payne dressed his wounds, and later came home. Mr. McGoey says he does not know why he was assaulted and the first intimation he had that there was trouble was when one the men stole up behind him and struck him on the back of the head with a big chisel. For a few minutes things were lively, some of the Italians present took sides with Mr. McGoey and helped to subdue their countrymen. No arrests were made.

January 20th, 1905

Mattituck

Frank Tuthill has sold his farm at Laurel to Riley Bros. Terms private.

John M. Lupton is the President of Library Hall, and Charles Gildersleeve Secretary and Treasurer. The building will be formally opened Feb. 16th, when everything will be complete and open for inspection, and a fitting program is in course of arrangement.

The Bank seems now assured. At a meeting of the Board of Trade at Klein's drug store Monday evening, the committee appointed to ascertain the public sentiment regarding a State bank here, reported most favorably. Committees for the villages of Southold, Cutchogue, New Suffolk, Oregon and Sound Avenue were appointed and \$7,500 worth of stock was subscribed

at the meeting. The matter will be pushed right along, and it is evident there will be no trouble raising the capital stock of \$25,000.

February 24th, 1905

Mattituck

Mattituck Council, No. 34, Jr. O.U.A.M. is making great preparations for its annual ball and banquet to be held in Library hall March 2nd.

At a meeting of the stockholders here last Saturday afternoon, the following were chosen directors of the new Mattituck Bank: Charles B. Wiggins, Greenport; S. L. Albertson and Samuel Dickerson, Southold; Robert Jefferson, Peconic; Henry Kaelin, Cutchogue; Charles H. Aldrich, Charles Gildersleeve, J. M. Lupton, Arthur L. Downs, William H. Hudson, Nat S. Tuthill, Amos Silkworth, Herbert R. Conkling, Mattituck; Charles J. McNulty and George A. Penny, Laurel. The meeting for the election of officers is to be held this afternoon.

March 3rd, 1905

Mattituck

Harry Jackson, formerly cashier in Hudson's restaurant in Brooklyn, has rented the cottage of J. Klein, and moved his family to that place last week.

The directors of the Mattituck Bank at a meeting last Friday afternoon elected the following officers: President, John M. Lupton; Vice President, Nat S. Tuthill; Secretary, Charles Gildersleeve; Cashier, E.D. Corwin of Peconic. The same men compose the finance committee. It is expected to open the bank's doors for business about April 1.

March 17th, 1905

Mattituck

Largely through the efforts of George H. Fischer, our village streets are to be lighted and we are to have a night watchman, two things very much needed in our village. Last Saturday night shutters and other movables were taken off and thrown into the mud puddles by boys who ought to be home. Our Justice of the Peace has received complaints but has failed to act because of the absence of proof. Whips and horse blankets have been taken away from sheds and mud and dirty water thrown on store windows and depredations committed which ought to be stopped. If a night watchman will stop it, let's have him right away.

Mrs. George B. Reeve has presented to the Mattituck Public Library a pair of handsome andirons.

March 24th, 1905

Mattituck

At Patchogue, Wednesday, at high noon, Wesley Raynor, a prosperous young farmer of this village, and Miss Mary Emma Wilson, of Patchogue, were married by the Rev. J. W. Maynard. The ceremony was performed at the home of Mr. and Mrs. John Conklin, aunt and uncle of the bride. After a short wedding tour the happy couple will make their home in this village.

April 7th, 1905

Mattituck

Mrs. James H. Wines is having the interior of her home redecorated and extensively improved. M.G. Wines is doing the carpenter work and Justin Randolph the decorating.

Fred H. Boutcher has resigned his position with Goldsmith and Tuthill and will farm it this year at Oregon.

Robert H. Lahy has rented the store in Library Hall, and is having it fitted up in first-class style for a drug store. He expects to open May 1st.

Arthur Grabie has returned from Easton, Pa. where he has made a study of the automobile and is now prepared to make repairs on all machines.

April 21st, 1905

Laurel

F. W. Hallock, who has been traveling for several weeks in the interests of the Mattituck Seed Co., is at home.

The peach orchard of George B. Woodhull has been sprayed and put in order by Prof. F. A. Serrine, of Sound Avenue.

May 5th, 1905

Mattituck

Through the efforts of the Suffolk County Produce Growers Association, the Long Island Railroad Company have agreed to put on a fast asparagus express freight to leave Mattituck at four o'clock each afternoon to carry perishable produce to the city markets. The officers of this association are: President, Arthur L. Downs; Vice President, Charles H. Aldrich; Secretary and Treasurer, John G. Downs.

P. Harvey Duryee had the honor of opening the first account in the new Mattituck Bank, which opened its doors this week. Over \$10,000 was deposited during the first two days.

May 12th, 1905

Laurel

J.T. Young is building a large kitchen to his residence.

Dr. Eugene Fuller, of Manhattan, who recently purchased the old Thomas Young property, was here this week looking over the place.

Rev. Robert Rogers and Dr. Townsend were at Mr. Roger's cottage on the bay a few days this week.

John C. Wells has a number of people bunching asparagus which is sent to New York. A number of the farmers send it to the Mattituck factory.

Mattituck

Morris G. Wines has accepted a position in Sayville, with Robert Nunns, contractor and builder.

May 19th, 1905

Mattituck

An exciting runaway took place Tuesday afternoon. A team on the Standard Oil wagon driven by "Gus" Cleaves got loose and started from the Mattituck House barn at a furious pace. The

six-year-old son of Charles E. Craven came along just about then on a bicycle and was in the path of the runaway team. Seeing the cellar door at John C. Well's open, the little fellow jumped down just in time to save himself. The wheels of the heavy wagon passed over the cellar door and the boy's wheel was smashed. One horse fell at that point, so the runaway was stopped.

Mr. and Mrs. Frank Lupton, of Brooklyn, were in town last Sunday. Mr. Lupton's health is very much improved and the family intend spending the summer at Mo-mo-weta, their beautiful cottage on the lake.

Mr. and Mrs. Truman Farrell, of Southampton, have opened the Old Mill for the summer season. This is an ideal spot for picnic parties.

Miss Ethel Boutcher had a narrow escape from an awful death on Thursday of last week. She was driving along the road on Dr. Klein's estate, when a Polish man, who was felling a large oak tree, let it fall over the road. It crashed directly over the wagon, completely demolishing it and pinning Miss Boutcher in between the branches. It was a miracle that she escaped with only a few slight bruises.

Ad on Pg. 5

On the north side of Peconic Bay, adjoining the property of Admiral Sigsbee. This tract of twenty-five acres is the most beautiful piece of shore front property now being offered for sale on the eastern end of Long Island. High, level land, near the shore with a beautiful grove of oak trees. Above mentioned property is one half a mile from the Mattituck railroad station and would make a beautiful site for a country house or boarding house. For price and full particulars apply to Edwin D. Fishel.

May 26th, 1905

Mattituck

The plans for the bridge over Long Creek at Mattituck are being prepared by Civil Engineer A.R. Applegarth of Patchogue and will be completed soon. It will be a sixty-foot plate girder span bridge eighteen feet wide and the estimated cost is \$4,400. There will be substantial concrete abutments and the construction of the bridge will be under the supervision of Mr. Applegarth. Bids will be advertised for in about 2 weeks.

June 23rd, 1905

Mattituck

The Windamere and the Harbor Hotel are being improved by the addition of three new bath rooms with a Fairbanks pumping engine. A fine new dock is being built and a bowling alley 127 feet long. Proprietor Klein hopes to have the bowling alley open July 4th.

July 14th, 1905

Mattituck

Wickham R. Gildersleeve has taken a position with Robert Nunns, the well-known builder of Sayville, and left for that village this week.

A. Harry Benoit of Jamaica has purchased the property of Mrs. Mulroy on the Creek and will make extensive improvements to the place.

July 21st, 1905**Mattituck**

Work upon the new iron bridge over Long Creek was begun Wednesday and is going to be a great improvement.

The Traveler says, Col. Livermore of the U.S. Corps of civil engineers was here last Thursday inspecting the creek channel and said it was the intention of the government to build another jetty for the breakwater off Mattituck Inlet early this fall, that it was surely to be done and other improvements would quickly follow. Col. Livermore came here in a large government steamer anchored at Mattituck and made a thorough inspection of the field of operations.

July 28th, 1905**Laurel**

A family re-union took place at the house of Mr. P Mahoney on Sunday July 23rd, it being ten years since the last family gathering. One could see that Providence had dealt kindly with them in the past, as the oldest member is 73 years of age, the youngest 58 years, and each looked as if they might enjoy many more reunions. Those who compromise the family are Mrs. Mary Carey, Peconic; Mrs. Annie Hayes, Greenport; Mrs. John Gilson, Mattituck; Mrs. Wm. Mullane Palisade, N.J. and Mr. P. L. Mahoney, Laurel.

August 4th, 1905**Mattituck**

William H. Hazard has purchased the first trotting horse, Golden Rock, and a fine rubber-tired wagon for his wife to use.

Mrs. Ida Farley, an actress well known in the West, Boston and New York, is stopping at the Glenwood this summer with her two children.

Mrs. M. Alice Taft has purchased the Betsey Jane Tuthill house and will remove it to the lot recently purchased of Mrs. Gilman. Mrs. Taft will make extensive improvements to the house. Report says that Mrs. Taft will teach at Montauk the coming season.

Laurel

The row boats and bath houses of John Husing are well patronized by borders from Mattituck and other places.

August 11th, 1905**Mattituck**

Bass and black fishing at Gildersleeve's Reef and the Breakwater is reported very good now, and some excellent catches have been made.

The grading of hills, filling in and loaming on Factory Avenue have been completed and that very important crossroad is now in fine condition for travel. The work was done and is a credit to the contractor who had charge of the work.

The annual picnic of the Presbyterian Sunday School will be held at Husing's Grove on Thursday, August 17th. The regular boat sailing, ice cream, luncheon, etc. will be in vogue and a large attendance is expected.

A L.E. Christianson of New York has purchased the Drum property on Oregon Road. Mrs. Christianson is a sister of Mrs. Isaiah Reeve of this place.

About twenty-five persons engaged a water-melon party at William V. Duryee's Bungalow at the Sound, last Friday evening.

The N.Y. and N.J. Telephone Company have changed the central office to Cutchogue. The office takes in Mattituck, West Mattituck, Oregon, Cutchogue, and Peconic and will be open for business day and night all year round. Miss Garvey, who has been in charge of the office at this place, will be chief operator and will have two assistants, one for night service.

The old house purchased by Mrs. M. Alice Taft of "Aunt Betsey Jane" Tuthill has been moved to her lot. Mrs. Taft intends storing her furniture in the house and contemplates extensive alterations to the property in the near future. This old house was originally built at Cutchogue and was moved to the ground now occupied by Fischer's ice house from there it was moved to the property of Justice Pike and now its present location.

Laurel

Ray Fanning has had large scales put in the station. It is his intention to go into the produce business with Emerson Taylor.

August 25th, 1905

Mattituck

It was an oversight on our part last week in saying that Judge Ryan was to have a cottage built on the Bay. It should have read Judge Haggerty.

Captain Willis Tuthill has sold the cat-rig Estelle and has purchased quite a large sloop from the South Bay which will be used in the escallop business.

F. M. Lupton has made the Free Library here a present of some 156 volumes of fiction, poetry, history, and travel. A large percentage of juvenile books are among them, which will be welcomed by the young people who are among the best patrons of the Library.

Boss Floyd S. Ruland has the ground broken for a small house for renting purposes on his property between the house now occupied by James Jones and Hudson & Co's factory. We understand he has a tenant for it as soon as completed.

At the railroad station the company is erecting an express shed, a much needed improvement. The east stand pipe is also to be moved a few rods west so that the engines when taking water will not have to stand on the crossing.

Last Friday as the Shelter Island express went through this place at a high rate of speed, Charles M. Robinson had a very narrow escape from being run over. He did not see the approaching train, and his horse was almost on the track at the crossing near Gildersleeve's store. Louis Gildersleeve, the assistant station agent, caught the horse by the head and had it not been for the presence of mind and prompt action of young Gildersleeve, a serious accident would have occurred.

We don't know how our good friend Charles Aldrich will appreciate it as being mentioned as a Polish man in an account of the transfer of the Mayo farm in one of our county papers, but we

don't wonder so much at the mistake occurring, as nowadays when a farm is sold it is generally to a Polish man, but in this case we understand Mr. Aldrich has purchased the farm with the intention of having his son occupy it in the near future. We certainly are glad to see now and then a boy who thinks farming is good enough for him. If there were more of this mind, there wouldn't be so many foreign real estate transfers.

Guests of the Shady Point House were terror stricken recently when they saw little Robbie Lankenaw , aged seven, coming up from the creek carrying an immense live black snake by the tail "Look mama, see this big eel," cried Robbie as he came in sight of the hotel veranda. Mamma gave one look and screamed. The other boarders looked at the snake with its "stinger" projected far out of its mouth, and some of the women and girls nearly fainted while the men looked on with terror. Robbie was at a loss to know what it all meant, but he dropped the reptile after Mr. Dubois, the proprietor, had secured a big club and approached to kill the monster. Robbie had been playing on the shore of the creek. He had seen and heard about the Mattituck eels and how large and fat they were, and so when he saw the big black snake near the edge of the water, lying there in the sun, he thought he had a prize, and he quietly stepped up and took it by the tailjwjw, and with an air of pride started for the house. The snake measured four feet, two and one-half inches in length and is one of the largest specimens about here in some time. This species of snake has a poisonous sting, and it is the greatest wonder the boy was not bitten.

The Presbyterian Sunday School picnic which was held at Husing's Grove last Thursday was a great success and largely attended. Many enjoyed the pleasant sails in Capt. Ollie Chase's yacht in the afternoon. On the same day the guests of the Conkliling cottage went on a picnic and straw ride to Sound beach and on the same day the steamer Elk from New Haven came into Mattituck Creek with a party of excursionists from the city.

September 1st, 1905

Mattituck

Wickham R. Gildersleeve, who has been working for contractor Nunn's at Sayville, has returned home and will be employed with his father, Boss Lester Gildersleeve, on Judge Haggerty's new cottage.

On Sept. 22nd, the Jenkins Orphanage Band of Colored Boys will give an entertainment at Library Hall. This company have given entertainment before which has been very satisfactory, but the full company of 22 will be present.

Lightning last evening struck the residence of Robert W. Wells at Laurel, breaking some windows and slivering off a piece of cornice but doing no further damage.

An enormous set of young scallops is reported all along the bay shores and in the bay creeks. They are small and will not be large enough to open before next season. Mattituck creek oysters promise to be very fine this year.

George H. Fischer is having his tank house and tower enclosed with shingles and other minor improvements, which add greatly to their appearance of the exterior, besides making convenient room for storage.

Mr. & Mrs. Samuel Johnson and son, Miss Smallstich and William J. Campbell, of Brooklyn, are spending a vacation at Seymour Tuthill's.

Boss S.F. Ruland and assistants are making rapid progress with "Betsy's Rest," the new bungalow which they are building between the Jones' House and Hudson's factory, and it will only be a short time before the tenant, Aunt Betsey Jane Tuthill, will be in possession and will no doubt find a pleasant and comfortable little home.

Mr. Ogden and family, who have been camping this summer upon Mr. A.L. Downs' bay front, have struck their tents and returned to the city.

September 8th, 1905

Laurel

School will begin here on Monday, September 11. Our teacher this year will be Miss Lulu Newton.

Miss Justina Meese and John Benjamin left today for New York, where Miss Meese will spend the winter. Master Benjamin will enter St. Francis Xavier School at this place.

A little Polish girl by the name of Susie Lavinski died on Sunday, Sept. 3. Her parents occupy the place recently owned by J.M. Petty.

September 8th, 1905

Mattituck

At the new Long Creek Bridge work is progressing finely, both abutments are finished and the work of filling in the approaches with loam is nearly completed and if there is no delay in getting the steel work here, the bridge will soon be ready for use.

P. Harvey Duryea, who has a large number of small boats for rent and sale, has with the assistance of George Nine put in a set of light marine railway suitable for hauling small boats, launches, etc.

Beach plum excursions to the Sound are now becoming popular. The plums are said to be very good this season.

Rev. W. A. Wasson has sold his sloop, Percy, to Capt. Anson Peterson, who will put the boat into the escallop business under the command of Capt. Jesse Owens.

James J. Kirkup and family will soon move into their new house on Pike St. Frank Mulford, who for a number of years has been foreman at Maratooka Farm, will have charge of Mr. Kirkup's farm in East Mattituck.

Snapper fishing has been very good here lately. "Dud" Pike, one of the crack anglers of this place, with two friends hooked 105 in one day last week.

David C. Sleight is doing the painting on the new house Mr. Ruland is building in the western part of the village.

Mrs. E. K. Morton's Select School will open, we understand next Monday.

Escallopers report very poor success, only being able to get from 6 to 8 quarts per day to a boat. However, the bottom is very foul in some places and perhaps after a heavy storm when the stuff goes ashore they may be found in larger quantities.

Mattituck Creek oysters lived good through the summer, made a rapid growth and are in fine condition now. Planters regret they could not have obtained seed last spring.

A gang of men are here this week changing the east stand pipe at the R.R. station several rods west so that engines may take water without standing on the Oregon crossing.

J. Wood Wickham has the contract to erect a windmill for water supply at Judge Haggerty's place on the Bayshore.

The Board of Trade met at the Trustees' Room, Library Hall, and was largely attended. Numerous plans for village improvements were discussed, among them was the widening of Love Lane and making it a public thoroughfare. No definite action was taken at this meeting but undoubtedly something will be done in the future. Where there is much smoke there is sure to be fire.

Mattituckers are rejoicing over a new piece of good fortune that has fell to them in the way of a new appropriation for the improvement of Mattituck Creek. This is large enough so that with some money formerly appropriated, what was left over will make a total of about \$20,000. This judiciously expended, it is said, ought to repair the jetty already built on the west side and build the east side jetty, besides leaving some dredging. And now the Mattituck Transportation Co. expect to see a steamboat line from this place to New Haven, Conn., in the near future, and this will mean a boom in real estate for Mattituck. Your correspondent was talking with a party of excursionists from Connecticut a few days ago, and two of the party said that as soon as the creek was improved they intended to buy lots somewhere on the shore and put up summer cottages and there would certainly be others. Besides this, our merchants and farmers ought to derive considerable benefit by being in connection with Connecticut markets.

September 15th, 1905

William A. Young, a young man who for a number of years has been the faithful employee of Patrick McNulty of Oregon, on his farm, is now very ill with typhoid fever and grave fear is entertained for his recovery. Mr. McNulty has employed a trained nurse to care for him.

Harry G. Cox, who for a number of years has leased the Joshua Young home at the Neck, will move with his family this fall into the house formerly occupied by his grandmother, the late Mrs. Bethiah Cox.

A representative of the L.I.R.R. was here last week, trying to secure options on land to put in a new siding.

Boss O.C. Corwin has the contract for the mason work on Judge Haggerty's new cottage. With two such capable men as Boss Gildersleeve, carpenter, and Boss Corwin, mason in charge of the construction, Mr. Haggerty may be assured of good work.

President Peters of the Long Island Railroad and Mr. Coe, a banker of Ohio, came here yesterday in a special car and were driven to the new dock of the Transportation Co., at the old Mill. From there they were driven by liveryman Zenzius to Wading River. The object of the visit was to investigate some land with a view to purchasing.

Escallops are scarce hereabouts, and prices average \$1.00 per quart. Mattituck Creek oysters

are excellent in quantity this year, and prices remain as last. Orders for them by quart, peck, or bushel may be left with A. C. Penny.

Several vessels from Connecticut have been loading potatoes at the Mill lately. Long Island produce is always in demand in Connecticut markets.

F.M. Lupton, who is always doing something nice, saw that the supply of juvenile books was limited in our Library, so he has just made it a present of a complete set of Horatio Alger, Jr's works. The Library has just added 85 new volumes purchased from the Tabard Inn Library. Miss Esther Leslie Reeve has made the reading room a present of a complimentary subscription to the Modern Woman, a bright and interesting magazine.

Joseph Moore, who for a number of years was in business at Branford Conn., entertained a large party of old friends from Branford last Wednesday. They came to Mattituck by steamer.

There has been considerable agitation here lately over a proposal to widen Love Lane and make it a public highway. This is one of the prettiest little streets in Mattituck, leading from the corner of the Oregon Road to the shore of the Creek. The property on both sides of the street was one time owned by the late Samuel Brown, who gave the town a right of way to the Creek, but the records do not give the boundaries so that it can be accurately determined where it is. Some claim it to be the present Love Lane, and others say that it is farther to the west. The present Love Lane is about 20 rods wide and perhaps 20 rods long. On each side are neat dwellings and fine old shade trees and spacious, well-kept yards in front of the house. Two of them are owned by Mrs. Sylvester Hazard and one by Mr. Benoit, recently purchased of the Mulroy Estate, and the other two by Mrs. Imogene Robinson and Mrs. Patrick Shalvey, respectively. All of these except Mr. Benoit have held this property in undisputed and unmolested possession for years and of course have always found the street wide enough and suited to their purposes. Ever since the writer remembers, this pretty little street has been the rendezvous for young couples and older ones who find a bit of romantic pleasure in strolls on its pleasant path to the water. No doubt from this originated the name Love Lane. But the march of time and progress is sure to bring changes to the most secluded spots and now the advent of progressive improvements looks forward to the time not far in the future when there will be a dredged steamboat channel to Mattituck village and a dock at the foot of Love Lane. This would of course necessitate the widening of the street and making it a public highway, and with this end in view a committee from the Board of Trade recently went out to interview the landholders there.

Mattituck

Mr. Benoit's family left for their city home last week. They express themselves much pleased with their first summer in Mattituck and expect to make many improvements to their pretty place at the foot of Love Lane next summer.

At J. L. Reeve's grocery during the past summer there has been on exhibition a Mission Clock. Any purchaser of a certain brand of cigars had a chance to guess the number of beans in a jar on the counter. The one making the nearest guess won the clock. Our expert horseshoer, Raymond Terry, proved to be also an expert guesser and won the clock. His guess was 2, 837. The exact number in the jar was 2,855.

Mrs. E.K. Morton's Select School opened this week with a good attendance of pupils.

It was noted in the Mattituck news of the Watchman that Michael Ambrose, which was probably meant for Armbrust, has sold his farm at Sound Avenue and intends moving to the South.

It was with deep regret the people of this place learned of the sudden death of Benjamin H. Cox, a well-known farmer of Cox's Neck. Mr. Cox has not been well for some time and on Sunday night he was taken violently ill and died on Monday about 4 p.m. Drs. Morton of this place and Peterson of Cutchogue were called in attendance, but little relief could be given, and the patient suffered extremely to the end. Mr. Cox was a man well known and much respected in the community and the deepest sympathy goes out to the bereaved family. He leaves a wife, two sons, Benjamin Jr. of Riverhead, the son of his first wife; Edgar, and three daughters, Gladys, Mildred and Eunice the last four being children by his present widow.

It is said that the new purchaser of the Mulroy property at the foot of Love Lane, Mr. Benoit, has in papers transferred to him an old deed which gives him possession of the creek bottom from his property to the old mill. It seems strange that such a deed should be given, but if such be the case and should he test the validity of the paper, it would no doubt develop some very interesting features. At present much of the bottom in question is now held by oyster planters.

F.M. Lupton will this fall dispose of all the horses in his stables, with the exception of the work horses used on his summer place here, and has purchased for his city home a Columbia Electric Auto. For his country place here he will have next summer a steam auto. His yacht, the Momoweta, went out of commission last week and went to Port Jefferson to lay up. Mr. and Mrs. Lupton will return to their city home very soon.

Henry J. Reeve of West Mattituck is making arrangements to have a hot water heating plant installed in his residence this fall.

Mrs. Jane Hollenbeck has leased the small house belonging to Mrs. Donovan in the western part of the village and will make her home there.

David Sleight is painting Louis Dohm's cottage on Love Lane.

Laurel

Laurel farmers are complaining about the Lima beans being very scarce.

James Woodfield is now the U.S. mail carrier of Laurel.

The Laurel Presbyterian Church will reopen Oct. 1, which will also be communion service.

Mattituck

Judge Haggerty and his friends, Mr. Marlborough and Lawyer Hughes, were in town Sunday at the Mattituck House, looking over the building of Judge Haggerty's new cottage at the Bay, which is now well under the process of construction.

The vessels that came from Connecticut to load potatoes have made a custom of loading at the Mill Bridge, and often the roadway across the bridge has been blocked with sacks of potatoes, making it very bad for anyone going across the bridge and now that the Mattituck Transportation Co. have their dock built. It is not at all necessary for vessels to load at the bridge.

Commissioner of Highways, Geo. H. Fleet, has forbidden any more loading at the bridge and will have notices posted to that effect. A very good move.

Aunt Betsey Jane Tuthill is now snugly domiciled in her new home, and we wish her many happy days.

Pumpkins were quoted at \$6 at Squires Pike's Court last week. Pretty high, so thought some young men who went out one evening in quest of watermelon but meeting with poor success came upon a patch of pumpkins belonging to John Williams, a colored man who does a little garden farming in a small way, and they proceeded to demolish the pie fruit. Williams was too smart for them and last Saturday they were summoned to appear at Squire Pike's Court, where a fine of \$5 and costs was imposed.

Considerable talk has been current here about a Union School that could be made a High School and the scheme of uniting with this end in view the present Mattituck, Oregon and West Mattituck districts. Considerable opposition is apparent in the outlying districts, as it is feared that it will raise the taxes in those districts. On the other hand, some contend that if the districts were united, one good school could be supported at less expense than 3 inferior schools, which we believe is the right way of looking at it. This experiment has been tried in some sections of the New England States, and it was found that they could not only support one large school with high graded departments cheaper than several small schools, but could also go to the expense of hiring teams to pick up the children from isolated points and take them to the school and return, and yet keep the tax ratio at the same as formerly. Certainly this is a matter well worth looking into. Anything that tends to higher education for the masses is worthy of approbation. We are justly proud of our beautiful library, with over 2,000 volumes, but the impertinent question was put to us the other day, which would be the most benefit to a village, a fine library for which nine-tenths of the books taken out are fiction, or a school where a child may start from the primary and come out prepared for college or business life? All the answer we could give was, we are glad we have the library and now why not work for the school?

Some curious facts are sometimes brought to light by looking over old deeds. Charles Gildersleeve, of this place, in looking over some papers of the Andrew Gildersleeve estate found a deed for a piece of meadow land adjoining the present road across the Old Mill Dam, and upon investigation, it was found that this highway encroaches upon this meadow land some six feet. Mr. Gildersleeve remarked that he would not have the highway removed this fall.

J. Ernest Howell, formerly a grocer here, and most recently in the shoe business at Southold, has a position now with Goldsmith & Tuthill of Cutchogue.

The iron work for Long Creek Bridge from the N.J. Bridge Co., of Manasquan, N.J, arrived here on 3 flat cars last Saturday, and the process of unloading and hauling to its destination is in process this week. The hauling is done on large sliding skids similar to house moving. Each one of the two large girders weighs seven tons each, and but one can be hauled at a time and it is very slow work.

Two power boats and one sloop loaded produce at the Old Mill this week for Connecticut.

John Husing, one of our enterprising farmers, is shipping considerable quantities of green corn to his grocery stores in Brooklyn. Mr. Husing says this is a good paying crop if it can be raised to go on the market just before the frost. From the first to the last of this month it was sometimes

selling as high as \$2 to \$2.50 per sack of 100 ears.

David Sleight has just finished painting the house belonging to the Mattituck Transportation Co. near the Mill and is now painting Mrs. Hazard's place on Love Lane.

Tuthill Bros. are painting F. M. Lupton's summer cottage, Momoweta on the bay shore. Boss F. S. Ruland and assistants are making considerable repairs to the feed and farming implement warehouse of H.P. Tuthill.

Charles Wickham has sold four acres of Bayfront property to R. E. Henningham of Brooklyn, who will erect a fine residence there.

Some very large specimens of menhaden are caught in Mattituck Creek this fall. An old fisherman tells us that they are what are by menhaden oil manufacturers, 20 gallon fish.

A new shed has been built over the west end of the platform at the R.R. Depot.

Mattituck

We understand that Alonzo Carter, who has filled the position of gardener for F.M. Lupton, has resigned, and Ross Cooper will act in that capacity next year.

Boss F. S. Ruland and assistants have been making considerable repairs to John Wolff's residence in the western part of the village.

Frank Robinson of Patchogue, formerly of this place, is at Henry J. Reeve's place, West Mattituck, installing a hot water heating plant there.

We learn that the approach to the Transportation Company's dock is not sufficiently strong for a heavy load; one farmer told me he got stalled there the other day with a load of fifty bushels of potatoes.

School Commissioner Howell was here Monday and appointed Barnabas O. Robinson as trustee of Oregon school district in place of W. V. Duryea, who was elected but refused to serve. Charles W. Wickham, of the Maratooka Farm, has the finest six acres of cauliflower in this vicinity. We also hear Mr. Wickham is to have a survey made of his Bay front property. James Lindsay of West Mattituck, a farmer, and who also runs a small milk route to the village, got up early last Friday morning to milk. He smelled smoke and upon investigation he found the fireboard and woodwork around it, and also a frame of clothes standing near, in a blaze. His timely discovery and prompt work put out the blaze, but had he been a few minutes later, Mr. Lindsay says, it would have been impossible to have saved the house. Moral--use iron fire boards.

Work on the Long Creek Bridge is progressing rapidly. The heavy street girders are in position and the tram work of the roadbed is being placed in position. This will be covered with concrete and then loamed. In order to expedite matters, the bridge builders worked all day Sunday, and consequently there was a large crowd of sightseers all day. As one bystander was heard to remark, "The Bridge has a larger congregation than the churches."

The Connecticut boats are still doing a thriving business, buying and loading potatoes. Warned by Commissioner Fleet's notice, they no longer use the bridge, but we hear they block up another part of the highway with their business. They will not patronize the Transportation Co.'s dock because they require a small wharfage fee. We hear there is some talk among the Oregon farmers of chipping in and building a public dock that will be free to all. We do not care to have any part in the controversy, but wouldn't it be cheaper in the end to patronize the Transportation Co.'s dock?

Mattituck School District No. 9 is now in a flourishing condition. The bonded debt has all been paid and this year, notwithstanding an increase in teachers' salaries in two departments, in order to secure as good instructors as possible, and the installing of a new steam heating plant, the tax rate will be lowered to 55 instead of 67 last year. Mr. Sweeney, the new principal, is giving excellent satisfaction, having the combined good qualifications of a capable instructor and a good disciplinarian. We have every qualification now at our door for making a Union School here. All the higher grades can be studied and would it not be to the advantage of all to secure this as early as possible? A consolidation of the several districts will in time make a far better school with no larger tax rate and perhaps it may prove, as in other sections where it has been tried, to be even lower.

October 20th, 1905 - pg. 2

At Mattituck, the farm of Mr. Armbrust, consisting of thirty-eight acres, has just been sold for \$7,500 simply because it had an asparagus bed of four acres that is cutting more than one thousand dollars' worth of asparagus annually, and has been for the past two years, and it has not reached its limit of production, it being a young bed. This farm has generally been considered "rather light" and not one particle better than is seen from the Long Island Railroad from Riverhead to Hicksville.

Mattituck

The bridge builders finished their work at Long Creek last Thursday and the Bridge is now open for travel.

A jolly party of young people gave a very pleasant surprise last Friday evening to Miss Ella Blanche Jones, at the home of her parents, Mr. and Mrs. C. T. Jones on Laurel Lane, West Mattituck.

Messrs. Bethuel and Addison Howard have purchased at New Haven, Conn., a 40 ft. boat, in which they will install a gasoline engine and use the same in their fishing business.

The United Brethren Gunning Club opened the season last Monday morning by bagging 47 gay and festive coots on Peconic Bay. They were very fat, and duck dinners were in order that day.

Potatoes were up to 65 cts. here this week and cauliflower shipments have been livelier. Those who have late Lima beans have been getting \$2 to \$3 per bag.

John Adams, manager of the Town Harbor Oyster Company, has been here this week, looking over the oyster beds and other interests of his company in this village. We understand Mr. Adams offers to sell the stock of oysters on the grounds.

The Old Mill is to have a new lessee about the first of November. A man now in the employ of John Zenzius at the Glenwood is to be the new proprietor.

Under the supervision of the State Experimental Station, William H. Satterly's farm, which is on Mill Lane, is considered one of the best cropping farms in this vicinity. A test was made again this year of the results from spraying potatoes with Bordeaux mixture. It was found that on one piece that was shown there was an increase of 77 bushels, on another an increase of 40 bushels, or a general average of 58 and one-half. This, it is claimed, will pay for the expenditure of machinery and material, as well as extra labor, especially where the farmer has a large acreage. The spraying was done at eight different times during the season. The yield per acre was about 300 bushels, which is very good for an off season.

W. L. Broderick, of this place, has a very fine field of carrots which he is now harvesting. It is said they will yield at the rate of 900 bushels per acre.

Ernest Tuthill, who recently purchased the Gottlieb Grathwohl farm, has taken possession of the same, and Mr. Grathwohl will make Peconic his home.

Hudson & Co. opened their factory last Tuesday for canning cauliflower. Their canned cauliflower has a fine reputation. We understand they will put up quite an amount this year.

At James L. Reeve's grocery many alterations are being made to the interior. One great improvement is having the ceiling painted a light color.

The L.I.R.R. Co. are having some grading and loaming done her for a lawn and to otherwise beautify the station ground, a much desired improvement.

More potatoes have been carried from this place this year than any previous year on record. Harbor Master Captain Robinson places his estimate at nearly 1,000 bushels per week. This trade is well worth looking after, and every inducement should be made to keep the vessels coming here. After the improvements are made to the creek, there is no reason why a large part of our farm produce should not be shipped by vessels to Connecticut and other New England markets, and then the railroad monopoly would have to come down a peg.

Nat S. Tuthill has purchased the property in Oregon familiarly known as "Tusten" and contains 75 and one-half acres. The price was \$7,000. Mr. Tuthill will have the property cleared up and improved and make a park of it, and he will also build a Bungalow on the Sound cliffs. This property has for many years laid idle and is now for the most part a dense tangle of wild woods and thicket. There are many handsome large trees on the property and the land is of the very best soil, and some say that it is virgin soil never having been cultivated, while others say that years ago the Tusten's cultivated a portion of it. Capt. Ellsworth Tuthill, one of our oldest residents, says that in his memory it has always been much as it is at the present day. We shall look forward with pleasure to someday seeing the valuable property improved, and what was

once the resort of foxes and other wild animals will become a beautiful park, a pleasure to the owner and all who may have the privilege of enjoying it.

The marriage of Miss Elsie Maxwell Brown to James LeRoy Hallock on Thursday afternoon proved to be one of the social events of the year. (See paper for more details.)

Prayer meetings are held in the parlor of the Presbyterian Church every Friday evening. All are welcome.

Carloads of potatoes are being shipped this week at 85 cents per bushel.

Mattituck

The front stoop at the Presbyterian Church has for some time been gradually dropping down right under the eyes of the Committee on Repairs and now we understand the active, go-ahead ladies of the Sewing Society will soon replace it with a fine, substantial covered porch.

Boss. F. S. Ruland and assistants have built an extension to Otto P. Hallock's Coal and Produce Office.

It is always pleasant to meet with public-spirited men. James J. Kirkup, who is now snugly domiciled in his new and handsome residence on Pine St., has placed in front a nice street lamp which is found trimmed and burning every night.

Next Saturday evening the Lub and Ella Mead-Cake will give one of their ... (illegible line) ...medicine show open a 10-night performance at Apollo Hall.

Otto P. Hallock, the inventor and manufacturer, received a telegraph order this week from Salem, Oregon. Thus Mattituck's manufacturers, as well as products, become well known all over the country.

Last Saturday evening a small party of invited guests met at the home of Mr. and Mrs. C. W. Wickham at Maratooka Farm to celebrate their 21st. wedding anniversary.

The scallop fleet are busy now catching sets and pay as high as 8 cts. per quart for opening. These small scallops sell well in market, however, and bring the baymen big profits.

The wedding of Fred Haslinger of New York, and Miss Elizabeth V. O'Rourke, whose parents reside here, was held at the spacious parlors of the Mattituck House Wednesday evening of this week at 8:30 o'clock. (See paper for more details)

Professor George B. Reeve, farmer, soldier and musician, and his wife, Mrs. Letitia Reeve, prominent residents here, celebrated their golden wedding anniversary at their home Tuesday by a reunion of children, grandchildren, and one great-grandchild. (See paper for larger article)

The winter sociables will commence next Wednesday evening, Nov. 15, in the parlor of the Presbyterian Church. The committee in charge consists of Mrs. Theodore Terry, Mrs. F.W. Hallock, O.A. Atwood and George B. Woodhull.

Boss. F. S. Ruland and assistants are building an extension on the rear of Conrad Gracie's residence.

Boss F. S. Ruland is building a covered porch over the entrance to the Presbyterian Church. Shore fronts are in great demand. Messrs. P. McNulty, James Lindsay and Joseph Cooper, who have fine Sound fronts, have recently been asked to set a price of their properties. Parties from New York and Cleveland, Ohio, are the prospective purchasers.

Addison K. Howard arrived from New Haven this week with his new power boat. She is 37 ft. long and a 9 ft. beam: a very good, seaworthy craft which is to be used by Mr. Howard and his brother in the fishing business.

Mr. and Mrs. Joshua Ackerson have closed their home at Cox's Neck and will spend the winter in Brooklyn.

Mr. and Mrs. H. W. Klein of the Mattituck Harbor Hotel, who recently arrived home from a very pleasant trip to Germany, are now preparing to enjoy a winter's comfort at their pleasant home. Mr. Klein recently had a party of his sportsmen friends from the city out for a gunning trip, and they were fortunate enough to secure some very good bags of game, too.

At the railroad station a fine privet hedge is soon to be planted, and the strip of land that was recently loamed will be prepared for grass, making quite an improvement.

Charles E. Hallock, of West Mattituck, is having a hot-water heater installed in his residence and is adding other improvements to his property.

The marriage of Miss Rose Belle, daughter of Mr. and Mrs. John Riley, to James M. Grattan, of Southold, will take place at Sacred Heart Church, Cutchogue, Thursday morning, Nov. 3, 0 at 9 o'clock, to be followed by a reception at the Mattituck House.

Boss Lester Gildersleeve has a large force of men at work on Judge Haggerty's new cottage. J. Wood Wickham is doing the plumber's work.

Indications at present are that the Mattituck Creek oyster industry will be revived next season, as there is promise of seed being lower and the oysters being so exceptionally good this year. This gives the planters encouragement to try the business again next year. One party alone, we understand, expects to plant 300 bushels.

Library Hall is soon to be furnished with a set of very handsome portieres for the window of its large auditorium.

Carrots are being shipped from here by the carload. The price is 25 cts. per bushel.

Foxes are said to be very plentiful this fall.

Dr. E. K. Morton celebrated his fiftieth birthday Tuesday, and Mrs. Morton gave a party in his honor.

On a site just west of his present residence, George L. Penny has broken ground for a new dwelling house. The new structure will be two stories and is planned to be a neat, tasty and commodious house. The old house will be removed from its present site, but Mr. Penny has not yet decided what disposition he will make of it. He probably will offer the building for sale. The new residence is to stand well back from the street and when completed will make one of the most attractive residential properties in Mattituck.

The Young Ladies' Missionary Society will meet this afternoon with Miss Nellie Wyckoff at Cherry Farm, Oregon.

Mr. Wyncoop, State Inspector of Libraries, visited the Mattituck Free Library on Tuesday. Mr. Wyncoop expresses himself as much pleased with the library and its appurtenances, as well as management.

The Medicine Show at Apollo Hall have good nightly audiences, and there has been quite a lot of fun in it. The nail-driving contest between four young ladies furnished considerable amusement. Miss Mary Brady was the winner and proved herself to be quite an amateur carpenter and besides, she won a handsome prize.

F. S. Ruland will have charge of the carpenter work, and O.C. Corwin the mason work on G. L. Penny's new residence.

Tuesday evening was the last show given by the Medicine Company at Apollo Hall. Mrs. Alzono Carter was the successful guesser of the number of beans in a bottle, guessing the exact number and winning a handsome silver sugar bowl. In the contest for the champion mush eater, "Honey" Mills won. Walter Hallock dealt out the mush, and this contest created much fun and laughter.

The Southold and Mattituck Bowling Clubs had another contest last Saturday evening at the Mattituck Harbor Hotel Alley. The playing was very spirited and closed at 12 o'clock with a score of Mattituck 2889, Southold 2820.

The U.B.'s who have their club house on the bay on Judge Haggerty's newly acquired property, will move soon to a site on J.C. Wells' property near the mouth of Horton's Creek.

We learned that William H. Hudson and his son Joseph B. Hudson, with their families, are expected to spend the winter here. They will probably arrive the first of December and will stop at the Mattituck House while here.

In the library a number of handsome etchings, the gift of Architect Pettit, have recently been placed on the walls.

Perry S. Robinson of North Mattituck, has had a new kitchen added to his dwelling house and also considerable improvements made to his outbuildings.

Several months ago Jacob A. Brown, the well-known horse dealer of Mattituck, sold a horse for \$150 to a party out of the place. A few days ago Mr. Brown was traveling on the railroad when a man came up to him and, shaking hands, offered Mr. Brown a \$100 bill with the explanation that the horse, which a few months ago before he had bought for \$150, he had just sold for \$5,000. Mr. Brown, however, refused the money, saying he always made it a rule never to take more than the bargain price for a horse, no matter how valuable it turned out afterward.

Sound-view waterfronts are still booming. I.N. Teed of Oregon, has just refused a handsome offer for his farm at Oregon.

The business of the Mattituck bank is steadily increasing, and Cashier Corwin is soon to have an assistant. The bank is growing faster than even the most enthusiastic supporters of the institution predicted.

Mrs. Mould has closed her handsome country residence near the bay and leaves it in charge of caretaker C. Foster. Mrs. Mould will spend the winter at Richmond Hill., L. I., where she has a handsome residence now in process of erection.

Tuesday afternoon about an acre of woodland belonging to William Tuthill in the western part of the village was burned. Three dwelling houses nearby were in danger from the flames, but the prompt action of those living near soon subdued the blaze. The fire is thought to have been started by a careless smoker. This is the fifth fire recently started in this way in the woods, and caution should be used before serious damage results.

Joseph Moore has built a commodious hennerly on his farm on Suffolk Ave., and is making other improvements.

Three bright and shining barrels, filled to the brim with fancy short-trimmed cauliflowers, were shipped by the Long Island Cauliflower Association this week. In place of the usual hieroglyphics usually seen on the cauliflower barrels, these were artistically marked by P. Harvey Duryea, the local sign painter, and were marked for Mr. Ralph Peters, President of the L.I.R.R. Co., A.L. Langdon, General Traffic Manager L.I.R.R. Co., and for the Hon. Theodore Roosevelt, President of the United States. We don't know whether Messrs. Peters and Langdon have as large a family as "Our Teddy" to get away with a whole barrel of flowers, but we doubt now they will be pleased to sample some of East End fancy stock.

Justice Wm. H. Pike is having a hot-water heating system put in his residence on Main Street.

Another of the old time Arborvitae hedges has been removed from the Bethany cemetery, this time from the John I. Glover plot, and it is certainly a great improvement.

A fine specimen of the Belgian hare was hanging up in Fischer's market the other day. It was shot near the Sound cliffs. It is said that this species of cotton-tails are getting quite plentiful around the North Side now.

T. E. Reeve & Son are now making large shipments of greenhouse lettuce. They are also improving their tenement dwelling house with a coat of paint.

Now that the Board of Supervisors has set its approval upon the plan of making Mattituck a fire district, what are we to wait for? Why not go right ahead and organize a Fire Department, even if we can't get any more at present than a few fire ladders and some buckets? Any great undertaking usually has a small beginning. There are lots of convenient places around Mattituck for a fire to start, and someday we may wish we had a fire department, or must we wait for a fire?

At Long Creek Bridge, a very neat galvanized railing is being put up at the approach by Conrad Gracie. When this is done, the bridge will be complete, and it will certainly be a credit to both the town and the contractors that constructed it.

O.P. Hallock has been making necessary repairs to his potato storage, ready for winter trade. Edward Gallagher has moved his family into Mrs. Klein's home recently vacated by Harry Jackson, and Harvey Bailey, of Riverhead, has moved to Mrs. Justin Randolph's house in the eastern part of the village.

The remains of George Hallock, of Brooklyn, were brought to this village and interred in the cemetery at Laurel last Saturday. Mr. Hallock was 33 years of age and a member of the Old Hallock family of Laurel.

Mr. and Mrs. Ernest Hamilton has the sympathy of the entire community in the death of their little daughter, Florence Louisa, 5 years old, who died on Monday after a brief illness. The burial was in New Bethany cemetery Tuesday morning.

Dr. Robert Waters, of Oregon, advertises all his farming tools and machinery for sale Tuesday, December 12th. Dr. Waters will retire from farming.

It is said with good authority that Justice William H. Pike will resign his office on January 1st. As his successor, William B. Reeve is very favorably spoken of. Mr. Reeve is a brother of the late Judge Benjamin H. Reeve and is well qualified for the position.

At the Board of Trade meeting last Monday evening, the subject of organizing a fire department was brought up and there was a unanimous expression of sentiment in favor of such a move. It seems that because of some point of law, a regular organization cannot be formed until April. Mr. G. H. Fischer, who has for a long time been very active in agitating the question for fire protection, urged that some preliminary steps be taken at once and the Board agreed to give a joint note to be used at once, securing some suitable apparatus. Probably a hook and ladder truck will be secured and a place provided for its storage, and next April after a regular organization can be formed, some kind of fire engine will be secured. Some are in favor of a chemical engine and some a hand-water engine. It has been suggested that a large cistern can be put near the Library Hall building. Another matter that was brought before the Board was the wholesome speculation that is going on among a certain class in speculating with the bay bottom. Speculators are taking up a grant of oyster lands, planting just enough oysters on it to comply with the law and paying for the land the nominal price of \$2.50 per acre and then selling out to Connecticut parties and in this way non-residents are fast getting possession of the bay bottom instead of residents. The Board decided to make a protest to the Shell Fish Commission and to the Board of Supervisors.

Mrs. Sybil Young, widow of the late Selah Young, died Wednesday, Dec. 6th, at Amityville. Funeral services were held at that place today, and the interment will be at Sag Harbor. Deceased was 89 years, 8 months and 4 days old and was for many years an esteemed resident of this place, until a few years ago when failing health obliged her to go to a sanitarium at Amityville.

Speaking of Mattituck Creek oysters, a gentleman from Brooklyn in sending an order here for a barrel says, "They are certainly the finest in the land, but haven't you any smaller ones, as we have to make several bites of one oyster."

William B. Reeve has been appointed Justice of the Peace by the Southold Town Board to fill the vacancy caused by the resignation of William H. Pike, who has given up the office on account of ill health. The appointment gives general satisfaction.

Joseph B. Hudson and family of Holley, N. Y., are spending the winter at the Mattituck House. Mr. Hudson says Holley is all right for business, but he prefers Mattituck to spend leisure time.

La Monte V. Gould lost a valuable work horse recently from lockjaw. No apparent cause of the disease could be ascertained, as the animal had not received any injury and had also been carefully protected from cold.

We understand the second test of speed for farm horses comes off this (Friday) afternoon, and there are a large number of new entries.

Saturday last during the heavy gale, Capt. Jesse Owen of the sloop Percy, while endeavoring to make a harbor at James Creek, grounded on the outer bars and was obliged to set signals of distress. Mate Thos. Pearce, of the Eastport, with a volunteer crew went to his relief and succeeded in getting the stranded vessel afloat and bringing her into harbor.

Everett Cooper and wife have moved into F. M. Lupton's house near Lake Maratooka, and Mr. Cooper has assumed his new position as Mr. Lupton's gardener.

Fred Boutcher, one of our enterprising young farmers, has leased the farm of Dr. Robert Waters in Oregon and will go into farming more extensively next season.

George Swezey is now in the employ of T.C. Reeve and Son, taking the place recently vacated by Everett Cooper.

Inspired by the success of the LL.B's and the Howard Bros., in their fishing with draw seines last spring, a new company has been formed here for the purpose of going into the fishing business on a large scale. This company consists entirely of capitalists. Among them, we understand, is a retired farmer, a produce dealer, and a wealthy real estate owner. This syndicate proposes to build two large pounds, one of which will be placed off the mouth of James Creek, this place, and the other on the west shore of Robbins Island. The fish will be taken to market or some convenient shipping point by a power boat. The pound stakes for these pounds are now being cut from the nearby woods and the net was purchased last fall so the enterprise is a sure go. All that remains is to catch fish.

The Free Library has just issued a supplementary catalogue of new books added to the list since February, 1905. It contains the names of 700 volumes of choice reading matter.

The escallop sloop Percy sprung a leak and sank at the moorings last Friday night. She was raised and taken into James Creek for repairs the next day.

Boss F. S. Ruland and assistants have been making repairs to Miss Lila Robinson's house in this village, now occupied by Elmer Bond.

Miss Edith Penny, daughter of Mr. and Mrs. George E. Penny, was united in marriage to George Mahoney on Wednesday, December 20. The ceremony was performed at St. Michael's Monastery, West Hoboken, N.J., by the Rev. Andres J. Kenny. The happy couple are enjoying an extended trip in the South.

News was recently received here of the death of Victor Harrison Wells at Oakland, Cal., Dec. 17, of pneumonia. Mr. Wells was a former resident of this place and Cutchogue and a brother of John C. Wells and Mrs. Sarah Tuthill of this place, and Morris Wells of Cutchogue. He was 65 years of age and leaves a widow, son, and daughter.

Mattituck Council Jr. O.U.A.M. No. 34 have leased Apollo Hall of J. L. Reeve, for one year and will have exclusive control of the same.

Tuesday morning about 6 o'clock the house occupied by Mrs. A. G. Freeman, colored and her son and his children, was destroyed by fire. The place was called "The cold storage" because of the dilapidated condition and the many broken windows. The house overlooked the creek and commanded a splendid view. The origin of the fire was a mystery, and little was saved of the contents. Now that this old eye sore is gone, a good site is offered for a summer cottage.

Clamming at Mattituck is very good, and the clams are of fine quality. Some of the diggers take from three to four bushels to a tide.

The fire company had a set of new ladders arrive here on Wednesday, and when Mr. Fischer arrives home from his vacation, we expect to see the boys out for practice. The officers of the company are: Foreman, Geo. H. Fischer; Assistant Foreman, James A. Gildersleeve; Secretary, Samuel Tyler; Treasurer, LeRoy Reeve.

Bay men report rather small returns for their work these days. The escallops are small, and high prices for opening prevail while the market has dropped, leaving a small margin of profit for the bay men.

Our jovial shoemaker, John Rourke, spent the holidays with his daughters. When he returns, we shall expect some fine points on the doings in the great metropolis, as we gather around the council fire of the "Assembly" of which he has long been the sachem.

Riley Bros. are soon to receive a car load of Western horses at their Livery and Exchange stables. They have Boss Halsey Corwin, of Aquebogue, at work building a large addition to their barn to accommodate the extra business.

Chas. and Ernest Tuthill, two young farmers of East Mattituck, have started a milk route here and expect to supply the public with pure fresh milk every morning. This has been something that has been much needed here, and both the young men are energetic and deserving, and we wish them success in their new undertaking.

Mattituck Creek, which has kept open longer than usual this year, was completely frozen over during the recent cold snap, and men were eeling on the ice this week with good results.

The new residence of George L. Penny, which is being built by Boss Floyd S. Ruland, is raised and well under the process of construction.

It is reported that Riley Bros. have purchased Mr. Penny's old residence and will move it to their farm near the Bay for rental as soon as Mr. Penny's new residence is ready for occupancy.

Complaints having been made that non-residents of Southold town have been taking clams from Mattituck Creek, steps have been taken to apprehend the parties and prosecute them according to law, should another offense occur.

Mr. and Mrs. Thomas H. Reeve, of North Mattituck, celebrated their golden wedding on Monday evening last.

Jack Zenzius, our popular young liveryman, son of J.P. Zenzius, of The Glenwood, was taken seriously ill on Saturday morning. Drs. Morton and Cornwell were called and after a consultation diagnosed the case as appendicitis. He was taken to Manhattan on the afternoon train by Dr. Cornwell, where he will be treated at a hospital.

The excellent clamming along the shores of Mattituck Creek has developed quite a number of amateur clam diggers, all of whom take great enjoyment in boasting of their progress around the camp fire at the "Assembly." We have but one member yet that can dig a mess at high water, but as he is a very busy man, Sachem Rourke asks us to withhold his name for fear he might be in demand as a guide to the clam flats.

The Mattituck Transportation Company have purchased the sloop Grampus, formerly of East Marion, and will place her on the route between New Haven, Conn. and this place next season. The boat is staunch and well built, of 15 tons measurement and is equipped with a 16 h.p. gasoline engine, and was at one time owned by the Falcon Fish, Oil and Guano Company. An experienced captain will be placed in command, and it is thought this will be a very convenient route for both freight and passengers. New Haven has wholesale houses for all kinds of merchandise, and through this means our merchants will be able to obtain their goods and avoid the high express and freight rates and careless handling of goods which is so annoying through the railroad service. We hope the Transportation Company's route will be well patronized and that this venture may be only a beginning of something ever far better in the line of cheaper transportation.

We have often been asked the question by visitors and sometimes by residents who are not long in the place, as to what part of the village cemetery was "Potters Field" so let us say in the columns of this paper that old Mattituck has no such thing as a Potters Field. We have, through the foresight of our ancestors and later through the generous gift of the late Joseph Parker Wickham, a public burying ground of ample proportions, which is under the control of the Trustees of Mattituck Parish. Here are laid at rest the rich and poor of all creeds and all nationalities, to distinction whatever is made. The one provision is the consent of the Trustees and the payment of one dollar for recording and locating the grave which is done by a committee consisting of the Parish Clerk and the Sexton. Charles Gildersleeve has for many years served as a committee to care for the grounds and through his energetic efforts money is raised each year to keep the burying ground in a respectable condition by mowing, etc. No piece whatever is portioned off for those who may have been unfortunate in this world's goods, but if any citizen of this place loses a friend, they may be assured just as good a location will be assigned for their last resting place as if they were worth thousands, and another fact we might also add is that during the nine years' service of the present sexton, there have been only two cases where he has received his pay from the Town, which certainly speaks well for the place.

Rev. W. H. Seeley, one of the most respected citizens of this town, died at his home in Laurel Sunday evening. Mr. Seeley had been suffering for some time with Bright's disease, but he died rather suddenly. He was born at Darien, Conn., Feb. 2, 1837. He was in business in Chicago for ten years when on account of his health he left there and spent a few years on his farm, "Woodside" at North Haven. Mr. Seeley had always had a desire to enter the ministry, and soon after his going to North Haven he began preparing himself and was some time afterward ordained as a minister. During his stay in Chicago he took an active part in mission work and was a co-worker with Mr. Moody. Mr. Seeley was ordained and installed at Manor, L.I., where he stayed a few years. Afterward he went to Wading River, where he lived twelve years having charge of the Congregational Church there. During the last six years Mr. Seeley also supplied the Franklinville church, driving from Wading River to Laurel each Sunday. In 1891 he moved to Laurel and has been the pastor of the church continuously since. Mr. Seeley was a man who had a wide circle of friends. He did much for Laurel and was beloved by his congregation and respected by all who knew him.

Raynor Wickham met with a very unfortunate accident recently while helping saw wood with a buzz saw. In some way he came in contact with the saw, cutting three fingers of one hand severely.

At the Free Library Reading Room two valuable additions to the reading matter have been made this year--St. Nicholas for the young people and Scientific American for the older and more thoughtful. The latter we consider the most valuable periodical on the shelves, as it is always full of useful reading matter that ought to interest all.

Charles Keuster, who owns a cottage on the Bay Road, arrived home with his family recently from a two years' stay on the Continent. Mr. Keuster is a machinist in the employ of the Holland Submarine Boat Co. and at the beginning of the war with Japan was sent across the Great Pond to work on their boats and has been on the Continent since. In addition to drawing a large salary, he has had the pleasure of traveling through many of the countries in the Old World.

On Tuesday Amos R. Silkworth met with a runaway accident near Hubert Klein's place. He was thrown from a wagon. He escaped with a very few bruises. The wagon was completely demolished.

Last Saturday afternoon there was another test of speed on the same course that the former races have been. In the first trial John M. Hallock's horse won over Elmer D. Ruland's; in the second trial Patrick Drum's horse won over E. O. Chapman's.

The auction sale of stock, farming tools, etc. at the William Jennings place in Laurel, was one of the largest sales and the largest attended that has been known for years in this place.

News was received here Thursday of the death of Mrs. Alexander Forman, of Brooklyn. Mrs. Forman was a daughter of the late Allan Cox and has a handsome summer residence at Cox's

Neck, this place. The body will be brought here Saturday for interment.
On Saturday evening, Feb. 3rd, Mr. and Mrs. A. L. Downs will celebrate their fiftieth wedding anniversary at their home, Downs Manor.

Mrs. Addie Dayton has leased her cottage in the western part of the village to Edward Gallagher, H.P. Tuthill's right-hand man. Mrs. Dayton will move to Glen Cove, where she has two sons who are carpenters and are at work in that vicinity.

A large real estate transfer recently was made here in the northern part of the farm of James Lindsay, containing 60 acres. Price said to be \$8,000. Mr. Lindsay bought the farm a number of years ago for \$4,500 of Mrs. John K. Hallock. He still reserves about 15 acres south of the highway.

Howard Brothers succeeded in filling their ice house at Cox's Neck Monday and Tuesday with a good quality of ice.

Peter Wyckoff has purchased a small meadow island near the Old Mill and is now bulk-heading and making other improvements to it in order to use it in his oyster and other creek business. J. G. Reeve and N. S. Tuthill have filled their ice houses during the past week.

The fire escape for Library Hall arrived last week and is now being placed in position at the large center window on the south side of the building.

The Long Island Seed Co. is meeting with success this winter. They are receiving large mail orders from all parts of the country.

D. A. Young, of this place, has purchased a fine 18-foot St. Lawrence River skiff and will install a 3-horse power gasoline engine in her and will use her for pleasuring on Peconic Bay.

Miss Rose Hallock is making fine progress on the pipe organ under the instruction of Miss Cornelia Gildersleeve, and the Church of the Redeemer will soon have an accomplished organist.

A party of young men spent a few days the first part of the week at "Quawks Nest," S. H. Moore's summer home, enjoying themselves gunning etc..

The ice prospects are not very good here. Those who have small houses have succeeded in filling them, but the larger houses had only commenced to fill when the storm of Tuesday put an end to all operations at present.

It was with satisfaction that we read of the passage of the resolution of the Supervisors regarding the catching of seed round clams. The way this business had been carried on for some time past would have become very detrimental to the business in a short time, and under the old law regulating the size of teeth of the device used in catching them, it was very hard for

an officer to do much towards enforcing the law, but now undersized clams in the possession of any party is all that is necessary for conviction, and we shall look for good results from this new law.

Riley Bros. have received a carload of horses which will be disposed of at a private sale. If you are looking, it will pay you to investigate.

H.R. Conkling of this place, manager of the L. I. Cauliflower Association, has gone on a trip to St. Louis, Chicago, Cincinnati, and perhaps other Western cities in the interest of the Association.

Potatoes are moving now at a lively rate at 70 cents. All the buyers are very active.

We are pleased to see the familiar face of the Rev. George R. Garrettson, a former pastor here. He filled the pulpit of the Laurel Presbyterian Church last Sunday, and there is some talk calling him to that church.

E. W. Knipe, of this place, received a carload of Auburn farm wagons the other day and tells us he expects a car load of light wagons soon. Business seems to be looking up with Mr. Knipe.

Last Saturday evening the family of John M. Stewart became alarmed at his not coming into the house at the usual time, and a search was made for him, but without results, until early Sunday morning when his body was found in a cow stable on the premises. The physicians say he died from an apoplectic shock and death must have been instantaneous. Mr. Stewart was L.I.R.R. section foreman here for over 40 years and only a week before his death gave up his position. He leaves two sons, William and George Stewart; and five daughters, Mrs. Fred Greeves and Mrs. William Tresback and Miss Lizzie Stewart who resides here; Mrs. John Halfrich, of Southampton and Mrs. Patrick Welch of Riverhead.

Last Friday evening about 8 o'clock, as Capt. Anson Peterson was going from his house towards the outbuildings, he discovered that his scallop shop was on fire near the chimney. There was no help near, but he went at it single-handed and was fortunate enough to subdue it before any serious damage was done. As there were a good many small buildings in the immediate vicinity besides several houses, it might have been quite serious had it not been discovered in time. The necessity of having a well-equipped fire department becomes every day more evident, and how about a fire alarm?

P. Harvey Duryea has sold to Elmer D. Tuthill a six horse-power gasoline marine engine of the Barker model, which will be placed in Mr. Tuthill's new launch which he has nearly completed.

Patrick McNulty, who owns a fine farm bordering on the Sound near the mouth of Mattituck Creek, has through the Real Estate agency of Reeve and Bartlett, received a handsome offer for the same. At the time of writing Mr. McNulty was undecided as to whether he would accept or not.

On Friday last the body of Miss Margaret McDonald was brought to this place from Brooklyn for burial. Miss McDonald had been a member of the Robert Waters' family for many years and was highly esteemed by them. Some time ago she was taken to Brooklyn for treatment for cancer but never recovered. The interment was in the Walters' plot in Bethany Cemetery. Mrs. Adrian Williamson and Mrs. Fred Weir, of Brooklyn, daughters of Mr. Waters, accompanied the remains of their old friend to the last resting place.

A most commendable piece of work done last week was the improvement of the sidewalk from Library Hall to the post office. Road Overseer Gould has raised it up by the application of numerous loads of light soil. He has also graded it so that there will be a good drainage. It will undoubtedly make a fine walk in place of one that was most objectionable during muddy weather.

Should the asparagus season be a favorable one, Hudson & Co. will do considerable business at their cannery here. They were out last week among the farmers and have contracted for about all the acreage in this vicinity; the price being generally paid is 16 cents per bunch for prime and 7 cents for culls. They buy all their prime grass un-bunched, thus doing away with much labor and saving considerable expense for the grower.

Riley Bros., who are always on the lookout for a good thing, have made arrangements to have a fine bowling alley erected this spring. The new alley will be situated between the hotel and their livery. Bowling has become very popular here and no doubt a good alley situated right in the village will be found a profitable venture.

Hudson & Co. have raised their price this year on tomatoes and offer contracts at 30 cents per bushel.

Elmer D. Tuthill, who is well known to the patrons of the Library as its most efficient librarian, is also a skillful boat builder and has for some time past devoted his leisure time to boat-building and now has a fine new power boat about completed. The boat is 32 feet in length with an 8 ½ foot beam and has an 8 horsepower Barker gasoline motor installed in it. Mr. Tuthill expects to launch the craft early this spring.

Reading in last week's issue of the Review of Senator Burr's bill for public pleasure grounds, brings to us the thought that although Mattituck has a large water frontage on both bay and sound, yet the way city parties are buying up these fronts, there is danger of the local residents being blocked out from the pleasure of having free access to these places for recreation. In conversation with a person not long ago, he informed me of one Long Island village where the residents had been entirely blocked out by city parties consuming all the water front. We can, of course, always get to both the bay and sound, as we have public highways to both. But this only gives us a 4-rod water front, which would be a rather limited space for a growing village if it were limited to that. Could not some means be devised so that a plot of land having ample water front and some shade be secured by the village to be reserved for a public pleasure ground?

Robert Burns, of North Mattituck, has contracted with J.W. Wickham to have a windmill and tank erected to supply water at his house and farm. W. B. Reeve, we understand, also contemplates making the same improvement at his place. Modern farming where so much water is used in spraying requires these modern improvements.

The Mattituck Fisheries Company had the net for their two large pounds arrive last week and if the weather permits they will commence work on them at once, getting them ready for the spring work.

John Husing, of Brooklyn, was here this week making preparations for spring work on his asparagus farm. Among other improvements he will make will be the erection of a wind mill on his farm.

We saw the statement made a short time ago in opposition to the Cauliflower Association that they charged more for empty barrels than the commission men. But the statement did not say that the commission men did not always get the right count delivered to the owners and that sometimes when the barrels arrived they would almost be worthless on account of careless handling by the Railroad Company, while the Association has to make all the barrels good both in quality and count. Would it not be fairer always to look on both sides of a question?

Boss C. M. Robinson is building a new house for Mrs. Hannah Freeman on the site of the one destroyed by fire last fall. It will be ready for occupancy in the spring.

Capt. Anson Peterson, of this place, has purchased of Riley Bros, a lot on the Bay road, 60 x 300 ft., and in the spring expects to build on it a two story cottage for his own occupancy; also a small barn and escallop opening shop for his business.

Hubert W. Klein, of this place, has withdrawn his application for a grant of land under water in Mattituck Creek. We are very glad to see Mr. Klein take this step, for as a person expresses it, while the majority of the people would be willing for Mr. Klein to have the small privilege he asked for, it would make a bad precedent and many more would be asking for these grants until it would become a serious matter.

The Hamilton boys have built this winter on the Sound Bluffs, a commodious "Bungalow." As they have a great deal of city company during the summer, they will entertain largely.

Alewives, or herring, were caught in Mattituck Creek this week, which is considered by old fisherman as very early and a sign of an early spring.

Quite a quantity of Maine seed potatoes were received here this week. The price asked by dealers for this stock was \$3.00 per sack. A number of carloads of native potatoes were shipped from here during the past week, the market being lively for good stock at 80 cents. Thursday the price dropped to 75 cents.

The annual meeting of the Long Island Produce Growers Association was held Monday afternoon in the Trustees Room at Library Hall. The old officers were elected for the ensuing year and a committee was appointed to wait upon Mr. Langdon, of the Long Island Railroad Company to ascertain if arrangements could not be made to have the afternoon freight put on during asparagus season the same as last spring. Considerable talk was also given upon the

subject of raising green vegetables for the city markets. The sentiment showed it is more practicable to raise potatoes, cauliflower, etc. at present.

The sloop Grampus, which was recently purchased by the Transportation Company, must have been a very good bargain, as a standing offer for it has been made by another party any time the company wishes to sell.

We note the following in the Traveler: Our wide-awake correspondent of the Review had an excellent article in that paper last week upon the rapid sale of our water fronts on the bay, and the probable exclusion of the public from its shore privileges, excepting by its various public road terminals. It does seem too bad that a portion of our fine bay shore could not be secured and made fit for a public bathing place. Perhaps our Board of Trade will see fit to see what can be done in this matter; and we feel sure our public-spirited citizens would respond and be willing to aid with substantial financial assistance.

March 16th, 1906 Mattituck

A.R. Applegarth, civil engineer at Patchogue, has received the contract to erect a 122-foot breakwater at the new county residence of Judge Haggerty, of Brooklyn. The place borders on Peconic Bay, Mattituck.

Patrick McNulty, who recently had a fine offer for his farm near the Sound and mouth of Mattituck Creek, has refused to sell for present, as he wishes to continue farming. Mr. McNulty's farm has always been one of the best paying ones in this vicinity.

Last Sunday there was one of the lowest tides in Mattituck Creek of the winter, and the temptation seemed to be too strong for some and a quantity of clams were taken out. Let us quote the words of the law now on the Statute books of N.Y. State, viz. No person shall take from any waters of this State any shellfish between sunset Saturday and sunrise Monday, the penalty thereof is not more than \$50 and not less than \$5. A bushel or so of clams taken on Sunday would come high if this law was enforced.

There is a new barber in town, and this one has come to stay. He will make his home with Barber Frederick Bicking.

A company of West Mattituck people met recently at the home of H. J. Reeve and made arrangements for building a clubhouse on the Sound cliffs for their personal enjoyment this summer. The building will be erected on the land of Charles Aldrich.

This community was greatly saddened on Monday morning to hear of the death of Helen, wife of Philip Duryea of Oregon. Mrs. Duryea was taken ill the latter part of last week and the attending physicians soon diagnosed her case as acute appendicitis, and after a consultation a specialist came here and on Saturday an operation was performed. At first it was thought the patient would recover, but Sunday night peritonitis set in, and before morning she had passed away. Mrs. Duryea was a woman that was loved and respected by all that knew her, and her death is a sad loss not only for her family but to the whole community where she lived. The funeral will take place Thursday and interment in Bethany Cemetery. She leaves a husband, two daughters, Mrs. Angie Robinson and Miss Helen Duryea, and three sons. Garrett, who resides at Floral Park, and Philip J. and Peter, who reside in this place.

This week has been quite a busy one with some of the members of the Presbyterian Church; they have been cleaning and fixing the parsonage and getting ready for the new pastor, the Rev. George R. Garretson. He is expected here next week.

A social was held at the home of Mr. and Mrs. John Meese last Wednesday evening. There was a large attendance. Good music was provided and everybody had a good time. The affair netted over \$16, and a hearty invitation was given to all by Mr. and Mrs. Meese to come again. The next social will be held at the home of Mr. and Mrs. I. A. Young, March 29th, and a fine program is being prepared by the committee appointed.

The farmers here have been busy this week unloading fertilizer and shipping potatoes.

Mattituck

William Satterly, who has one of the finest pieces of asparagus in this place, has selected from the strongest and best plants a quantity of seed. This is known to be one of the best methods of keeping up a good strain, as where the seed is gathered at random all over the field, some poor seed is sure to be gathered.

Herbert R. Conklin, manager of the Long Island Cauliflower Association, tells us he can now furnish and up to July 1, slat or basket barrels for eleven cents and cut barrels at fifteen cents. Now is the time to lay in your stock.

The theory is often placed before us by some of the correspondents of county papers, that the L.I.R.R. Co. is a corporation that cares nothing about its employees and patrons. This seems to me rather refuted by the action of General Supt. McCrea in making arrangements so that the asparagus growers may ship their products into market by freight at a low rate of transportation. The regular freight is to be held back during the season so as to give the farmer's time to cut and ship the same day.

E. D. Ruland, who has a farm on Mill Lane, has built a small tenement house which will be occupied by the Polish man and his wife, who are employed on his farm.

S. Tuthill the owner of the large tract of wild land in Oregon known as Tusten's and which he is clearing off, expecting some day to produce one of the finest farms in the county, has recently sold all of the hickory and other hard wood, such as birch, etc. to a firm whose business is the manufacture of police clubs, mallets and other goods where the best of hard wood is required. Mr. Tuthill received \$10 per cord for the wood cut in 8 ft lengths. The purchaser was delighted to find a lot of such good material for his business as there is a scarcity of hickory in any nearby woods.

The many friends in this neighborhood sympathize with Mrs. Harry Carleton, of Riverhead, upon the loss of her husband. Mrs. Carleton is one who was always highly esteemed here when she was a resident of North Mattituck.

Henry J. Reeve, of West Mattituck, is making considerable improvements about his residence in the way of modern conveniences, such as hot and cold water, bathroom, etc. Plumber Arthur Gordon, of Patchogue, is doing the work.

We learn that the L.I.R.R. Co. have negotiated for the triangular piece of ground with dwelling familiarity known as snowplow corner, dwelling now occupied by Elmer Bond, owner Miss Lila Robinson. Also the company have negotiated with H.R. Conkling for a strip of land owned by him and leased by Geo. L. Penny, used in Mr. Penny's lumber business. The company are also negotiating with Mr. Penny for a narrow strip adjoining this, and will extend Tuthill siding to the west and put in an extra siding at Mr. Penny's lumberyard. All the plans for these improvements have not been made yet, but it seems now that they are quite sure to take place soon.

Mr. and Mrs. Peter Montfort are now domiciled in their new home in Laurel.

Although there is not a great deal in the building line going on here, J. Wood Wickham, our local tinsmith and plumber, finds the spring business coming on quite satisfactorily. He has several wind mills to erect and water pipes to connect, house plumbing to do, etc. Mr. Wickham has engaged Mr. Mahoney to assist him in this work. This man assisted him in plumbing the Hall building last winter and is a very skillful and neat workman in all phases of the business.

Now that the lecture course season is over, the question comes up, would it not pay to run a summer course in this place? People demand occasional recreation and amusement in the summer as well as winter, and in the summer by way of entertainments have to depend on the traveling shows that happen along, and that is much of a chance. One who is well posted in such matters says that a summer course of entertainments could be made to pay. Now, who will be the first to go ahead and undertake to give us during the summer months a good course of entertainments at a reasonable charge?

Another sad death occurred Saturday at the home of Philip Duryea, Sr. at Oregon. Miss Caroline Hendrickson, of Setauket, was called to the bedside of her sister, Mrs. Duryea, and remained there with her curing her illness and with the family after her sister's death. Being a woman of great cheerfulness, she became at once the comfort of the bereaved family, but in some way disease was contracted and on Saturday last Miss Hendrickson died of pneumonia. The funeral was held at her late sister's home on Monday afternoon and Tuesday the remains were taken to Greenwood for interment.

John Wolff, a veteran of the Civil War and one of the most esteemed citizens of this place, died at his home here on Monday evening. Mr. Wolff was a soldier who had seen much active service for his country. He came to this place several years ago and purchased a residence in the western part of the village, where he has lived since a quiet, industrious life. He never enjoyed rugged health and about two weeks ago suffered a severe stroke of paralysis from which he never recovered. Deceased was about 71 years of age and leaves a widow but no children. The funeral will be held at his late home on Thursday at 11 a.m. and interment at Riverhead.

Riley Bros. have commenced work on their bowling alley. Boss Halsey Corwin, of Sound Avenue, is in charge of the work.

News has been received from the U.S. Engineer in charge that work will commence on the addition to the Mattituck breakwater the first of April. For this work some \$20,000 is available, and it is expected to complete the breakwater and perhaps do some dredging.

The Mattituck Transportation Company has had the power boat Grampus thoroughly overhauled and refitted and have engaged the services of Capt. Henry Gilmour, of New Suffolk, to take charge. The boat will be put to work at once and will run freight for fertilizer this spring until the produce season commences. Mr. Hallock, the manager of the company, says he has plenty of work for the boat and thinks the company will find it a paying investment.

While passing the home of a Polish man recently who had a cow he wished to dispose of we noticed a sign on the fence which we thought worthy of at least one free insertion. It read thus: "FORE SAIL--KOU."

Owing to certain criticism that has been made in reference to the punishment of a certain pupil in Mattituck public school, Trustee Fischer wishes to have the following statement made public: That teachers are engaged to instruct and not be hampered in their duties by disobedient scholars. That we have had in the past a fair sample of what a school can be reduced to by lack of discipline, and if parents would give their children to distinctly understand that they must obey the rules of the school, it would settle this much vexed question. The term so far has been very successful and the school has gained much of its lost prestige and attendance, and every effort will be made to help pupils and forward the work of education, but it must be understood that no infraction of the rules in school or on the school grounds will be allowed.

The above is plain and to the point and needs no comment of ours, but we must say in our varied experience we never saw a pupil punished but what they were benefited by it, and as to our own personal experience we must frankly admit that we never received any more of the invaluable rod than was due.

The Mattituck Board of Trade will hold its annual banquet at the Glenwood House this evening.

John Muttitt is one of the farmers around here who wears the smiling face. He had 500 bushels of potatoes stored in his cellar, holding them for the dollar mark and got it.

John E. Gildersleeve, who owns one of the largest and finest farms in Oregon, will hire out most of his land this year, thinking that \$12 per acre is a good thing. He will, we understand, only cultivate a few acres of corn and potatoes. We regret this, as he has always been a large cauliflower shipper and it has been a pleasure for us to meet him, being of a jovial disposition and always ready with a few pleasant remarks about the Association. We shall miss him very much among the list of shippers.

Charles Edward Nine, a young man who was an expert car painter and decorator, died last Thursday, at the home of his half-brother, Joseph Williams. The funeral services were conducted by Rev. C. E. Craven last Sunday at 2:30 p.m. The cause of his death was tuberculosis. He was 23 years of age.

The two Greenport freight trains are now in charge of Mattituck boys as conductors. Oliver Smith, who now resides at Greenport, has one and Chas. Noe, who still make his home in this place, has the other. Both of these young men have worked their way up to their present positions by faithful, energetic attendance to duty, showing that there is a chance for sober, industrious young men on the L.I.R.R., without a pull.

We hear it reported that Nat S. Tuthill, who purchased the property known as Tusten's last fall for about \$7,000, has sold the same for \$10,000 with the privilege of taking all the wood he can off the place inside of a year's time.

Six shoats raised on the farm of Jacob Hallock, of Cutchogue, were killed last week, the total weight of which was 1,200 pounds, the heaviest one weighing 216 pounds. These porkers were but seven months old.

Perry V. Butler, of this place, has purchased of H.R. Conkling the cottage now occupied by Mrs. Ettie Cooper on Pacific St. and will soon take possession of the same. Mrs. Cooper will move into J. W. Reeve's house, now occupied by Mr. Butler.

Addison Smith and his mother have moved into the west part of J. W. Reeve's house.

Riley Bros. have erected a very fine and imposing structure to the rear of their new bowling alley, which will be used as a water tower to supply their hotel, the stables, etc.

Herbert R. Conkling has received a 3 h.p. Palmer engine, which will be installed in one of the large pound-fishing sharpies he is having built.

Mr. and Mrs. John Gilson, of West Mattituck, met with a bad accident at Jamesport last Sunday. While driving along the highway the horse became frightened at a motor cycle and threw them out. Mrs. Gilson was rendered unconscious for several hours and was attended by Dr. Cornwell.

The railroad station at this place is being thoroughly renovated and treated to a new coat of paint, inside and out, of a much more cheerful hue than the old dull red of former times.

Sophia Jordan, a Southern colored woman, about 38 years of age, who was in the employ of La Monte Gould, went to visit her daughter, Roxie Jordan, who is a domestic in the employ of Assemblyman Lupton, on Sunday, and while in the kitchen in conversation with her daughter, she suddenly fell to the floor and immediately expired. Coroner Peterson held an inquest and rendered a verdict of death by heart failure.

D. Halsey Hallock, of Sound Ave., recently had an offer of \$20,000 for his farm, which he refused.

Preparations are being made to plant a good many oysters in Mattituck Creek this spring. Among those who will plant are Jacob Ochers, Peter Wyckoff, H. W. Klein, Reeve & Hall, J.W. Wickham and H.R. Conkling.

The Board of Trade held its monthly conference in the Hall Saturday evening, when several different subjects were brought under discussion. Those which received the most attention were the Two Cents a Mile bill and the Marine Fisheries law, of which it was decided to enter a protest against Article IV, which calls for a license fee of \$5 for every net, pound, or trap, 4 ft. deep by 4 ft. long or larger. This would, if passed, apply to the little set nets that people from time back have been accustomed to set along the shores to obtain now and then a mess of fresh fish and would indeed be a very drastic measure.

Ray S. Fanning is the proud father of a baby girl, born Tuesday night.

Land Speculators were in the place this week, making very tempting offers for farmland, and more especially for that having a frontage on the bay.

The Polish man who bought the Minor Petty farm about a year ago for \$8,000, was offered \$12,000 for the property. Robert Wells refused \$10 a foot for his bay front. A number of farms were looked over, but the land panic now prevailing throughout the section is causing many sleepless nights for a number of our largest land owners. Where will it stop?

Mrs. Warren Seaman of Jamesport, who was formerly Miss Lydia Corwin, of this place, gave birth to a bouncing baby boy Tuesday evening.

Now that the line between New Haven and this place is established, Love Lane should be made a public highway and a convenient dock built there, for although it will be some time before navigation will be open enough for the boat to come all the way to the village, there should be a suitable dock to land with a lighter and small boats.

A.A. Young, of Laurel, had a mare give birth to twin colts, a very unusual occurrence. Unfortunately, they both died soon after birth.

Last Friday a tug and barges from Connecticut arrived at the mouth of Mattituck Creek, with the first lot of stone for the continuance and, it is thought, the completion of the breakwater. The Grampus arrived last week from New Haven with a load of fertilizer for O.P. Hallock, part of which was loaded at the Transportation Co.'s dock near the mill and the balance was brought to the village in Peter Wyckoff's gravel scow and unloaded into wagons at the foot of Love Lane. George H. Fischer, our wide-awake fellow townsman, who is always on the move for improvements, is having quite an addition built to his residence, which when completed will make a very pleasant room, with views to the east and south.

Walter MacNish has been engaged at E.V. Knipe's carriage and wagon shop.

Charles Coots, a young man employed at Fischer's market, cut one of his fingers on a wagon wheel very badly, nearly severing it, last week.

Mrs. Hannah Freeman is now domiciled in her new house recently built by Boss C. M. Robinson.

Harold Reeve, the genial young clerk and son of James L. Reeve, left us this week, going to Richmond Hill to work at carpentering with E.H. Duryea. His position in the store will be filled by Clark Tuthill, a very pleasant young man.

At Laurel Mrs. Peter Montfort is making many improvements about her new property. Boss F.S. Ruland is in charge of the carpenter work, and Wallace Tuthill is doing the painting. John Husing is putting up two windmills, one at his cottage on the bay and one at the farm house.

The house on Pacific Street recently purchased by Perry V. Butler is being painted and other improvements made, and the adjoining house leased of Mr. Conklin by Raymond Terry is also being painted.

The Mattituck Fisheries Co. completed driving the stakes for their two pounds off the Old Landing, Peconic Bay, this week. In honor of the opening of this new enterprise, a shore dinner of which an excellent clam chowder was a feature, was served by two capable house caterers on Tuesday at the clubhouse of the United Brethren.

Our Bay men here have given up the scalloping business for this season, owing to prices being too low to make it a paying thing. Some are now engaged in shelling, but that business so far has not proven very satisfactory owing to scarcity of shells.

The election of the Mattituck Fire Department was held at Gildersleeve's Hall on Tuesday, April 17. The result was the election of Otto P. Hallock, James J. Kirkup, and Hon. John M. Lupton as Fire Commissioners; it was also voted to bond the district for \$3,500 to be used for the purchase of fire apparatus, etc.

A neat headstone was placed in Mattituck cemetery this week by Hill Bros. in memory of Daniel R. Cox, Private 57th Regiment N.Y. Vols.

One of the county papers said last week that J. M. Reeve, of North Mattituck, had refused an offer of \$8,000 for his farm of 20 acres. We can state positively that Mr. Reeve has not received any offer at all. The same paper stated that George Nauglis of Sound Avenue had sold his farm clearing \$3,000 on the transaction, but it is not yet, although there have been some negotiations going on. In the same paper a few weeks before we read that B. G. Tuthill, of this place, had sold his place on the Creek, which is not sold yet.

Reeve & Hall had a fine lot of poultry taken from their coop, in the rear of their market, Saturday night. All the clue that could be found of the missing property on Sunday morning was an empty bag and empty whiskey flask lying near the scene.

David Jenkins and family have arrived here from Brooklyn to occupy their house in the western part of the village; also Mrs. Mould is down from Richmond Hill to open her place at the bay near Deep Hole creek.

Mrs. George K. Meday has sold her fine place here, containing 24 acres, with its beautiful water front, to William B. Codling.

Last Sunday the long courtship of over twenty years of Miss Lizzie Stewart and William Boutcher was closed by their marriage at the Church of the Sacred Heart, Cutchogue. Mr. and Mrs. Boutcher will commence their married life at Mr. Boutcher's house on Main Street, now occupied by his wife's brother, William Stewart, who will move his family into the Stewart homestead on the same street.

We hear that Samuel Eldred has purchased a building lot on the Oregon Road and expects to have a dwelling house built there soon. At present he has moved his family into the house near the Long Creek Bridge.

David Steight, of this place, is engaged in painting Charles McNulty's residence in Laurel.

We understand that the Mattituck Bank has handled over \$1,000,000 since it first started, which speaks well for a young enterprise and certainly shows that its managers have the confidence of the general public.

Louis Dohm, the jolly smithy of Pike Street, has purchased a plot on Factory Avenue and will have the building once used by Edward Neilson as a grocery moved to this plot, where it will be converted into a snug little dwelling and will be leased by the Italian section boss. Contractor John Williams with his dark horse gang started in moving the house last Friday, but progress so far has been rather slow. Tuesday no work was done at all on the job; presumably the contractor stopped to consult the Assembly's Wizard of the North, but we hardly think the owner will need a watchman.

A large Polish ball was held in W. B. Reeves' tenement house at Oregon last Saturday night. An orchestra of Polish musicians furnished the music and a great time was had and all that was missing was the proposed manager of the Polish Cauliflower Association, who was said to be too busy writing reform articles to attend.

John Williams, alias "The Professor," our well known contractor, tells me that some people have altogether too much worry over what he made moving the Dohm building, and that it took him just one evening to figure up that after all bills were paid he had realized for his labor just \$1.87 per day, which is more than some people earn.

The Joshua Simpkins Comedy Co. was greeted with a large house here at Library Hall last Saturday evening, who were delighted with the play. Upwards of \$200 was taken in at the door. The managers of the company expect to make another engagement here in July.

The Mattituck Fisheries Co. has begun taking fish in their pounds off this place. Among other fish, several very fine River Shad were taken last week.

James H. Wines has had an offer for his fine farm in East Mattituck of \$15,000 and we understand is to sell. This property has been in the Wines family for something like 200 years, and the present owner has been very successful with the farm since he has been in possession of it and has greatly improved the property, now having a large two-story house with all the modern improvements. Mr. Wines is now actively engaged in the produce business, being the managing director of the Mattituck Produce Co., and if the sale is consummated will either buy or build a residence in the village.

William Mills, a bright young colored man, a native of this place, who for some time has been at work in the city, we are informed by his brother Bert, will soon leave with his wife for Cincinnati, Ohio, where he has a position. Bert himself goes to Arverne, where he has employment.

Charles E. Benjamin has torn down his old barn, which is said to be close to a century old, and Boss Floyd S. Ruland is at work putting up a new one.

Boss C. M. Robinson, having completed the work on Louis Dohm's tenement on Factory Avenue, so that it is now ready for occupancy, has commenced work on some improvements at Mrs. M. Alice Taft's cottage on Pacific Street.

We hear that Mr. and Mrs. George C. Cooper are soon to move to Riverhead, where they will live with Mr. Cooper's father. Mattituck will miss them very much.

George I. Tuthill is greatly improving the exterior of his fine residence by a fresh coat of paint.

Postmaster Tuthill had his right-hand man, Eddie Gallagher, build a new stoop at the post office this week, which was done in a very workman-like manner, even if Eddie isn't a union man. He had an advisory committee consisting of a shoemaker, a harness-maker, one or two farmers, and a hen. But we really think he would have got there just the same.

We note in an article in one of the Brooklyn dailies that owing to the packing house exposures, city people are looking to Long Island for pure foods, and says that probably for a long while there will be a large demand for all kinds of poultry, meat, etc from the Island as well as fish, clams and escallops in the fall. Speaking of the latter, would it not be well for commission men to look into the practice of soaking escallops? Why not keep up our reputation for pure food and send escallops to the market, not water. The cities do not want Suffolk County water in this form.

Miss Maude Stokes, of Brooklyn, has hired the Young's cottage at Cox's Neck, and will again be one of our summer residents this coming season.

Some 300 bushels of oysters were planted in Mattituck Creek last week and more are expected later.

We understand H. R. Conkling has sold to William Tresbach the house and lot on Pacific St. now occupied by Raymond Terry.

Boss C. M. Robinson is at work on the building recently moved upon L. Dohm's plot on Factory Ave. A small addition will be made and other improvements, so as to make it a comfortable dwelling.

Work has commenced moving the building from John Hallock's place, Sound Avenue, to John G. Reeve's farm at West Mattituck, which we understand, when completed, will be occupied by Mr. Reeve's son, Ellis.

H. H. Tuthill's gang of house movers have been moving the house of James Lindsay from its present site to a more suitable location on Bergen Ave.

The asparagus cutting at time of writing still continues heavy, notwithstanding the weather is somewhat cooler. At Hudson & Co.'s factory 5,000 cans a day are being put up, the force some days being kept on until 12 o'clock at night. Some very heavy cuttings are reported, among which are James Wickham of Cutchogue between 500 and 600 bunches a day; at Husing's asparagus farm 750 bunches were cut on Monday. At Hudson's factory they say that the past week has been the heaviest in amount of asparagus received since 1892. John G. Downs had some of the largest and finest grass in this vicinity. In a shipment Mr. Downs made to Brooklyn's canners, Humbert & Andrews, this week, of 150 bunches, there were only six bunches of culls.

J. Wood Wickham has just completed the handsome windmill outfit for Robert Burns, of Oregon. Mr. Burns' father and brother from Cutchogue, upon inspecting the outfit, were so much pleased with it that they contracted with Mr. Wickham for a duplicate plant.

Rev. Mr. Weller of the M. E. Church is endeavoring to organize a club among his young people for the purpose of engaging during the summer months in outdoor pastimes, such as tennis, croquet, etc. Why not also start next fall a young people's Dramatic Club? Is it necessary for all Dramatic plays to come from out of town? A dramatic entertainment of home talent properly conducted is certainly much better for the moral uplifting of the community than some of the traveling shows that are bound to come if there is nothing of the kind at home.

Through the real estate agency of Riley Bros., Charles W. Wickham has sold a tract of woodland containing several acres situated on Deep Hole Creek to parties from the city.

Some parties, in order probably to make a shortcut, have lately been in the habit of crossing Bethany Cemetery and in doing so are making a footpath across some of the lots. We are requested to remind those that do this that the cemetery lots there are private property and as the owners take considerable pride in having the grass look nice they naturally resent this intrusion. Probably it is thoughtlessness on the part of the trespassers, and this hint ought to be sufficient.

M. Bayer, the owner of the Long Creek Bridge Cottage, who is a builder from Weehawken, N. J., is down to spend the summer and is building a barn and making other improvements about his property.

Boss Ruland has C. C. Benjamin's new barn about completed, and it is a marked improvement to Mr. Benjamin's place.

C. W. Wickham has had all his numerous farm buildings freshly painted this spring, which makes a great improvement to Marratooka farm, which is one of the most attractive farms in Mattituck.

Arthur Havens Penny, who has for some months been in the Western States, arrived home last week and brought a bride with him, who was Miss Annette Marie Naumer, of Oshkosh, Wisconsin. Mr. and Mrs. Penny met and became acquainted at St. Louis.

Joseph Williams, while working in his garden, which is on the land of Mrs. Wolf in the western part of the village, found a Jersey penny of the coinage of 1787. On one side is a shield with the inscription, "E Pluribus num;" on the reverse side is a plow and horse's head and the Latin inscription, "Nora Cesera." Nora New Cesera is Latin for the Isle of Jersey. A similar coin was found several years ago by our village sexton in opening a grave in the old burying ground.

The foundation has been laid for Captain Anson Peterson's new house, which is soon to be built on the Bay road. Ground has been broken and work commenced on the foundation for the new house to be built by a New York lawyer, at the head of Little Cove, Deep Hole creek, on land recently purchased of C. W. Wickham.

Gordon's merry-go-round put up its tent on C. McMillen's lot last Saturday, and now young America will have a chance to blow in their nickels for a time.

Emil Myrus, A. L. Bennett, Willis A. Tuthill and Joseph W. Cooper, of this place, have been drawn as jurors on the Hinckman murder trial, which will commence June 25.

A narrow escape from being cut to pieces took place at the railroad station here last Sunday. A Polish man stood with his back to the train, one hand grasping the handle of the car, when the train started. The man was thrown around and instead of landing on the steps, fell between the cars. He held on with grim determination, but for a moment it looked as if he would go under the train, which was now moving swiftly away from the station. But with a super-human effort he managed to swing himself on the steps of one of the cars and was pulled safely inside almost exhausted. It was a very narrow escape from what would have been a terrible death.

The cannery of Hudson & Co. is still running at its utmost capacity, sometimes being obliged to make overtime. In order to encourage their women employees, the wages here have been advanced two cents per hour and five cents for overtime. Hudson & Co. are also very busy outside from the asparagus work, as in order to secure an ample supply of tomatoes for their Fall work they have put out 25 acres for their own use, which makes a good amount of extra work. Altogether some 50 hands are employed by this firm, and two teams are kept busy; also, this week an extra team and man had to be secured to cultivate the tomatoes.

Riley Bros. opened their new bowling alleys last Saturday evening. This is one of the finest alleys on the East End, the four alleys and their equipments alone costing \$1,400: the whole building about \$3,000. Every precaution has been made to make it as noiseless as possible, and one sitting in the public reading room of the Free Library, which is only a short distance from the alleys, will hardly hear any noise while they are in use. The fittings are all up to date and of the best material. The front of the building has two large plate glass windows, and ornamental woodwork, and is one of the finest fronts of any place in the village.

The work on the Breakwater is now about completed, and we understand there is a considerable amount of money left for dredging, but whether it will be done this season or not we have not learned. It seems as if it would be better to have this done as soon as possible, as it seems to us that now the Breakwater is completed, the sooner the channel was dredged out the more chance it would have to deepen by the action of the tide, before the heavy North winds of the winter.

Mattituck people are much pleased with the early mail and newspaper train which is run this summer by the L. I. R. R. Co., and yet do we hear an echo from the far distant hills of Long Island Sound, saying that the company never did anything for its patrons?

G. H. Fischer, our popular marketman, has quite a smile this week, and that bright, little fellow, Earl, who wins everyone's heart with his cute ways, says he isn't the baby any longer, for there is a little sister at home. Congratulations.

Boss Charles M. Robinson has contracted to build Captain Peterson's new house on Bay road.

The body of Mrs. Betsey Jane Tuthill, of this village, was found on Thursday morning last lying in a furrow that had been recently plowed, between her house and that of James Jones. Coroner Peterson, of Cutchogue, was notified and found that death was due to an attack of apoplexy. It will be remembered that Mrs. Tuthill had for several years led a rather restless life, moving her little house from one site to another, only to have a disagreement with her landlords wherever she went. At last, about a year ago, she was ejected from her home because she refused to move her house from the land of an unwilling landlord. After this the house was sold and then Boss F. S. Ruland built her a neat little bungalow on his land, between the canning factory and the house occupied by James Jones. Here she lived and found employment in the factory, where she was considered very good help, notwithstanding she was over 71 years old. On Wednesday she was in an unusually happy state of mind, and told some of her fellow workmen that she was not going to work the next day as she was going to celebrate the anniversary of her forcible ejection from her old home, as she had been so much happier in her new home. Sure enough the poor old lady did take the long, long holiday of rest that must sometime come to all, and Saturday she was laid at rest in the old cemetery here beside her ancestors. Another curious coincidence with the death of Mrs. Tuthill was she had just taken from the Public Library Marion Harland's "Alone," and the work and a lighted lamp were found in her room the next morning, which conclusively shows she had read quite late the evening before, and perhaps up to the time she was stricken. Mrs. Tuthill had a son and daughter.

Our pond fishermen here have taken out their nets and laid up for the season. It has not been a very profitable one, and we believe this has been a general complaint everywhere.

City people are coming out here earlier than usual this year. Mrs. Willis Tuthill has her cottage at the bay nearly filled now, and others have quite a good many boarders already.

The St. Andrews Tennis Club has formally opened its courts on Pacific Street, and we presume many pleasant afternoons will be spent there by its members

A. L. Langdon, manager of the L. I. R. R., in a letter to Mr. A. R. Conkling, manager of the L. I. C. A., says that until Oct. 1 the company will make a reduction of 20 per cent on freight rates for stable manure; and as the dealers also make a cut price during this season of the year, urges farmers to improve the opportunity to obtain the same.

The streets in Mattituck are very dusty. We ought to have a water wagon.

Last Thursday we had the pleasure of taking a trip on Elmer D. Tuthill's new gasoline launch. The weather was very favorable and leaving Mattituck creek in the forenoon we, a party of five, headed for Saybrook, Conn. This was practically the trial trip for the launch. A short run in the swell along the shore had been made previously, but this was the first test in a long run, and the boat certainly made a fine run. We enjoyed ourselves very much in the historical town of Saybrook for several hours. Much of interest is to be seen there historically, such as the ancient Congregational meetinghouse that dates back a couple of centuries; the grave of Lady Fenwick, etc., and the many colonial residences. But a mark of improvement that interested as much was

several miles of macadamized streets, which were certainly fine. Upon inquiry we found it had now been in use nine years, and cost 98 cents per square foot to build, but requiring no repair whatever during the nine years. It is now, however, showing signs of wear in the wheel tracks, and will probably require repair soon. On our return home the handsome boat developed even greater speed than on the trip going over, and in making the run to Mattituck breakwater she made about nine miles an hour, and we arrived between the two breakwaters just at sundown, all having enjoyed the trip very much, and decidedly in favor of voting Mr. Tuthill's boat one of the finest and congratulate him upon his success on the trial trip.

Crabs are very scarce again this season in the creek. Last year the wise ones laid it to the hard winter previous. This year they attribute it to the mild winter.

Boss F. S. Ruland, having completed C. E. Benjamin's new barn, which is a very neat looking building, is now making repairs to the barn of Stewart Bros.

Boss C. M. Robinson has Capt. Peterson's new house raised and fairly under the course of construction. It will be a very neat cottage when completed.

The body of John G. Glover, of Baldwin, was brought to this place for interment in the Glover plot, old cemetery, on Monday.

Miss Mary Morton has a new canoe in Mattituck Creek, and she is quite an expert with the paddle.

There are four gasoline launches now in Mattituck Creek. The owners are Peter Wyckoff, P. H. Duryea, H. R. Conkling and Hallock & Dayton. It is hoped that we may have a race between these boats, in the near future.

During the past year there have been about 8,000 volumes circulated from the Mattituck Free Library.

Next Saturday evening those who like to attend a good show can have the opportunity of doing so at Library Hall, when Wilbur Amos will give his first-class vaudeville and moving picture entertainment. Mr. Amos has always given his patrons on the Island the best of satisfaction, presenting clever specialties, beside the best of moving pictures. He will be assisted by Mr. Busk, the musical peddler, who will present a number of new musical selections. Don't fail to see the funny roller-skater.

Mr. and Mrs. Allan Forman spent last week at Cox's Neck. Mr. Forman is editor of The Journalist.

Mrs. Frances Wines, widow of the late Barney Wines, died at Echo, last Thursday. Her remains were brought to this village for burial Saturday, the funeral services being held in the Presbyterian Church, and conducted by Rev. C. E. Craven. Mrs. Wines was much respected in Mattituck. She was 74 years of age.

Young crabs are very plentiful in Mattituck Creek this season. It is thought there will be fine crabbing in September.

The continued wet weather has commenced to show a bad effect in this vicinity. Many fields of potatoes are showing signs of blight, also tomatoes, and it has also been very bad for harvesting wheat, cabbage seed, etc.

B. S. Conklin recently purchased of Miss Florence Reeve for Mr. Hollister, of New York, her interest in a tract of beach, near James Creek.

A party from Mr. Klein's boarding house went on a pleasure trip this week to Paradise Point in the launch Hermes.

The outside cover to the visitors' register at the Mattituck Free Library has been very neatly decorated with an artistic title painted by P. Harvey Duryea.

The seventeenth annual Midsummer Concerts was a grand success, both financially and otherwise. A large and well-pleased audience listened to the fine music and were enthusiastic in the reception accorded the artists. Mr. Gildersleeve, the manager, deserves great credit for his energy in arranging these delightful concerts every summer. The star of the evening was Miss Clara Strong Tuthill, daughter of Nat S. Tuthill. Her appearance at each number was greeted with prolonged applause. The selections rendered by Mrs. Mary Nickeus Shultz, contralto, were enthusiastically received and the duets by Miss Tuthill and Mrs. Shultz were of a high order. Mr. Ferdinand Torriani's baritone solos were much appreciated by the audience, and he was encored time and again. Miss Grace Adele Newell at the piano added much to the success of the artists. The half hour's humorous selections by John F. Dillon was a pleasing feature of the evening's entertainment.

Mattituck is one of the liveliest towns on the Island this summer. The boarding houses are well filled with boarders. We have two bowling alleys both doing a fine business, in fact rolling in the money for the proprietors; a first-class entertainment at the hall every Saturday night; straw rides, sailing parties, picnics and numerous other attractions. Why, we heard the other day that there was a family from Riverhead that wanted to get bored here, don't blame them. This is the place to live in. Mr. Editors, why don't you move the Review down here and be in it, but then we don't know as Uncle Sam would have mail pouches enough to spare here for your paper, as it is no unusual thing now to see six or eight well-filled pouches go out of here on one mail. What are they filled with, did you say? Souvenir postals of the beautiful local scenery? Yes, they help, but for the bulk comes from the large mail orders for the excellent seeds of the Long Island Seed Co.

On a wheel-ride from Mattituck to Cutchogue we observe that the fields of potatoes are fast dying, either from blight or some other cause. Some of the farmers say they are unable to tell the cause, but they think, however, there will be a good crop.

On Sunday last the body of John L. Shirley, of Brooklyn, was brought to this place for interment in New Bethany Cemetery. Deceased was a son of John Shirley, who for many years was proprietor of the Mattituck House. He had been in poor health for a number of years and was a great sufferer. He was a member of the F. & A. Masons and Knights of Malta; also a member of one of the N. Y. Vol. regiments, all of which bodies sent handsome floral remembrances. Six members of the Masonic order acted as pallbearers here. Mr. Shirley was 57 years of age and was never married. Two sisters and a brother survive him.

Last Saturday, two launches, deeply loaded with potatoes, the Arrow and the Elk, left Mattituck Creek for Connecticut. These boats make quite a trade here every fall and it seems too bad that the work of dredging, for which money is appropriated, could not be done as soon as possible so that there would be less difficulty in getting into the creek. As it is now, there is a sandbar reaching nearly across from one breakwater to the other and it takes nearly high water for a loaded boat to pass in or out. Were the dredging done up to Bailey's Flats, a distance of about 50 rods, the passage up to the old mill would be comparatively good.

We have heard much unfavorable comment lately about the deplorable condition of New Bethany Cemetery. The grass and briars and scrubs have been let grow, so that it is hardly fit to drive in there in a nice carriage and, of course, for those on foot it is still worse. It certainly seems too bad that this state of affairs should exist, but as many of the complaints are from owners of plots who have a vote at the annual meeting, we would strongly advise that they attend that meeting and talk the matter over, and perhaps something could be done to better things. We also hear complaints that cows and horses have been pastured in the cemetery during the past summer and have trampled over lots that were kept in order by private individuals. We hope this is not so, however.

Last week being the closing of the summer, it was taken advantage of by a number of camping parties. One of the merriest of these was at Hamilton's bungalow on the Sound cliffs in the eastern part of Oregon. The party was composed of the Misses Hattie and Laura Tuthill, Marguerite Wickham, Edith Perry, Arline Appleby and Mary Morton, and were under the espionage of Aunt Mamie Hamilton. These young ladies spent a most enjoyable week, sleeping in hammocks at night and taking in the beautiful moonlight scene as it shone on the ripples of old Long Island Sound. The days were spent in various camping sports and cooking some wonderful repasts over the campfire. They all returned home Saturday with plenty of tan and feeling much regaled with their week's pleasure.

Another camping party, and also a merry one, was at Penny's bungalow on the west side of the creek. This was composed of seven very sedate young ladies.

Epemetus Reed, aged 80 years, a guest at Mrs. H. D. Mould's, died suddenly of heart failure on last Friday evening. In the absence of Coroner Peterson, an inquest was held by Justice Wm. B. Reese and the body was taken to Schodack Landing, Saturday.

Wm. A. Anderson, an aged colored veteran of the Civil War, died at his home here, last Friday, aged 82 years.

Crabs are unusually plenty this fall and of excellent quality. Some fine catches of soft crabs have been made. "Slats," our crack shortstop, captured two dozen fat, juicy ones in a short time the other morning. Oysters in the creek also promise to be fine again this year.

Jos. Moore has thoroughly rebuilt the farmhouse on the Reeve homestead place. Chas. E. Benjamin is having an addition built to the rear of his residence. The house occupied by Ray Levy has recently been painted.

Probably as good an argument for a union school as we have had lately is at the West Mattituck School. At the annual school meeting the usual appropriation for current expenses was made, and as many of the children from the district had been going to outside schools, it was thought best to secure as good a teacher as the district could afford. So the services of Miss Ruth Case, of Peconic, a graduate of the Greenport High School, and a young lady of excellent faculty for teaching, was secured at a salary of \$45 per month. But somehow the parents decided that as the record of the graded school in Mattituck Village under Prof. Sweeney and his capable assistant was so good, and as also through the energetic move of Trustee Fischer this was also made a Regent school, the result is every morning there is a long line of children mounted on bicycles on their way from West Mattituck to the big school in the village, while the lonely young High School graduate calls to order her one pupil and companion of the day, Gilbert Aldrich, Jr., and they go through the day's routine. Certainly young Aldrich ought to be a well favored young man, and if he gets all that \$45 worth of education into his brain during the term, he will do well. While in the meantime we wonder how long people will persist in the little outlying district schools instead of uniting in one good union school where a child can commence with the simplest rudiments and graduate prepared to enter college or a business career.

A special school meeting was to have been held last evening at West Mattituck to consider the advisability of closing the school and uniting with our school. Miss Case, the teacher at West Mattituck, frequently has the school house to herself and it seems the most sensible thing to do to put the two schools together.

Capt. Elmer Tuthill's launch took a pleasure party to New London last Saturday, returning that evening.

It is expected to commence work soon on a building to be used for a fire-engine house.

The M. E. Parsonage has just been newly painted by Boss S. H. Howell.

Quite a serious shooting accident occurred here on Sunday at the Old Mill in which Jack Sturgis, of Hoboken, N. Morton, of this place, was summoned and succeeded in locating and extracting the bullet and it is thought nothing serious will result.

A number of years ago the late James R. Hallock, then roadmaster of the West Mattituck District, built a sidepath from the Glover place (now residence of the Rev. W. A. Wasson) to the L. I. R. R. crossing at Penny's lumber yard. This path was built by plowing up a back-furrow and then shoveled up by day laborers. It was always dry and in even heavy rains was a good path for foot passengers and bicycles, but Mr. Hallock was considered old-fashioned and not up-to-date and did his repairing on this path by the use of day laborers with shovels. Finally there came a change in the administration of the roads and new up-to-date men were put in who did not believe in day labor work on the highways, but advocated machines and teams and a machine was made to keep this sidepath in repair. This machine is drawn by horse power and scrapes the top off smooth, leaving a ridge each side until now the path is from two to six inches lower than the outside. This works very well in dry weather but Oh! When it rains! Well, a facetious young man remarked the other day, "Did you come down the West Mattituck canal this morning?" Moral: Don't reject old-fashioned methods until you are sure the new ones are better.

George L. Penny is building a barn and stables to the north of his lumber yard. The old barn will be taken down.

Dr. E. K. Morton is having his fine residence on Mattituck Creek painted by S. H. Howell and his assistants.

The shipments of potatoes from here have been very heavy and both farmers and buyers are busy these days. Those who have cauliflowers that are marketable are coining money. Howard Hallock, I. N. Teed, and Patrick McNulty are among the most fortunate ones and are getting from \$3 to \$6 per barrel.

Mattituck Creek oysters are in great demand this fall, but the supply is very limited. The quality never was better, and \$2 per bushel is the price.

At the Long Island Seed Company's building there has been on exhibition a stalk of the largest and finest brussels sprouts we have ever seen. The whole stalk from the top to the root is completely covered. It was grown from the imported Danish seed.

Seymour H. Tuthill and wife, who have been enjoying a well-earned vacation with friends in Connecticut, returned to Shady Point Cottage last Thursday.

A petition was circulated and signed without objection by all the taxpayers, asking that a proposition for appropriation for a suitable iron draw or lift bridge be voted upon at the Town election this spring. We hope all who have an opportunity to vote upon this appropriation, will remember it is actually necessary if the improvements to our creek are to be forwarded.

We are asked to say that the time has rolled around when subscriptions for our Free Library are again due. Cannot each one hand their subscription to one of the members of the Committee, Mrs. A.L. Downs, Mrs. J.M. Lupton or Mrs. G. I. Bergen? Or what would perhaps be still more convenient, to the Librarian, Elmer Tuthill. If all would do this, it would save a lot of trouble and greatly forward the work of this excellent institution of ours.

Oregon is to have a new store soon. We understand the proprietors are to be A. Montfort Wyckoff and a Mr. Lennon of Quogue. The store is to be conveniently situated near the Wyckoff homestead, a very central location and we see no reason why the young proprietors should not meet with success. Oregon has produced a number of our best businessmen in Mattituck, and it ought to be able to support a business of its own.

Henry Davis has commenced work in his new position as foreman of F. M. Lupton's place. Mr. Davis is a very capable man.

Otto P. Hallock, our enterprising coal and produce dealer, is building an addition to his storehouse.

Peter Montfort has bought of Jack Zenzius the bay gelding Caraway Bay, a trotter with a record of 2:13.

March 15th, 1907**Mattituck**

The shoe store of W. Gordon Hazard was entered last Friday night by burglars, who gained admission by breaking a piece of the large window near the fastener, thus enabling them to enter. About \$30 worth of hosiery, shoes and rubbers were taken. The money drawer was opened by removing a batten from the side, but it only contained a few cents in change. Some of the hosiery boxes were found on the railroad track the next day. As yet there is no clue to the burglars.

A petition is being circulated in this place and other parts of the town, asking that a vote be taken at the coming town election to appropriate \$1,000 for the use of the Trustees to employ counsel as to the rights of the trustees over lands under water as per decision in the case of the Town of Southold against Parks and others. There seems to be a doubt as to what authority the town trustees have. It seems to us that if we are to have a Board of Trustees, it would be a very good idea if they knew what they could do and what they could not.

Herbert R. Conkling has sold his house on Pacific Street, recently occupied by Elmer Bond, to LeRoy Hallock. Mr. Hallock is one of our energetic young carpenters and will undoubtedly make considerable improvements to the place.

The Westphalia Road is becoming a favorite place for building, as the location is convenient to the village and lots can be purchased there at reasonable figures. Our new house has been about completed there and another ready to be started as soon as the weather will permit the

laying of foundation. Edgar Cox, we understand, has several eligible lots there that he will dispose of at reasonable figures.

Dr. S. Busby Allen, of Riverhead, came here Wednesday and performed an operation for throat trouble upon the youngest son of Chas. W. Wickham.

While speaking of city advantages and, among other things, how one can step into a repair shop and have your shoes fixed while you wait, our old friend Rourke says that can be met right here in Mattituck. Bring along the shoes, plenty of convenient seats for waiting, and if you get tired, buy a paper and read the city news, and if you wish local news, keep your ears open and stay long enough, you may hear something about yourself.

Mattituck Creek, which has been closed with ice nearly all winter, is now open, to the satisfaction of all who enjoy the clams and oysters in which the creek abounds.

Large quantities of fertilizer have arrived here, ready for spring planting, but the roads in some sections have been very bad, owing to the frost coming out of the ground.

The "chug chug" of the motor boat is once more heard on the creek; Peter Wyckoff making the first trip from the Mill to the village on Monday. He was obliged however to "buck" ice for several rods near Klein's Point.

The west crossing near Penny's lumber yard is very a very bad place now on a dark night. The R.R. Co. started to put in a new siding there some time ago but gave it up on account of the cold weather, and now one has to cross the uncompleted work with its loose planks, etc., which makes it very disagreeable to say the least on a dark night.

Otto P. Hallock, who had to remove his coal bins last fall on account of the changes made by the Railroad Co. in its side track, is now laying the foundation for some large bins on Mrs. Ghent's property. They will be built quite high and the coal will be hoisted in tubs to the bins, which will be made with chutes at the bottom so as to load wagons without shoveling and will also screen the coal as it loads it, which will be a great improvement.

How pleasant it is, in the busy springtime, when one is good and tired, to lie in bed and try to get some sleep amid the dismal groanings and howlings of the Railroad Co.'s windmill that it never uses. That's how we enjoy life in Mattituck nowadays.

Will Rambo and Robert Lahy, Jr., two young men of this village, started this week for the West. Will goes to California and Rob to North Dakota. We wish them abundant success in their new fields of labor.

The nomination by the Democratic party in this town of G. Frank Tuthill for supervisor is a good one, if you are looking for an honest man who will, if elected, serve his town with honor to himself and the people having been in his employ at one time having a personal acquaintance, we feel sure of what we say.

Bass mummies of a large size are very plentiful in the creek this spring. Tuesday Capt. Thomas Reeve made a big hand of them, disposing of \$12 worth in one day to poultry raisers to make hens lay. Eggs will be cheap now.

H. H. Tuthill's force of workmen were here this week and removed the old boiler from Hudson's factory preparatory to putting in a new one.

P.V. Butler, agent for the Harlowarden Greenhouses, is having a large show window put in his shop in which to display the plants and cut flowers.

Edgar Cox commenced his new duties Monday as teamster for Hudson & Co.

Several have asked us if the Fishing Co. that had two ponds off this place expected to operate this season. We may say that we have it upon good authority that they are already making preparations for the spring work. Also that they will run a wagon through the village and vicinity certain days and will supply the people with fresh fish right out of the water at reasonable prices.

D. A. Young, who is home for a short time, is building several boats for Mr. Conkling for his fishing and oystering business.

The remains of Catherine Long, widow of Henry Long, were brought to this place for interment in New Bethany cemetery on Wednesday. Deceased was 89 years old.

Long Island Railroad surveyors were here last Thursday afternoon making a survey of the three dangerous crossings in this village. The company evidently intends to comply with the wishes of the people and furnish better protection.

Postmaster H. P. Tuthill has Boss W. R. Gildersleeve at work making many improvements in the post office. Entire new fittings are being put in which will include quite a number of new call and lock boxes, also a registry and money order window and other improvements.

Mrs. L.K. Bell, who has for a number of years made her home for the greater part of the year at Mrs. J.C. Wells', died there Saturday night after a long illness. She was nearly 70 years of age. Mrs. Bell was a lady highly respected in the community and in a quiet, unassuming way did many kind deeds of charity. The interment was on Tuesday in New Bethany cemetery.

Quite a number of changes of residence will be made about here this spring. Thos. Zenzius has moved his family in Mrs. Loomis' house on South Main Street; on Pacific Street, Thomas O'Neill will occupy his new home recently purchased of Wm. Tresback and LeRoy Hallock will move from G. B. Reeve's cottage to his new home recently purchased of H.R. Conkling.

A number of car loads of seed potatoes arrived here this week from Maine. A number of the cars are rather crude looking affairs. They are built up from flat cars of the Bangor & Aristook Railroad of rough spruce lumber, are fitted with air-tight wood stoves and a supply of birch wood for fuel. The stock looks bright and good we understand, and is giving satisfaction.

We submit to the readers of this paper and to the voters of Southold Town the following reasons why the appropriation should be carried for building a suitable bridge across Mattituck Creek at the old mill: 1. Last year the Town Board condemned the old bridge as being unsafe. 2. The U.S. Government has put out its contract, for the dredging and opening for navigation, Mattituck Creek, during the coming season. 3. The old bridge as it now stands in an obstruction to navigation and must be done away with. So don't stand in the way of these improvements, but on this appropriation especially, vote Yes.

Riley Bros. shipped a carload of horses to New York Wednesday. Horses are high in the city, and so Messrs. Riley bought a lot there and sold them to New York parties.

William T. Riley sold two shares of Mattituck Bank stock Wednesday for \$130 per share. The purchaser was William Hudson.

We are asked to deny the assertion that the mouth of Mattituck Creek was at one time entirely closed as was made by a newspaper correspondent some time ago. We read the article, but paid little heed to it, as it was, we knew, like many other effusions from the same writer, utterly without foundation. The creek was *shenler* at the mouth as all expected it would be without the necessary dredging above, which is to be done this spring, but as to its being entirely closed, that was merely the result of the vagaries of a disordered brain, like the Bank Arithmetic and other pet hobbies that our unfortunate brother correspondent constantly rides.

We have also been asked to give in the columns of the Review some estimate of what the proposed draw or lift bridge at the Mill will be. This is rather a hard problem, as that remains mostly with the Civil Engineer that will be employed by the town to prepare plans and specifications, but we might say that it is proposed to have a depth of 11 feet at common high water where the abutments will be placed and the span will probably be about 50 feet. There is one thing, however, that should be taken into consideration by the voters. The sum asked for many seem large but keep it in mind that the U.S. Government is doing the work in improving the creek. When they get to the Mill with the dredging, if the town does not have a suitable draw bridge there for purposes of navigation it will simply be obliged to make one. So why not appropriate a suitable amount at once? It is not much a case of what you are willing to do, but what you eventually have got to do.

Many of our farmers are setting new fields of asparagus this spring. This crop is found to be a better paying one every year, and it is fast becoming the same important industry it was when it was first introduced here.

Wm. H. Hudson, the senior member of Hudson & Co., has bought the fine cottage on Suffolk avenue, built several years ago by his son Joseph Hudson, now of Holley, N.Y. The property was bought a few years ago by Geo. T. Bergen, who thought he would try life in the village, but after a few months went back to live on his farm with his son in quiet old Tuthilltown. Mr. Hudson now becomes once more a permanent and valuable addition to our business citizens.

Our enterprising young men of the Mattituck Brass Band will give an excellent entertainment, consisting of vocal and instrumental music and a one-act farce entitled, "The Stag Party," This will probably take place about May 4. Please remember it and come out and help the boys. They need the money and we need the band.

A car of seed oysters arrived here this week from Greenport which will be planted in Mattituck Creek by several small local growers. We understand Capt. Jacob Ockers will plant several hundred bushels near the Mill this spring. He was here lately looking over the grounds. Otto P. Hallock has just recovered from a severe attack of ptomaine poisoning. He was unable to find the cause.

Charles Stevenson, of Long Island City, a boss mason and a brother-in-law of Joseph Hudson, has been in town this week laying the foundation for Hudson & Co.'s new boiler.

The forecast on local politics given last week proved to be a good one. Frank Tuthill, the successful candidate for Supervisor, certainly made a good run in this district, as also did Reeve, the Democratic candidate for Assessor. Reeve for Justice made as we expected a great showing and two years hence, it is already suggested he may be the Republican candidate for Supervisor. We have never had a Supervisor in Mattituck. Mr. Tuthill, the successful candidate for Assessor, has the reputation of a fair-minded man and we feel sure that he will do his duty well, not forgetting the dogs.

Mrs. Electa Corwin, widow of Joseph H. Corwin, died here Tuesday, aged 80 years. Mrs. Corwin had long been a great sufferer. She is survived by two sons, Oliver C. Corwin, of this place, and Egbert Corwin, of Southampton.

A car load of furniture arrived here this week for Mr. Lowden's new place at the bay. Luther B. Cox, a well-known farmer and for two terms Highway Commissioner of Southold Town, died at his home on Cox's Neck Wednesday afternoon. Mr. Cox has not been well for some time. He is survived by two sons, Shirley G., and Harry G. Cox.

Prin. Sweeney has resigned his position in the public school at this place, having had a better offer elsewhere. The remainder of the term will be filled by Mr. Gates, who has been principal of the Oregon school.

James A. Gildersleeve has moved into G. B. Reeve's cottage on Pacific Street where he expects to live until his new house, which is to be built on Suffolk Avenue, is completed.

Joel Williams, who has for some time been working at the west end of the Island, is home again, and tells us that, owing to the illness of his wife he will not return, but will take up his old vocation of upholstering, carpet laying, etc.

Gustav Bayer, who has a cottage near Long Creek Bridge, arrived here with his family from Weehawken, N.J., Tuesday. He is a boss builder and will commence work at once for Berger Brothers, of Weehawken, on a summer cottage to be built on a lot adjoining his.

Our young people who wish to get hold of some good useful reading matter should ask for one of the volumes in the Free Library on Nature Study. To study the lives and habits of animals and birds and also about the various trees, plants, etc. should be far more useful than Alger's fiction. A new volume on Nature Study has just been received from Cornell University.

Mattituck Brass Band has moved into its new headquarters over the Fire Engine House on Pike Street. Have you heard those notes from a baritone horn afternoons and noted how they were approaching perfectness every day? Well that is "Chub" and he is getting there, too, Practice makes perfect.

We hear that Preston B. Ruland has purchased the Newbold farm at Oregon.

The backward spring has necessarily put all farm work back. Those that have cabbage for seed have them set out now and report as a rule that they have kept quite well during the winter. Not many potatoes had been planted before this week, but this was a great scene of activity among the farmers. Help at this season is scarce and at a premium.

Otto Magdefrau has been making considerable improvements at the Mill, preparing for another successful season. He has a very slick little launch he runs to and from the village.

Capt. Tom Zenzius is meeting with good fortune in his scalloping venture this spring and considering the scarcity is doing extra well.

Rev. A. R. Eagan, insurance agent, well known on the East End, died Sunday at the home of Herbert M. Reeve, of West Mattituck, of pneumonia.

The Rev. W. W. Weller, formerly pastor of the local M.E. Church, has been transferred to Westhampton Beach.

The fire engine and hose carriage for our Fire Department arrived this week and is now housed in the new engine house. Those who claim to be good judges of fire engines say it is a good machine and one that can do lots of business if properly handled.

It is expected that the firm from New Haven, Conn., that has the contract for dredging Mattituck Creek will send the apparatus here as soon as the weather becomes settled so they can work at an advantage. With the present prevailing high north winds it would be impracticable to work, but as soon as the weather improves operations will probably commence.

Barney Garvey, an aged resident of Oregon, died at his home last Saturday, aged 77 years. Mr. Garvey was one of the old Irish emigrants that came to this country many years ago, and settled, and through economy and industry accumulated a nice property. Two sons survive him, Barney, who is in the employ of the N.Y. & N. J. Telephone Company, and Charles, a farmer of Oregon. Funeral services were held at the R.C. church in Cutchogue Monday morning.

Mrs. R. S. Fanning has purchased the house in Laurel owned by N. S. Tuthill, of Mattituck and what was formerly known as the "old store."

Mrs. John Kovacs, who has been in ill health for some time, returned to her home last Sunday from the St. Vincent Hospital where she had been for an operation.

Miss Sarah Woodfield was taken to St. Peter's Hospital yesterday morning for an operation for appendicitis.

April 26th, 1907 **Mattituck**

A meeting of the voters of Mattituck Fire district was held last Thursday evening in Fireman's Hall for the purpose of electing a chief and assistant chief, and to obtain the names of those who wished to become members. Rev. C. E. Craven was called to the chair and James L. Reeve acted as secretary. Fire Commissioner O. P. Hallock read the by-laws relating to fire districts and said the commissioners were empowered to appoint a chief and assistant chief, but the commissioners preferred to hear the voice of the people by ballot. The chairman appointed E. L. Cox and C. Chapman, tellers, and a ballot vote was taken which resulted in the election of James A. Gildersleeve as chief, and W. H. Reeve assistant chief. An engine company and hook and ladder company will be organized as soon as the necessary apparatus is secured. Work has commenced on the fire cisterns.

Wallace Tuthill and assistants are painting the residence of William Hudson.

Rev. Ray Pierson preached his first sermon in the M.E. church last Sunday. As Mr. Pierson is still a theological student, we understand he will not make his home here, but will preach each Sabbath and return to the city Mondays.

E. D. Ruland is having a windmill and water system installed at his farm.

The boys, and some say quite old boys, played "high jinks" around town, Friday night, changing signs, leaving wagons in all sorts of places and raising riot generally. Some say it was the result of the midnight degree. We don't pretend to know, but we do know there was a good deal of righteous indignation among the owners of missing property the next morning.

Felix Cummisky was taken to a Manhattan hospital last week for a severe case of blood poisoning. Mr. Cummisky is a hard-working man with a family, and this trouble comes very hard on him at this time of year.

A case was brought before Justice Reeve at H. P. Tuthill's office, Friday, resulting from an altercation with two Polish men. As both seemed to be at fault, they were discharged with a warning from the Justice to control their wrath hereafter.

Those who enjoy a good show will be pleased to learn that Reno's Joshua Simpkins Co. with the mill scene and other attractions will be at Library Hall, Thursday, May 2. This company appeared here last year and drew a large house and was pronounced the best play ever given here.

D. A. Young, who has been spending a vacation here for some time, returned to Glen Cove to work with Boss Ernest Duryea, of Riverhead.

Some of the juveniles started the baseball season here Saturday, with a game at Laurel with a nine from that place.

Highway Commissioner Fleet's men were up here Wednesday with four horses and the steel road machine doing some good work.

A number of young friends of Miss Priscilla Hawkins met at the home of Miss Maybelle Penny last evening and proceeded in a body to Miss Hawkins' home and took her by surprise. The hostess was equal to the occasion, however, and royally entertained her guest. The evening was very enjoyably passed with music, games, etc. A bountiful supply of good things to eat were brought along, and the merry party danced until the early morning hours, when they departed for their homes.

In traveling from Mattituck to New Suffolk by the old highway, one cannot help but note that many changes and improvements which give an air of thrift and prosperity to this section. As the Cutchogue Presbyterian church extensive improvements are going forward. A large addition to the rear is being built and a new pipe organ are manifestations of the prosperity of that organization. The handsome new residence of Mr. Hand on the south side of the road, is also a fine addition to the residences. Where will you find a more beautiful and well-kept property than the Church of the Sacred Heart, with its rectory and handsome grounds? And in fact all along the road the people are constantly making improvements. The stretch of highway from Cutchogue to New Suffolk, which was once considered a very bad piece of road, is now a fine one and there is a good bicycle path all the way alongside. Great improvements to the roadbed are made now every winter by a liberal application of oyster shells, and it is well too, that this road should be kept in good condition, for here thousands of dollars worth of lumber, oysters, scallops, clams, fertilizer, and various kinds of produce are carted every year. In New Suffolk village too, one can easily note great improvements; not only in the many new and handsome cottages of the city people, but the villagers show an air of prosperity, and when not many years ago there where what one might call "shanties" now neat and well-kept cottages appear. We hear that these sister villagers propose to build a hall and lodge room and we can but wish them success in their enterprise.

The remains of Gilbert Terry, of Orient, former proprietor of Peconic Inlet Mill, were brought to this place Monday and funeral services were held in the M. E. church at 2:00 p. m. Interment in the New Bethany cemetery.

Edward Drum was committed to await the action of the grand jury on a charge of assault and was taken to Riverhead last week, by Justice Reeve. Drum has for a long time been exhausting the patience of this neighborhood and other places, with his bad acts, and it looks very much now as if he had reached the end of his tether.

A young colored lad of this village, who is sometimes called "Highboy Jr.," shows a remarkable gift of enterprise. His father, thinking he was in need of a pair of pants, gave him a half-dollar and sent him to the village to procure the same. The lad however, invested the "half-punk" in a setting hen, because, he said he knew where he could procure some good eggs and make more than the price of several pairs of pants. That boy is sure to rise.

Gustav Bayer has the new cottage at Kenlo Park nearly completed. He is a hustler and does a good job, too.

We hear that more lots have been sold and several cottages will be erected at the park. It is an ideal spot.

Wesley Raynor, of Oregon, and Miss Addie Raynor, were married last Wednesday night. We understand they will make their home in Oregon.

Miss Kirkup, daughter of James Kirkup, is now employed in the Mattituck Bank.

A son of James Boutcher, aged 11, was taken to the Truant school at White Plains, Wednesday, by Truant officer Rackett, of Greenport.

Walter Brown and Arthur Grabie, two of our young men who have positions in Manhattan, were in town this week.

It was a backaway this time that did damage. Reeve & Hall's new team of mules started to back Wednesday morning and nothing to stop them. Two men had hold of their ears but still they backed until they broke the wagon and brought up against something solid. It is said that "Peggy" doesn't think as much of mules as he did.

John Husing is having quite an addition built to his cottage at the Bay.

O.P. Hallock has a gang of men at work getting his large coal bins ready for use. They are situated convenient to the new sidetrack that is now being built near Penny's lumber yard.

A meeting of the Fire District was held at Fireman's Hall Tuesday evening. The members of the hook and ladder company and engine and hose companies were assigned, and J. Wook Wickham, William M. Hudson and Rev. C. E. Craven were appointed a committee to draft by-laws and to report Tuesday evening, May 7, when further action will be taken and officers elected.

Work on the fire cisterns is pushed forward and those that are to be put in this spring will soon be completed.

Owing to the cold weather, no asparagus has been cut yet and it will take a number of warm days for it to show up much. Most of the farmers have asparagus fields ridged up and ready for cutting. At Hudson's they have been very busy on the new machinery, etc., getting ready for the first cutting, when it does come.

A meeting of the Mattituck Fire District was held last Tuesday evening with Chief James A. Gildersleeve in the chair. A. C. Penny, recording secretary, and J. Wood Wickham, Wm. M. Hudson and Chas E. Craven, committee on by-laws, reported and the by-laws were adopted with a few conditions. A. C. Penny was then elected permanent secretary and treasurer of the Department and the Engine Hose company elected Conrad Grabie foreman and J. Wood Wickham assistant foreman. The Hook and Ladder Co. elected Leroy S. Reeve foreman and Louis C. Gildersleeve, assistant foreman. The department is now getting into working shape, the new hose arrived this week and a test was made Wednesday afternoon. The department now has one hose and engine of the Jeffers make which has two 9-inch brass cylinders and all brass

fittings and is a very serviceable and handsome machine with a record of 186 feet. Also a hose cart of the best make, with suitable length hose. They have a good hook and ladder truck, which in addition to the usual fittings carries 4 ten-gallon fire extinguishers. The fire cisterns are being built as fast as possible, some are already finished. Those that will be completed this spring are as follows: On Pike Street, in front of the Engine House; Main Street, O.P. Hallock, Wm. Boutcher and Thos. McGuire's residences; T. E. Reeve's corner; Wm. Hazard's lot near M. E. Church; on south Main Street, Misses McDermott's residence; Suffolk Avenue, Wm. H. Hudson's residence; Pacific Street, near T. C. Reeve and Son's greenhouses. Some of these are not yet completed and the locations may be slightly changed. Others will shortly follow and cisterns will be built each year as the funds of the department will allow.

Capt. Jesse Robinson, former pilot of the Grampus, Chas. Coots, ex-mate of same vessel, and ex-valet to Lawyer Doris, and a young man, recently from Germany, started last Sunday for the Connecticut shore in a rowboat. After getting quite a distance out on the Sound the wind blew up and seas became high, and these plucky adventurers were obliged to seek the safety of old Long Island again getting wetter and wiser, and some say "just a little fatigued." The trip has been made across the Sound in a row-boat in by-gone years but it was from Connecticut here and one Mattituck's fair daughters was pulling on a string to the little craft (as the sailors say) which makes a vast difference.

We learn that G.B. Wanderlick, of Brooklyn, has leased the Kustch place on the Bay Road, or Counselor F. E. Barker and will take possession soon. Conductor Noe, the present occupant expects to move into J. Wickham Reeve's house on the corner of Main and Pacific Streets, which will soon be vacated by Mrs. Cooper and her son, as they will move into their new house on Westphalia Avenue the last of the month.

The wedding of Miss Ethel Wines Boutcher, daughter of Mrs. Helen O. Boutcher, of this village, and Albert Tuthill Dickerson, of Southold, was a brilliant social event. The ceremony was performed at the Presbyterian Church in this village, yesterday at high noon, the Rev. Charles E. Craven, officiating. (See column for more details)

One of our busy business men thought some time ago he would raise some chickens, so he obtained a large dry goods box, some eggs and a hen, but alas, forgot to furnish a nest. Human, he put his combination together, and left it. Some three weeks later he went to see how things were progressing. The hen was there, the eggs were there, at least some of them but, alas, no chicks. Upon telling his troubles in the poultry line at his club, "The Oracle" advised him next time to put the eggs in a barrel and set the hen on the bung hole. We have not heard yet whether he took the advice or not.

Uncle George Brown, the veteran produce man, who has been confined to his home all winter, was able to get out and was down the street visiting the stores, depot, etc. this week. He was remarkably bright and cheerful, but cannot walk but a little way

We understand that the Mattituck Brass Band will give a concert at Library Hall on the evening of May 30. This entertainment is to close with a one-act farce entitled, "The Stag Party." P.H. Doyle, who has recently built a handsome residence on Deep Hole Creek near the bay, is now making preparations for building a barn.

We received a note saying:

Con. Review; if they wish to make a success of the Sunday evening praise service, why don't

they sing something familiar now and then, so that the congregation can take part?" Well, really, Mr. Inquirer, we are not running the singing, but as your suggestion is not so bad, we publish it.

CARD OF THANKS

We wish to thus publicly express our sincere thanks to the kind friends and neighbors, who in time of our loss by fire, so generously aided us to replace what was destroyed. Thomas McGuire and wife.

Mrs. F. W. Hallock, who fell while coming down stairs a week ago, has about recovered from her injuries, which proved to be severe bruises.

W. V. Duryea, wholesale seedsman, made a large shipment of shelled popcorn to Coney Island, where it will be used in making corn balls. This was left over seed. Mr. Duryea makes it a point every spring to dispose of all left over stock so as to have fresh seeds. He has been making large sales of California privet this spring, the demand becoming larger every year for hedging purposes.

Last Sunday evening's meetings were well attended and proved very interesting. The praise service before the evening sermon was unusually good. In connection with this, let us say that the object of these praise services is largely to familiarize all with the bright, new selections in our new hymnal, but enough old familiar ones will be interspersed so as to suit all comers. With as good singing and interesting sermon as we had last Sunday evening, there ought to be a larger attendance.

One of the finest equestrians around here is the 14-year-old daughter of Mr. and Mrs. Otis Jackson of West Mattituck. She has the combined qualities of being an expert horsewoman, a true lover of the horse and absolutely fearless. Not long ago Miss Ida broke a three-year old colt to saddle for one of her neighbors. No horse is too spirited for her.

We regret to hear that Mrs. E. O. Chapman, who went to a Manhattan hospital a few weeks ago for treatment, is not greatly improved as yet. Her physician says it will be some time before she is completely recovered.

Work on the bulkhead at Haggerty's place on the bay is being pushed forward rapidly.

Boss W. R. Gildersleeve is building a small cottage on the shore of the bay for John Husing.

We are pleased to learn that Felix Cummisky, who went to the Mineola Hospital a few weeks ago to be treated for blood poisoning, is doing nicely and his complete recovery is looked for.

Sneak thieves entered the canning factory of Hudson & Co. either last Saturday or Sunday night and stole a quantity of tin and lead. Entrance was through a window and the loss was not discovered until Monday morning. Hudson & Co. offer a reward of \$25 for the arrest and conviction of culprits.

Hudson & Co. are having a boiler and engine room built at their canning factory here. Work on canning asparagus commenced at the factory last week.

Elliott Young has placed a new piano in the handsome residence of Mr. and Mrs. James Hand.

Asparagus is coming extremely slow. If the steady warm weather does not reach here soon, the crop will be cut one-half and perhaps more. There seems to be some uneasiness among the farmers as to the potatoes they have planted. Some think they will not come up good on account of the backward weather.

The Fishing Company got a small haul of bunkers and a few weak fish in the pound off this place Thursday morning. Fish are reported down bay as coming in quite plentiful.

Freight conductor Charles Noe has moved his family from the Kuester place on the bay to Mrs. Overton's house in the village. The new owner of the place vacated by him is already in possession.

The contractors who are to dredge the channel of Mattituck Creek arrived here that latter part of last week with their large dredge, scows and tugboat. Monday and Tuesday evening, during the heavy northerly gale, their first experience with Mattituck Creek proved a trying one. They parted several mooring hawsers and were obliged finally to beach the scows. Things were more favorable Wednesday and they were able to resume work.

Edward Waldmann, a Shakespearean actor, who has a wide experience coaching amateur companies, has made arrangements to give the play "Dr. Jekyll and Mr. Hyde" in Library Hall some time the first part of June. He will be assisted by the following well-known local dramatic talent: Mr. and Mrs. C. W. Wickham, Mr and Mrs. A. L. Downs, the Misses May Case Conkling, Marguerite Wickham, E. Leslie Reeve, and Messrs. Fred Boutcher and Clifford Penny. Next Sunday evening a special praise service will be held in the Presbyterian Church, under the management of Charles Gildersleeve. Special music will be a feature and a brief address by the pastor, the Rev. C. E. Craven. The new organ recently purchased by the C.E. society for its chapel meetings, will be used at this meeting. The members of the Jr. O.U.A.M. will be invited to attend.

The Hook and Ladder Company were out for practice Wednesday night for the first time, and the engine and hose companies, Thursday night. It is very busy times about here now, and the boys are obliged to take an hour or so in the early evening for practice. The fire alarm so far has not shown very good results, although some claim that the same style of alarm is used satisfactorily in other places.

While wrestling with a schoolmate last Friday, Ralph Bergen had his arm dislocated and fractured. The injured member was immediately attended to by Dr. Morton, and the lad is doing well.

Thomas Burgess, a former resident who has just returned from a trip to Japan, was in town this week, renewing old acquaintances.

It is intended to make decided improvements to the Presbyterian Church during the summer. It is said upward of \$3,000 will be spent in the work. A special parish meeting is soon to be held to discuss the matter.

Monday was a very busy day at Hudson's canning factory. We are told that they received as much asparagus that day as any day last season, but the cold weather that immediately set in put a check to the cutting again. Unless we have steady, warm weather very soon the crop is sure to be short.

We counted fourteen men with rakes and tubs in search of round clams of Husing's, Wednesday. Clams are said to be very high in the market.

Mrs. Chatfield Terry and little daughter, of East Moriches, spent a part of last week with Mrs. Terry's mother, Mrs. Moses Young.

W.N. Fanning, of Kennington, Conn., was in Laurel over Sunday and on his return he was accompanied by his sister, Hattie Fanning, where she will visit with her brother's family for a while.

Stillwell White, of Brooklyn, is enjoying two weeks' vacation at his aunt's, Mrs. T. S. Terry. After his return to Brooklyn he expects soon to leave for Seattle, Wash., where he intends to go into business.

A program entitled "The Children's Hosannas", consisting of music and recitations, will be carried out on Children's Day. The committee in charge is Rev. M. Garretson, O. A. Atwood, Florence M. Fanning and Mabel Penny.

Edward Waldmann, the Shakespearian leader, will appear at Library Hall, Saturday evening, June 8, assisted by a company of our most prominent local talent, all of whom have given good satisfaction as to the ability as amateur actors heretofore. The play will be Stevenson's drama, Dr. Jekyll and Mr. Hyde. The title role will be taken by Mr. Waldmann, who has won great reputation in this part all over the country. The cast includes Arthur L. Downs as Lawyer Utterson; Clifford A. Penney, Dr. Lanson; Charles W. Wickham, Sir Danvers Carew; Robert W. Wells, Inspector Newcomen; Philip R. Tuthill, The Irish Policeman; Fred H. Boutcher, Bookkeeper Genst; Mrs. Arthur L. Downs, Lady Clara Carew; Miss May Case Conkling, "The Hag," Miss Marguerite Wickham, Bridget, the Cook; Miss Esther Leslie Reeve, Jane, the Maid. The selection of the local talent could not have been better and Mr. Waldmann is well remembered here in his splendid rendering of "David Garrick" some two years ago. The entertainment will be given for Mr. Edward O. Chapman of whom we mentioned a short time ago as lying very ill in a city hospital. The cause is a most worthy one and considering also that

this will no doubt be one of the best, if not the best play ever given here, we can reasonably expect a crowded house and tickets should be secured early at Lahy's Pharmacy.

The Fishing Co. is doing a good business this year with their pounds. They have made several good catches on menhaden and last Monday they had a fine haul of edible fish among which are weak fish, king fish, shiners, black fish, etc. Their wagon keeps all places in this vicinity supplied with nice fish at reasonable prices and is much appreciated by the public.

The wet, cold weather is very bad for our asparagus farmers and is cutting the crop short, although we hope for warmer weather in June. Potatoes are commencing to come up quite well. Farmers are now just finishing their corn planting.

We are grieved to learn of the severe illness of the only son of Mr. and Mrs. John O. Helfrich, of Southampton, who were former citizens of this place. Friends here heartily wish for the recovery to health of their child.

One of Mattituck's busy days, or rather evenings, was last Friday. On that evening there was the regular weekly meeting of the Mechanics Lodge at their room. A meeting of the Hook and Ladder Company for drill. Meeting of the Executive Committee of the Lecture Association in the Trustees Room, Library Hall, for arrangement of next winter's course after which in the same room the committee on new fire escapes assembled to talk over the best means of arranging an adequate escape. The Mattituck Transportation Co. met in the Ladies' Room Assembly Hall, to talk over important business and plans for the future development of the company and also on the same evening a number gathered at the Presbyterian Church for practice for the praise service Sunday evening. Certainly a very busy evening for a small town like this.

After a painful illness, Andrew Cox died at his home at Cox's Neck last Friday evening. The funeral services were conducted at his late residence on Sunday afternoon by the Rev. C. E. Craven, pastor of the Presbyterian Church, of which deceased was a faithful member. The interment was the same afternoon in Bethany cemetery. He was about 74 years of age. Mr. Cox was a man most highly respected in this community, honest and fair in his dealings with his fellow men and of a genial and kind disposition. He was familiarly known here as Capt. Cox, having in his younger days been captain of one of the old time draw seines and many of those still living here remember him pleasantly in that capacity. He leaves a widow and two sons, Otis and Richard Cox, and two daughters, Mrs. Oliver Corwin of this place, and Mrs. Agnes L. Young, of Riverhead.

Emil Myrus is having a piazza built on the front of his residence on Bay Avenue by Boss W. R. Gildersleeve.

The Fishing Company are making fine catches of edible fish every day. Saturday they caught one-half a ton of weak fish, shiners and king fish.

The concert and dance of the Mattituck Band was a very successful affair. The receipts were about \$90 and the boys will realize a snug sum for their treasury.

We notice G. H. Fischer has made improvements to his market, ready for the summer trade. He has had it thoroughly renovated and the ceiling varnished so it looks spic, span and clean everywhere and in addition to his meats he has now a fine line of choice fruits and vegetables making it an up-to-date market in every respect.

Charles Gildersleeve, our popular station agent, this June reaches the quarter of a century mark in service. He also has been express agent still longer, having served in that capacity 30 years. Farmers here have grave fears of the potato crop this year on account of the wet, cold weather that has prevailed. They say that the tubers have come up fairly well, but do not do well after they are above ground.

Another tugboat arrived here last week to assist in the work of towing the scows out into the Sound from the large dredge that is at work deepening the channel in Mattituck Creek. We hear that a sum of about \$20,000 from last winter's appropriation is now available, and that a basin will be dug out just inside the breakwater as a harbor for small vessels going up and down the Sound. The contractors say they expect to be at work here nearly all summer. There is no doubt but what the government expects to do a good job here. It is not so much for the village, although we will be greatly benefited, but the U. S. engineers see that it is practicable to make a good harbor here for vessels passing up and down the Sound. Undoubtedly, in time the breakwater will be enlarged. Some have been visionary enough to believe that eventually a canal will be dug connecting the Sound and bay for strategic purposes in case of war, so that torpedo and other small war vessels may pass from Sound to bay without making the long trip around Plum Gut, and perhaps it may not be so visionary as at present seems.

J. Wood Wickham has the contract to erect windmills for George B. Woodhull, at Laurel, and Joseph Moore, of this place.

In conversation with a number of people both here and in adjacent villages, we find they all prefer home talent when they wish to attend a dramatic entertainment. They say it is always as good if not better than travelling shows and then too, they wish to encourage home talent, and also not have the money paid for admission taken from the village. Surely this ought to be encouraging to our dramatic societies and we hope to hear from them often.

Howard Bros. got a fine haul of 1,000 pounds of weakfish at Robbins' Island Monday afternoon. The fish are bringing good prices in the city markets.

Harry E. Weekes, who was formerly a resident here, has lately secured a position as superintendent of the Port Jefferson Building Block Company.

Mrs. P. Harvey Duryea, who has been away for medical treatment, arrived home Saturday evening much benefited in health.

David Jenkins, who has also been away for treatment, arrived home last week.

Boss Floyd S. Ruland is engaged in building a large piazza to the residence of Mr. and Mrs. Peter Montfort at Laurel.

The warm weather Sunday and the first of the week started the asparagus along quite nicely, but it is now too late for the grower to get a full crop this year and we are sorry to say that this most important crop is sure to fall short.

The work on the Mattituck Creek harbor is now progressing rapidly. When the Government work is completed this will be the only Long Island Harbor on the Sound shore between Port Jefferson and Orient. The improvement promises to do much for hustling Mattituck.

Cards are out announcing the marriage of Miss Ida Louise, daughter of Mr. and Mrs. Floyd S. Ruland to Rev. Whipple Waldon Weller in the Methodist Episcopal Church, Wednesday, June 26 at 2 o'clock, Mr. Weller is now pastor of the Westhampton Beach M. E. church. We hear the ceremony will be performed by Presiding Elder Chadwick.

The good people of the Old Historical Presbyterian church are now planning to make great improvements to that building. The old windows will be taken out and handsome memorial windows will take their place, nearly all of which are now promised to be given by private individuals. Modern seats will be put in and hardwood floors laid, with steam heat and acetylene lights. It is estimated that from \$3,000 to \$5,000 will be spent in making the proposed improvements.

The Noe family moved into J. W. Reeves's house this week. Mrs. Cooper moves into her new cottage on the Westphalia Road.

The many friends of Wickham R. Gildersleeve and Miss Jessie Belle Polly were surprised to learn of their marriage Wednesday evening. The ceremony took place at the residence of Mr. Gildersleeve's mother, the Rev. C. E. Craven officiating.

Quite a little excitement was caused here by the runaway of a horse belonging to Dennis Homan, of Riverhead. It seems the driver removed the bridle to water it and the horse started for home on its own hook and was stopped near Jamesport, fortunately without any damage done.

It has been very busy times at Hudson & Co.'s canning factory this week. The warm weather has brought asparagus on with a rush, and they have been obliged to work overtime in order to keep up with the work, the full crew working every evening until 9 o'clock. The old theory, "that if asparagus didn't get cut in May it would not in June" seems to be done away with, as the cutting is heavy and the grass of good quality. Many think if the warm weather continues the crop will not fall much short of last season.

The marriage of Miss Ida Louise, daughter of Mr. and Mrs. Floyd S. Ruland, was celebrated in the M.E. church Wednesday afternoon. Presiding Elder Chadwick officiated. Miss Miriam Gildersleeve acted as maid of honor. The church was very prettily decorated for the occasion. The wedding march was played by Miss Jennie Weller and the ushers were Fred Boutcher,

Harry Tuthill, Rev. Mr. Freyer and Mr. Moore. The wedding party made the trip from here to Westhampton Beach, their new home, where a reception was given by the ladies of the church. Rev. Ray Pierson, of the M. E. church, had been away for some time on a vacation, but will be in his pulpit next Sunday morning.

The warm weather the last of this month has advanced the asparagus crop so that farmers will fall but very little short of last season and the pack at Hudson's will be slightly larger owing to an increased acreage. There are some very fine looking pieces of potatoes around here and the prospects now are that the crop will be far better than was at first expected. There will be an increase in the acreage of cauliflowers this fall but more so in other places than here. The association manager tells us that the sale of cauliflower seed by the association is larger than ever it has been.

The familiar faces of our summer residents are seen once more, and especially Saturday evening and Monday morning their smart turnouts can be seen lining up at the railroad station.

F. M. Lupton opened his beautiful Momoweta this week, and his yacht and handsome automobile are again to be seen here.

John Gilson, of West Mattituck, underwent an operation for cancer on the lower part of his face last week, which we understand was successful and the patient is doing well. Dr. Hartranft, of Southold, performed the operation.

Frank McMillan has been engaged by the railroad company as an assistant to Station Agent Gildersleeve. We feel sure that he will make a very capable assistant.

Surveyors have been making a survey of the Capt. Selah Terry place this spring. This week they were at work surveying the large tract of meadow land near the mouth of Mattituck Creek, which belongs to the estate.

Chas. Hamilton, of Oregon, has been making considerable alterations and repairs to his barn lately.

We now have a dentist here, who is located at present at the M. E. parsonage.

Elliot Young has placed a new piano in the residence of George Penny.

Frank M. Robinson, of Patchogue, has moved his family here from that place into Mrs. Fischer's house at Kenlo Park. He will do windmill and steam fitting work, we hear.

John O'Rourke's family, from Brooklyn, are with him for the summer at the home on the Bay road. Mrs. Harsingler brings with her a baby girl.

The Misses Tandy, of Brooklyn, are again spending their summer vacation here.

Miss Earl Hall is enjoying the delights of Mattituck, especially the creek, with Mrs. Morton this summer.

A large party gathered at Wm. V. DUYEA'S bungalow for a moonlight picnic one night this week. Clarence Chapman, who has been fireman at Hudson & Co.'s factory during the asparagus season, has shipped as fireman on the tugboat that tends the dredge work on the creek.

Lipetz, the clothier, has leased the ground between the barber shops of F. Greeves and P.S. Butler, of Mrs. H. S. Wells and will put up a clothing store 20 x 30 feet. Boss Ruland has the contract for the carpenter work.

Three large busloads of ladies drove down from Riverhead Wednesday and spent a delightful day picnicking at Husing's Grove.

On July 18th, Thursday evening, Gorton's Famous Minstrels with a company of 30 performers will appear at Library Hall. This will be the largest show of the kind ever given in this place and will no doubt fill the hall. Tickets are now on sale at Lahy's Pharmacy.

Thomas O'Neil has gone to Holly, where he will work during the summer in Hudson & Co.'s factory there as can-maker. We shall look for Tom back here next fall, when oysters and clams are ripe and the camp-fire is lighted at the Assembly. Then we'll gather around and see who can tell the biggest.

At a recent meeting of the Mattituck Brass Band, the following officers were elected for the ensuing year: Pres., Fred H. Boutcher; vice pres., Louis C. Gildersleeve; sec., Frank McMillen; treas., Albert H. Silkworth. The boys have recently had their instruments put in the best of order by an expert and expect soon to be ready for business.

On Saturday recently some twenty-five automobiles stopped or slowed up at the corner by the Presbyterian Church and Mattituck House to inquire the way to Greenport. We wonder why the automobile club doesn't have suitable signposts put up on the corner of highways, but in this case "Willie" takes great comfort sitting in his arm chair of a warm afternoon and acting as a living guide bureau, and he hasn't anything else to do.

The unfortunate, although we trust not serious, accidents occurred here within a few days. On Saturday last John C. Wells, in using an iron-tooth harrow, had his horse start unexpectedly, when in a bad place, throwing the harrow on to him, tearing one leg open quite severely. The wound was skillfully treated by Dr. Morton with every hope of it doing well. On Tuesday John Williams, while sailing down Mattituck Creek in a small launch, went to step over the engine and was struck by the starting pin, cutting his ankle to the bone quite a long gash.

It is with a feeling of delicacy that we call the attention of our learned correspondent of the Watchman to his lack of knowledge of Marine Law (we refrain from saying ignorance) in speaking of a proposed change of name for the ancient and historic Grampus. In order to change the name of a vessel, application must be made to Congress. The legislature has no jurisdiction over such matters, so our brother will have to wait a year or so until our popular Assemblyman is sent to Washington, if he wants to put the matter in his hands. It won't be long, brother, just be patient.

Nothing out of the ordinary was going on here on Independence Day. Many of our people attended the ball games at Greenport in the afternoon and the others the fete at Riverhead in the evening. There were many little family picnics, some on the bay, some to the sound and some to the creeks but for any unusual excitement, we wasn't in it. Some made the remark that it was time Mattituck had something doing on the Fourth, but perhaps we would be just as happy to pass a pleasant, quiet holiday and if we are too uneasy, go and take in our neighboring villages doings.

John C. Wells, one of the most prominent residents of Mattituck, died in the Nassau hospital about midnight last Friday night of lockjaw. He was in his seventy-fourth year and leaves a widow and one daughter, Mrs. Herbert Conklin, of this place. The remains were taken to his late home Saturday. Mr. Wells was for many years a leading merchant at Mattituck but retired a few years ago. One day last week he was harrowing a small piece of ground at his home when the horse jumped, throwing the harrow against a tree. It rebounded and struck Mr. Wells in the left leg, inflicting a deep gash. The wound was dressed and apparently was progressing finely until Thursday last when indications of tetanus were seen. Mr. Wells was hurried to the Nassau hospital, but in spite of medical skill sank rapidly until death came. The funeral was held from his late residence Monday afternoon and was largely attended. Interment in New Bethany cemetery.

Boss F. S. Ruland and assistant are now at work raising up and remodeling the west part of the Frank Lane homestead in East Mattituck now owned by Mrs. Ida B. Torrey.

There are some of the finest fields of potatoes we have ever seen in this section. "Never looked better," said an old farmer to us the other day. At present the fields are just white with blossoms and a potato expert tell us that when they bloom profusely it is a sure sign of a large yield.

The large dredge and its tenders finished their contract and left here Wednesday morning for Huntington Harbor, where they have another job. They have finished a channel into the mouth of the creek 500 feet long and 8 feet deep, which will give small vessels an opportunity to make harbor in the mouth of the creek.

A new side track was put in here this week at the lumber yard. This makes six sidings now at this station.

Gorton's Minstrels, who played here last night, had a good attendance. The band concert was very good, but the show came far from being up to the standard.

We cannot account for it. A cracker-jack baseball team that claims the championship of the county, and has the backing of rich oystermen and others, refuses to put up a game with a team little Mattituck offers to produce with practically no backing at all, only the good will of a few "hayseeds." There must be something wrong somewhere. Can't be that they are afraid of "The Hidden Hand."

David Jenkins, who was taken to the Greenport Auxiliary Hospital Sunday morning, died at that institution late Monday night. He was a man much esteemed by those who know him, and the sympathy of friends in this place is expressed for Mrs. Jenkins, who, with her little son, is bereaved. The funeral services were conducted at his late residence Thursday. The remains were interred in the family plot at Yaphank.

DaRue's Minstrels, the company that gave such good satisfaction here last spring, are to play again at Library Hall on August 22. They are as far ahead of any other minstrel company that has been here, as an electric light is ahead of a candle.

Have you seen the new harness maker? Young-looking fellow, isn't he, and they tell us he can do as good a job and spin as long a yarn as the old one that used to occupy the same shop.

Edward Bennett and family, of Brooklyn, are at the Bennett Homestead for a vacation.

Miss Florence Reeve has purchased a new Kroeger piano from Elliott Young.

Already pleasure crafts find the improvements to Mattituck creek of advantage, and last week the yacht Queen Bess made harbor there for a few days, the owner visiting relatives, Dr. and Mrs. Morton of this place.

George Kenneth Fischer has a new launch at the bay with which he finds much pleasure during the holidays.

Work is to be commenced in Lipetz new store this week.

Herbert Downs, of Brooklyn, is a guest of Down's Manor.

Ernest D. Terry is the guest of his sister, Mrs. Leon R. Hall.

Edward O. Chapman has bought a farm of fifty acres in Connecticut and expects to move there this fall.

The body of a man was found on the Sound Shore last Sunday morning by George L. Penny, near his bungalow. Coroner Peterson was notified and held an inquest over the body, which was interred in the village cemetery in the afternoon. The body was that of a man about 6 feet in height, dressed in dark winter clothing and had evidently been in the water for a long time, as it was so badly decomposed that there was no chance of identification. Nothing could be found about the clothing that could be used for that purpose.

Notices have been posted by Clerk J. Wickham Reeve, of the annual school meeting of Mattituck District No. 9, to be held in the school building, Tuesday evening, August 6th. The annual reports, election of trustees and other important business comes before the meeting. If the right men are not elected and other business transacted right, don't stay at home and growl all the next year about it.

Hudson & Co. are now making things ready for the canning of tomatoes. They have a large acreage that they raise themselves this year again. An addition is not being built to their covered storage platform.

H. R. Conkling has been appointed local agent for the Suffolk County Mutual Insurance Company, in place of John C. Wells, deceased.

Strawrides seem to be popular again this season. A merry party of summer guests from S. H. Tuthill's "Ingleside Cottage" went to Jamesport, Wednesday evening.

We regret to say that Richard Cox, the confectioner, is very ill with a complication of diseases. We hope next week, however, to be able to report an improvement.

Friday evening a party of our daring and venturesome young men went out on old Peconic for a moonlight sail in the yacht "Percy," Captain Jesse Owens. The wind blew strong and the waves were high but owing to the skill of the faithful commander, no suppers were lost. During the evening a landing was made at Sodom, where our jolly, young tars went ashore for a time, just to stretch their legs and view the glories of that fair town. In the party there was anything from a

young collegiate to the man with the hoe, of whom we might mention "Chub," the baggageman; "Cliff" the wagon dauber; "Eg (not Egg-O-See) but Eg O, auto tinker"; "Ceo" the dude; 'S tinger," the lady killer; "Bubbie," of the trowel; "Jack," the wood pecker; "Our Louie," of Laurel; "Doc" of the "West;" "Bottler the Bold;" "Duke, please sign here;" and "Talmage,"the Orator. After becoming thoroughly salt and no serious accidents, except the loss of the head apparel of the esteemed "Doc" for which a reward of a pint of peanuts will be paid, this happy party of "Jolly Jackies" returned to their anxious parents, all voting Capt. Jess to be a thorough sailor, and all right, with three cheers for the gallant ship, "Percy."

P. Young, of Jamesport, and Mrs. F. W. Hallock of Laurel. All enjoyed the afternoon and a pleasant feature was when James Williamson surprised the jolly crowd by appearing on the scene with his camera and invited them to walk over to the old Academy grounds, now owned by O. A. Atwood so that he might photograph the group and afterwards presented each one with a souvenir postal of the old Academy. After a bountiful supper, goodbyes were said and all agreed that although new friends had come into their lives, none has taken the place of the old ones.

Hudson & Co. have one of the finest fields of tomatoes ever seen here. The vines now heavily set with fruit have stood the long severe drought well and with a few more good rains like we had last Saturday night it ought to give an immense yield.

Reports of the potato crop here are very discouraging. The early varieties are not yielding, in some cases hardly enough to pay fertilizer bills, and the outlook for late stock is bad.

Ernest Husing, junior partner of John Husing & Son, Brooklyn grocers, have been spending quite a long vacation here at the Husing farm. Ernest is a popular young fellow here among his old friends, who are always glad to welcome him.

Since the improvement to the mouth of the creek, dredging, etc., there has been a great change in the actions of the tide, it falling very low and coming in very full. Launches and boats going under the Old Mill Bridge find much difficulty in making the passage, unless there at the right time. If at low water there is danger of striking stones on the bottom that were placed there in making the old dam, and at high water there is not room under the old bridge for a boat of any size to pass through. Had the town appropriated the money to build a new bridge last spring, this difficulty would have been done away with. One of our summer cottagers, who has recently built on the creek, has a fine launch he purchased this spring, but finds much difficulty in using it. In conversation with him he said that with even the present improvements as they are, he could enjoy the use of his launch very much were it not for this difficulty at Mill Bridge. Now these people who come here from the city and purchase lots and build cottages help pay the taxes of the town and why the voters persist in denying any improvements we fail to understand. We notice the Town Board has given orders to have the old bridge repaired. This they obliged to do, but where the people can see the economy of maintaining old wooden bridges that require repairing every year or so, instead of replacing them with up-to-date steel or iron structures, is what we call false economy.

We notice a petition to the Board of Supervisors to make the time of the open season for catching scallops the 15th instead of the 1st of September. Laying aside all arguments as to the advisability of such a move, we ask would it not be well first to enforce existing laws? We know that scallops have been shipped from this station before the first of September, and we presume it is no better at other places. When they were caught, judge for yourself. The shipping receipts might be pretty good evidence if any are needed to have the law enforced.

Mattituck has been crowded with summer boarders this month; none of the hotels and boarding house keepers have had cause to complain of lack of guests. Many came here to spend Sunday, and outing parties along the bayshore and elsewhere are numerous.

Leon Reeve, who has had a very busy season this spring at his mason business, is now making much needed improvements around his residence in the western part of the village. He has trimmed up the grove of trees around his house, put a new foundation under it and also improved the exterior with a neat coat of paint, besides making several improvements to the interior. Mr. Reeve moved here about a year or so ago and proves to be a progressive citizen.

Mr. and Mrs. Scudder, of Setauket, are spending a few days with Mrs. Scudder's mother, Mrs. Satterly, this week.

Mrs. James William Macey and two sons arrived here Monday and will spend a few weeks at the Glenwood. Mrs. Macey is pleasantly remembered here with her late husband in our lecture course.

Will V. Duryea entertained a company of young people at a picnic at his bungalow on the Sound cliffs last Tuesday evening. The occasion was in honor of his (well, we heard 16th, but we hardly think it) birthday. A jolly time was had by all present.

Mrs. Alonzo Carter and child are spending a few weeks with Mrs. Carter's mother, Mrs. Smith, who is in quite poor health.

Frank M. Lupton was arrested in Southold last Friday for exceeding the speed limit. He was taken before Squire Case and fined \$10. The speedometer on Mr. Lupton's machine was registered 18 miles when he was stopped, but the officer claimed he was going 26 miles an hour. Mr. Lupton took the matter good naturedly and paid the fine.

Our very dear friend the Watchman writer says last week that he has discovered a man that beats women at getting up thinks and wishes he could start a school to teach young girls cooking. Now confidentially, brother, we know of no better way to do this than to commence early and lock up their "gadding" bonnets and see them at it. We happen to know quite a good many Mattituck girls not over 12 or 14 that can get up as good a meal as anyone would wish to eat and yet have brains enough left to help put if any little social affair is going on, so don't worry too much about the cooking school, brother; better look up your bank arithmetic that has been rather neglected lately.

Charles Gildersleeve, manager of Library Hall, announces that he will give his annual mid-summer concert on Thursday evening, Aug. 29th. This will be the 19th annual mid-summer concert Mr. Gildersleeve has arranged so successfully for the benefit of those who enjoy a strictly first-class entertainment, and this time he has secured a finer array of talent than ever before, among whom will be Miss Ethel Batting, of the Ethel Batting Concert Co., Boston; Charles T. Grilley, humorist and reader of the Grilley Rogers Co.; Miss Eleanor Mead Ward, lyric soprano of New Haven Conn.; Dr. Albert E. Payne, tenor of Riverhead; Mrs. A. E. Payne and Miss Luella Brown, accompanists. This aggregation of talent is too well known to Mattituck audiences to require and recommendations of ours. We overheard Assessor Tuthill saying to one of our business men the other day that the board put in some pretty hard work this year making up their roll. He didn't say anything about it, and we don't even pretend to have any inside information on the subject, but we shouldn't be surprised if Oregon farmers with fine shore fronts got a little raise, while small building lots in the woods just out of the village remained at par.

On Tuesday, at high noon, the home of Mr. and Mrs. George L. Penny was the scene of a pretty wedding, when their daughter, May Squires, was united in marriage by the Rev. Dr. Craven, to D. Stanley Raynor, of Dallas, Texas. The rooms were tastily trimmed in green and white and the wedding march was rendered by Miss Mary Morton. The bride wore a handsome gown of white pongee silk with bridal veil and orange blossoms and carried white roses. The maid of honor, Miss Edith Penny, was becomingly attired in pink messaline satin and carried pink roses. The bridesmaids, Miss Margery Penny and Miss Raynor, wore white batiste. Henry Appleton, of Pennsylvania, was best man and the ushers were George L. Penny, Jr. and Harold R. Reeve. After the ceremony a delicious collation was served to about 50 guests. Mr. and Mrs. Raynor will sail on Saturday, on the San Jacinto, for their home in Dallas, Texas, and the best wishes of a large number of friends go with them.

Miss Dora Lincoln, of Charlottesville, N.Y., having been engaged for the fourth and fifth grades in place of Miss Purcell, who was released from her contract, on account of receiving a better position in her home city, Poughkeepsie. The entire school has been very comfortably arranged in the two rooms of the Presbyterian chapel, the Methodist chapel, Episcopal lecture room and Fireman's Hall. The committee of the Board of Education has furnished these rooms with all possible conveniences for both teachers and pupils, and it is considered fortunate that so many available rooms could be found as a temporary arrangement, while addition to the building is being erected. Alfred Stove, District Manager of the Woodmen of the World, and Dr. Henry Schumann, another Woodman, from Brooklyn, spent part of Saturday and Sunday last in and around Mattituck and as a result of their visit, about twenty new members will be initiated into Suffolk Camp, No. 134, of Mattituck, at the first meeting in October. Accompanied by Mrs. Stover, who is an active member of the Woodmen Circle, the ladies auxiliary of the Woodmen of the World, they motored out from Brooklyn and back, having a pleasant and profitable trip. This addition will give Suffolk Camp a good, substantial boost. The order has paid two death claims of \$1,000 each so far this year, to the beneficiaries of deceased members of this Camp. In each case the claims were paid just as soon as the proofs of death were received by the home office, and it is this practical illustration of the way the W. O. W. conducts its business that is booming the local camp.

At a meeting of the lately-organized Mattituck Yacht Club, held Monday evening in the Library building, twenty-four new members were elected. The club now numbers about thirty-five, and many more Mattituckians and summer sojourners have announced their intention to join. It is the purpose of the club, under the energetic presidency of P. Harvey Duryea, to in every possible way enhance the attractions of the local harbor, so as to make it a desirable resorting place for owners of water craft and those interested in water sports. A club house is planned to be located a short distance from the Sound, on the beach, within the breakwaters, on the property of Alan Forman, Mr. Forman having generously promised to present a building site to the club. Ladies are eligible for membership and it is hoped that the club will soon be able to boast of having its full share of feminine members to participate in its proceedings and to lend their invaluable aid in assuring the success of its social affairs.

While standing around the depot one evening, this week, we heard people talking about a young boy about 12 years old, who ought to be home helping his parents, who had pulled a coupling pin on one of the freight trains, bound west, causing it to back up and get the rest of its string. The trainman had quite a job signaling the engineer to stop, but did so just as they were leaving the switch. Some parents have been cautioned about having their children around the depot and others ought to be, as it is not the place for them. The employers can't look after them.

The people of Mattituck were saddened and grieved on Thursday, to hear of the death of Frank M. Lupton, of Brooklyn. Mr. Lupton's birthplace was Mattituck, and although he has lived in Brooklyn for several years, he had a beautiful home here, Mo-Mo-Weta, and spent several of his summers here. He has endeared himself in the hearts of Mattituck people by his many acts of kindness and thought for them, and will be greatly missed by a large circle of friends and relatives. The burial was at Mattituck, in Bethany cemetery, on Sunday, the services being conducted by the Rev. Dr. Craven. Many beautiful floral tokens testified to the love and esteem in which he was held, and graced this, his resting place.

The wedding music was rendered by Miss Cornelia Gildersleeve, the bride coming in on her father's arm and was met by the groom and his best man, Russell E. Lupton, at the altar. The bride wore a handsome gown of white hand embroidered batiste over white silk, and carried a shower bouquet of white roses and lilies of the valley. The matron of honor, Mrs. Otis G. Pike, was gowned in a yellow chiffon over silk with gold trimmings and carried yellow roses. The bridesmaids, the Misses Sarah L. and Julia Craven, wore dainty white lingerie dresses and carried white chrysanthemums. The ushers were the Messrs. Otis G Pike, Sidney H. Gildersleeve, William V. Duryea and Warren B. Lyman of Simsbury Conn. Immediately after the ceremony, a reception was held at the Manse. The bride received many beautiful and costly presents. After a wedding trip spent at Old Point Comfort, Va., Mr. and Mrs. Lupton will reside in Mattituck in the new home which is being erected for them.

ROBBERY AT MATTITUCK

Ugly Looking Individual Hides in the Woods Days and Loots Houses at Night

LOOKS LIKE A WILD MAN

Constable Leon Reeve and Posse Hunt Day And Night for the Robber

But Without Result

The village of Mattituck has been in a state of excitement all the week by reports of a wild man hiding in the woods and robbing numerous places along the Sound shore. The man is a wild and woolly character and those who have seen him say that he is about five and a half feet high, wears a long, scraggy beard and has long hair and a slouch hat. He wears a black overcoat. The first report received in the village was that James J. Lindsay's residence had been broken into and the pantry looted. The intruder left just enough bread for the family's morning breakfast. John Dunn's place was also attacked, but the fellow was driven away by the barking of Mr. Dunn's dog. Saturday night, Constable Leon Reeve headed a posse and Sunday morning the volunteers all started for the Sound cliffs and worked along east and during the day many men and boys joined in the hunt for the wild man, who is believed to be living in the cliffs. The posse headed by Constable Reeve was well armed and was as noble a looking army as any that served in the Crimean war. After hours of tiresome tramping, the posse was

weakened by many deserters. Nothing was found except places where the man had made camp fires and an overcoat and some shoes were found.

Sunday night, Constable Reeve received a telephone message from Oregon, stating that the wild-looking burglar was seen that afternoon coming out of P. S. Duryea's bungalow on the Sound. Mr. Duryea and Alonzo Robinson both saw the man and the sight of him gave them such a shock that they couldn't give much of a description. Mr. Duryea found that the wild-looking tramp had entered the bungalow by the window, but left by the rear door. Constable Reeve immediately formed another posse and went to the bungalow and surrounded it, but no capture was made.

Monday it was said that the strange visitor had breakfasted at Judge Haggerty's home on the Bay shore, and that afternoon some farm hands said they saw the fellow come out of an old house belonging to Robert Burns, of Oregon, and go east. Monday night Constable Reeve mustered a crowd and went to the Sound shore. He put a few men in each bungalow and waited until the small hours of the morning, but the cunning tramp was not noticed. That night someone entered the pantry in the house occupied by Henry Schmeelk, the oysterman, on Mattituck creek. Mr. Schmeelk was awakened by the intruder and he fired two shots, but without result. George Terry, who lives near the old mill, lost a good gun the same night. Tuesday morning, Mrs. Willis Tuthill was minus ten dozen eggs from her pantry and it is supposed that the man has changed his eating grounds and come from the north and had gone south to a warmer climate.

Some are inclined to think that the man is a tramp and that he has been living in the thicket among the cliffs, while others believe that he is an escaped lunatic. Those who have seen the fellow all agree that he is a wild-looking individual. At last reports the officers are still looking for him.

CAPTURE OF THE "WILD MAN"

Nelson McBride Heads Posse Who Runs Down Prisoner after a Two-Mile Chase

The Mattituck wild man was captured about 4 o'clock, last Friday afternoon, in the woods back of Charles Hanabury's place, in Cutchogue, after an exciting chase. The wild man proved to be a demented Polish farm laborer. He is now safely caged in the Riverhead jail, but will probably be committed to Matteawan or some other place for the care of insane criminals.

Henry Kaelin saw a man acting strangely and sent out word. Nelson McBride led a posse. He carried his gun and going up to the stranger pointed it at him, but the man of the woods didn't scare for a cent. He just ran and McBride and the others ran after him. It was a hot chase for a mile or two, but the fellow was finally cornered and taken into custody. He had a razor, but no one was hurt. The strange robber was loaded into Clarence Tuthill's automobile and accompanied by Deputy Sheriff W. W. Sterling and a few other able-bodied men. The captive was taken to the Southold lockup, as the Mattituck lockup was not deemed secure. Here the prisoner was placed in charge of Deputy Sheriff Dan Grattan. Saturday afternoon the man was arraigned before Justice Jesse L. Case, who held him to await the action of the grand jury on a charge of burglary in the third degree, and Officers Grattan and Sterling soon had the prisoner securely caged in the Riverhead jail. When arrested the fellow had on two pairs of pants and three coats. One of the coats was identified as having been stolen from a Polish man, at Mattituck, and the shoes which the prisoner wore also came from the same place.

On application of Counsellor Nathan O. Petty, Judge Griffing appointed Doctors John H. Benjamin and Albert E. Payne as a commission to examine the strange prisoner as to his sanity. They found him insane beyond question. Who the fellow is or where he came from is still a mystery. Warden Furey has him booked simply as "the wild man," and thinks he is some escaped lunatic.

After the program the entire building will be open to inspection, and all are most cordially invited to attend the exercises and see the fine school building. It is desired that as many parents as possible will attend.

The Mattituck Yacht club is arousing interest in a project to retain more water in the creek than it now holds at low tide. As a consequence of the recent extensive dredging operations, the creek is periodically so drained as threaten serious depreciation in the value of shore property. Unsightly mud flats are bared and in numerous places this unpleasant feature...low to float a rowboat. This condition of the creek, unless remedied, will deter many city folks from summering in Mattituck, especially those who have been attracted to the village by its heretofore splendid boating facilities. The yacht club believes that a lock should be constructed at the mill that would maintain the water at a certain depth, making boating possible at any time and restoring the original beauty of the creek. If general interest in this matter can be awakened, it will redound to the material advantage of the village.

The St. Patrick's Dramatic Club, of Southold, will present the play, "The Minister's Sweetheart," in Library Hall, in this village, Wednesday evening, September 27th at 8:30 p.m.

Mattituck's improvements seem to run to cement sidewalks, E. L. Conklin having walks laid in front of his building, this week. This nearly finishes the walk from Library Hall to the post office. Railroad Avenue or Great Broadway, the walks are fine, but as no one seems to be able to raise a two-story building on this street, wouldn't it be a good plan to plant new trees next spring as substitutes for second stories, and also not to use the few good trees in front of Library Hall for hitching posts? Trees are a lasting beauty, and some day we may be able to have a new style of architecture. Perhaps the Village Improvement Society needs a Suffragette invasion; if so, perhaps the Ladies Sewing Circle could be prevailed to lend some aid, and by having a larger field for activity, someone might be persuaded upon to take the presidency.

Miss Mae Case Conklin has won a scholarship in the Elliman School, New York, and will leave on Saturday to study kindergarten work there for the winter.

Mattituck firemen deserve great credit for the manner in which they handled the fire which was discovered in Gildersleeve Bros. sheds, on Tuesday morning, at a little after four. The fire was seen by the Fischers, who live next to the store, and Mr. Fischer immediately gave the fire alarm, and in a few minutes the streets were filled with people. The sheds were all ablaze before seen and as the sheds connect with the store, it looked as if it would be impossible to save either the store or the dwelling house of the Gildersleeves by the store. The firemen went to work with a will and in a short time had the fire under control. The sheds and contents were completely burned, although the store proper did not burn, the back end is. It is hoped the insurance will help cover the same.

The home of George E. Penny has a narrow escape from being destroyed by fire last Thursday evening. Mr. and Mrs. Penny attended the social held at the church that night and upon their return home discovered a bright light in the basement. Upon investigation it was found that a pile of kindling wood was burning briskly. Mr. Penny and George Fleischman got busy with pails of water and put out the fire. How the fire started is a mystery, but it is presumed that a live coal from the heater near the wood pile started the kindling burning. Mr. Penny thinks if he had remained at the church a few moments longer, the blaze would have been beyond control and his home would have been destroyed, as there was considerable combustible material in the basement which could have soon fired the floor overhead.

It is a pleasant custom in Mattituck to hold a praise service in the Presbyterian Church in the spring and take up a silver collection for the care of the old free burying ground. All denominations join in this, and the date appointed this year is the evening of May 12th, at 7:30 o'clock, when Charles Gildersleeve will present an enjoyable service entitled, "Memories of Mother."

Several Mattituck people will be interested in the wedding of Miss Carrie E. Davis, of Sea Cliff, who is often a guest at the home of her cousin, Mrs. Wallace S. Tuthill, of this village. The following was from the Brooklyn Times: "One of the most notable weddings of the season took place last Wednesday evening, at the Jefferson, the summer home here of Mr. and Mrs. Albert Davis, of Lattingtown, when their daughter, Miss Carrie E. Davis, became the bride of Charles Howard Wansor, of Brooklyn, son of Mr. and Mrs. Charles R. Wansor, of Locust Valley. The Rev. J. W. Gammack, rector of St. Paul's Episcopal Church, Glen Cove, officiated. Six friends of the bride, Elizabeth Charlton, Harriet Place, Matthew O'Connor, S. F. Austin, Frank Austin, Jr., of Brooklyn, and Edna Thorne, of Glen Head, held white satin ribbons with flowers, forming an aisle for the bridal procession. The bride was given away by her father. A diamond pin, the groom's gift, was her only jewel. The bride was attended as matron of honor by Mrs. William White, of Brooklyn, formerly Miss Ida M. Thurston, an October bride, whom Miss Davis had attended as bridesmaid. The bride's other attendant was her cousin, Miss Hazel Tuthill, of Mattituck, as flower girl. Edward Wansor attended his brother as best man, and Frank Austin, Jr., of Brooklyn was master of ceremonies in lieu of ushers. Mr. and Mrs. Wansor left yesterday

on the Oceana, for a three weeks' trip to Bermuda. They will reside in Brooklyn after spending a month with the bride's parents. Mr. and Mrs. Wallace S. Tuthill attended the wedding.

He is survived by his widow and one sister, Mrs. Alice J. Temple, who is the only remaining one of the Symons family, who lived for many years in the house now occupied by Peter S. Duryee.

On a fine October day, not long ago, we were invited to an auto ride from Huntington to Medford and visited the famous little farm of 17 acres, of which H. B. Fullerton is proprietor. It really makes one's eyes stand out to see the luxuriant growth of all kinds of vegetables, fruit, etc., in endless variety, as well as flowers. The 8 cows stood in their stalls, after their morning ramble, as clean and healthful as an inspector could wish, and the little dairy house, with its stream of water keeping it all so pure and fresh and the mysterious process of separating the cream from new milk was all very interesting, for everybody likes good bread and butter. The dairy maid, with her white, Dutch cap, we presumed was right from Holland, but lo! she had lived 5 or 6 years in Mattituck and whether that was the reason for the fine flavored butter, as well as the fine price (50 cents) we do not know, but it was tested at Judge Young's table that night, and pronounced the very best. This little oasis in the midst of Long Island's scrub oaks, shows what the soil is capable of and makes one wish that the L. I. R. R. would dump its cars of fertilizer all over the scrub oaks and set H. B. Fullerton to boss the job.

January 2nd, 1914

Mattituck

Miss Mabel Shear and Harold Shear are spending the holiday vacation with their parents, the Rev. and Mrs. A. L. Shear, at the parsonage.

Friends of Mr. and Mrs. William H. Pike gathered at their pleasant home to celebrate the 50th anniversary of their wedding. Foremost among their guests were the five sons, who have all of them proved a credit to their parents and have succeeded admirably in life: William H., Jr., of London, England, who is the foreign representative of the Burroughs Adding Machine Co.; Fred, who is a very successful farmer and runs the old homestead farm; Otis G., assistant secretary of the Riverhead Savings Bank; Louis, assistant manager of the Bronx branch of the Corn Exchange Bank, and Dudley, who has a responsible position with the Edison Co, at Orange, N. J. A very fine collation was served to the guests and Mr. and Mrs. Pike received many handsome favors of the occasion. Rev. Charles E. Craven, who has always been a close friend of the family, gave an original poem. We hope Mr. and Mrs. Pike may live to enjoy many more happy anniversaries of their wedding.

A sad accident occurred here on Monday, when the four-year-old son of Mr. and Mrs. Joe Gillis, of West Mattituck, was accidentally scalded to death by falling into a tub of hot water. The funeral services were held on Wednesday morning, the interment being at Cutchogue.

Everett L. Moore, formerly of this village, and who has been employed as bookkeeper for E. Two applicants for the post office here, James H. Young and John McGoey, took the civil service examinations last Saturday. Since then a petition has been circulated to retain the present postmaster, E. Z. Scholtz.

Lawrence Stelzer, who has lived on the Van Wyck place for four years, has leased Frank Griffin's farm in Mattituck, and will move with his family there in the spring. It is expected that Mr. Van Wyck will move back to his former home here.

E. Z. Scholtz, our acting postmaster, is very much pleased at the expression of good will and good sense that the public have made this week. A petition has been circulated, which has received almost unanimous support from the patrons of the Laurel post office. Forty-four signatures out of a possible 48 of the box renters, and in addition numerous other names, have signed a request that the office be continued in its present location and that the incumbent be reappointed by the post office department, firmly believing that the interests of the community would be best served by Mr. Scholtz's reinstatement.

Fire early Tuesday morning totally destroyed the barn of the Misses Fanning. It was between one and two o'clock when Miss Frances Fanning saw a blaze through her window and gave the alarm. The neighbors quickly gathered, but the fire was beyond control, and efforts to save the contents of the building resulted in getting considerable machinery, etc., out. Two horses were gotten out safely, but a large quantity of groceries belonging to John Emmel, which had been stored in the barn, was destroyed. Edward Scholtz also lost a quantity of merchandise. The origin of the fire is a mystery, but it is thought by some that the fire was started by someone who was attempting to pilfer some of Emmel's goods. Mr. Emmel left Laurel Monday afternoon, for Sag Harbor, driving over by way of Riverhead, and perhaps someone was wise to the fact that the groceries were stored there and saw an opportunity for a raid.

Andrew, the Polish man, who keeps a team in the barn, had been out spending the evening with friends and before retiring went to the barn, and he says he heard someone moving around in the adjoining room, but thought nothing of it at the time. This was about eleven o'clock in the evening.

There was no insurance on the building. Mr. Emmel had a small amount on his stock. The loss to the Misses Fanning is about \$1,000. They wish to thank all who so kindly assisted in saving what it was possible to get out and also for the kind words and acts of sympathy bestowed upon them in their hour of trouble.

Joseph P. Kirkup, of New York, was at home with his parents for over Sunday.

Mrs. E. K. Morton gave a party on Monday afternoon, to the pupils of her school.

We see a movement is on foot in New York to have a playhouse run entirely by women, even male parts to be assumed by the fair sex, and we are firmly convinced, after seeing The Mattituck Girl Players, in "The Voice of Authority," Tuesday evening of this week, that this movement could be successfully carried to a profitable conclusion here at any rate, for this jolly little comedy was given with such dash and spirit that the male actors' absence was hardly noticed. Of course that veteran stage manager and actor, Al Penny, made a good deal of noise behind the scenes as the "Voice," but he had the good taste to keep out of sight and not detract attention from the seven spirited girls, Eleanor Grabie, Lois Fischer, Isabelle Jones, Evelyn G. Kirkup, Vivien Duryee, Elma Tuthill and Julia Craven, whose fine acting, pretty gowns and faces were enough to keep the audience in a roar throughout the three acts. Miss Tuthill, who coached the company, deserves much credit for the finished performance she gave of the play. The Firemen's Orchestra of eleven pieces, led by Will V. Duryee, supplied beautiful music between the acts and for dancing after the play also. Both players and orchestra have the thanks of the management of Library Hall for their kindness in giving their services, for the receipts were \$72. C. G.

With the completion of the fine channel all the way from Long Island Sound to the heart of the village, comes the interesting report that Mattituck will be linked to the outside world by a regular steamer route this summer, for it is said now that the steamer Myra, of New Haven, will run twice weekly trips between the foot of Love lane and New Haven up to July, and daily trips during July and August.

The opera "Pinafore," under the direction of C. O. Moore, was given to large and well placed houses at Library Hall, Thursday and Friday evenings, with the following cast: Sir Joseph Porter, C. O Moore; Ralph Rackstraw, Albert Silkworth; Capt. Corcoran, Fred Silkworth; Dick Deadeye, Charles Hannabury; Boatswain, Frank McMillen; Midshipmite, Helen Wallace; Josephine, Caroline Howell; Little Buttercup, Mrs. Charles Wallace; Hebe, Mrs. Oliver Case. Full chorus, sailors, marines, sisters, etc. Accompanists, Misses Phebe Mayo Hannah Hallock. Mr. Moore brought out some new voices at this opera, among them Fred Silkworth, who took the part of Capt. Corcoran in fine style; Charles Hannabury, as Dick Deadeye, afforded the audience much amusement. Mrs. Wallace and Miss Howell, as always, were very pleasing in the parts, while Miss Helen Wallace made a very cute midshipmite; all other parts being very well given. This opera was presented at Riverhead on Monday evening, and probably will be given at Greenport later.

The first bass of the season was caught in Laurel Lake, by Lawyer Myers and Mr. Stubbs, Tuesday.

Through the efforts of E. D. Bushnell, one of our prominent summer residents, this place is to have an early mail and also better train service. The mail now arrives on the early train and Mr. Bushnell has received word from the railroad officials that the Shelter Island Express would stop both mornings and evenings at Laurel station. This will go into effect at the next change of timetable. This improvement will be greatly appreciated by our people.

The summer home of Mr. Bushnell is one of the beauty spots along the Boulevard. Mr. Kovacs, the caretaker, has shown his handiwork to perfection in the magnificent grounds and flower gardens. The old-fashioned Dutch garden is a thing of beauty and the well-kept lawns and neatly-trimmed privet hedges present a fine appearance. A great aid in keeping the place so handsome is the irrigation system installed by Mr. Bushnell last year. Dry weather has no terrors for him. A large, elevated tank, supplied by an engine and pump, furnishes abundant water for the lawns and gardens. Mr. Bushnell bought this place six years ago of the late Samuel Carpenter and has spent considerable time and money in making it an ideal country gentleman's estate. We wish we had more of these enterprising men in our midst.

Mr. and Mrs. A. Merle Forman, of Brooklyn, are the guests of Mrs. Allan Forman, at Nabichogue Farm, this week.

There was considerable excitement here last Thursday evening, when the automobile of Charles E. Hallock, of Oregon, took fire and was practically destroyed. Mr. Hallock had put his machine under the church sheds at the south of Library Hall, and attended the entertainment. After the show was out he went to the shed for the car and after lighting his gas lamps threw the match on the ground. The gasoline had been leaking from the machine and this instantly ignited and set the car on fire. An alarm was sounded and the fire apparatus arrived on the scene. The car was pulled out but not before it was badly damaged. Library Hall had a crowded house and had the fire occurred before the audience passed out, there would probably have been a panic as the glare from the fire presented a very alarming spectacle. The machine was almost a total loss.

Franklin Billard passed away at his home on Wednesday, aged 86 years, five months and one day. The funeral services will be conducted at his home on Sunday afternoon at 2 o'clock.

Very few elections give both sides a chance to celebrate, but in this village both the Republicans and Democrats have had a turn. On Election night the returns favored a Republican sweep, and there was much rejoicing with the usual bonfire, etc. The next day different reports began to be circulated, and the Democrats, after waiting several days to be reasonably sure of victory, had a large automobile parade on Tuesday evening, starting from Mattituck village, going to Laurel and then to Southold, serenading Republican friends en route, but the Republican spirit still survives, for little Bud Myrus says he is "for Hughes, forever and forever."

CARD OF THANKS

I wish, through the columns of your paper, to thank our firemen and the many kind friends who so promptly and successfully gave their aid and sympathy at the recent fire in my place of business at Mattituck.

Falcon Bond, a wireless operator on one of Uncle Sam's ships, is spending a few days with his grandmother, Mrs. Sarah Albin.

The work of constructing the new bridge on the Westphalia road was started last week, the work being done by Harry Tuthill, of Greenport. Although the people of Westphalia Road are pleased with the prospect of a new bridge, they are rather disappointed at the bridge being constructed during the winter months. A number of children attending school are obliged to take a much longer route or take their chances on the temporary foot bridge, which consists of a series of toboggan slides and loop the loops; even the older ones are unable to retain their footing. We understand that one gallant gentleman, while escorting some ladies across to attend church on Sunday night, fell from the highest point of the slide and was very fortunate in not being seriously hurt from his fall on the ice.

Mrs. Frank Diller and family, who have recently occupied the Robert Wells' farm, have moved to Cutchogue, where they will engage in farming. We are sorry to lose the genial Diller's from our midst.

Last Saturday morning the home of Robert M. Lupton, on the Middle road, was burned to the ground. At the time of the outbreak of the fire Mrs. Lupton, her children and her girl were all in the house. The fire was discovered by Mrs. Lupton in the bathroom, the origin of which is unknown. Mrs. Lupton quickly called for help, but owing to a lack of water, they were unable to save the house, although part of the furniture and clothing were saved. Much sympathy is felt for Mr. and Mrs. Lupton in the loss of their home. We understand the loss is partially covered by insurance.

The barn and other buildings of F. W. Hallock's place, had a narrow escape from being burned to the ground last Friday. Mr. Hallock's mother saw the smoke coming from the engine room, and gave the alarm. Mr. Hallock rushed to the building and on opening the door, the flames burst out. Very fortunately the water in the tank was running and Mr. Hallock worked quickly with it trying to put the blaze out, but found it was getting beyond his control and an alarm was sent over the phone and also to Riverhead where most of the men were attending the Farm Bureau meeting. They hurried home, but the neighbors that had gotten there had succeeded in putting the fire out before much damage had been done. The wind was blowing furiously at the time and had it been a few minutes later before discovery, it is thought the loss would have been a serious one. The fire was caused by an overheated lantern that had been placed there to keep the pipes from freezing.

Forrest Terry who recently moved here from Southold, to act as caretaker of the Van Wyck farm, met with a bad accident early Saturday morning. Ongoing into the barn to attend the stock, he fell through a trapdoor leading into the cellar, which had been left open. His call for help was heard by a Polish man living near. After taking him to the house, Dr. Stevens was sent for and found that a compound fracture of the leg had been sustained. It was thought best to have the X-ray used on it, so a call was sent to the Southampton Hospital and shortly an ambulance arrived and carried the injured man there, where he is now being treated.

Charles F. McCarthy, son of Mr. and Mrs. Charles McCarthy, of this village, who enlisted in the army several weeks ago, recently arrived in France. In a letter to his parents he states that he had a fine passage over, stopping in London on the way. After leaving ice and snow in the United States, Mr. McCarthy was surprised and pleased to find green grass, trees in bloom and warm weather on the other side. He is enthusiastic in his praise of the work the Knights of Columbus and the Y. M. C. A. are doing abroad. He is delighted with the French people he has met and although he admits the ancient old castles are interesting and the scenery is beautiful, he declared that the scenery in France does not equal that of the good old U. S. A. Mr. McCarthy says he has three weeks' work with one week's rest. The aeroplanes in action, he states, are thicker than the largest flock of gulls that he ever saw flying in Peconic bay. Mr. McCarthy is anxious to hear from all his friends back home. His address is M. M. I. Co., American Expeditionary Forces, 4 Place D'Iena, Paris, France.

LeRoy S. Reeve received notice to report for duty on the Arizona as Chief Boatswain Mate last week, but owing to a delay he was unable to reach the boat before she sailed. He is now at the Navy Yard, waiting for his assignment to another boat. This is the position that "Slats" has been working for, and we wish him success, but the baseball team, the Literary society and other interests of the village will miss his cheerful and willing help.

A meeting was held in Gildersleeve Brothers Hall Thursday evening, January 15, to form a Post of the American Legion in this village. The following officers were elected: President, Elwood E. Reeve; 1st vice president, Carl Vail; 2nd vice president, Harry Aldrich; 3rd vice president, Curtis Horton; secretary, Frank McMillen; treasurer, Raymond Tuthill. The Post was named the Raymond Cleaves Post, in honor of his memory, his courage and fortitude in bearing his suffering from wounds received in battle, which caused his death. Speeches were made by Joseph Kratoville and Myers H. Lee, of Riverhead, and Walter Wright, of Waltham. Meetings will be held on the second and fourth Thursday of each month. An invitation is extended to all eligible, living between Laurel and Peconic, to join.

Mrs. Wood Wickham, on Saturday last, at her home, The Maples, entertained at luncheon ten guests from the city. Late in the afternoon, Miss Maud Robinson, in her Paige car, and Custer Smith, in his Marmon, motored twenty-five miles, carrying them to the Artist's lake, where a bountiful collation was enjoyed.

Arthur Mauer, scout for Owner E. C. Landgraf of the Syracuse International (league), has recommended Pitcher John Barker and Catcher Walgo to the above club. Barker has been going good in the last 3 games. He has pitched in 32 innings and only 3 runs have been scored off him, as follows: Mattituck 2, Riverhead 1, 14 innings; Mattituck 3, Shelter Island 2, and Saturday's game he shut out Southold with one hit, winning by a score of 2 to 0. Scout Mauer has good faith in his ability as a pitcher that will make good. Mauer has his eye on Pitcher Richard, of Riverhead, and thinks him a very promising pitcher. As for catcher Walgo, he has the making of a great backstop as he has lots of pep and the fighting spirit that goes with a player that will make good. Both players will report at Jersey City Sept. 12 and will take part in that game on that date, and here's to the Long Island boys that they make good.

“ADMITS TAKING \$1,500

JEWELS AT MATTITUCK”

When Mr. and Mrs. J. Wood Wickham returned to their home in Mattituck after attending the Fair in Riverhead on Thursday afternoon of last week, Mrs. Wickham discovered the loss of jewels valued at \$1,500 and \$100 in cash. The burglary was immediately reported to Sheriff John F. Kelly and the latter assigned Deputy Sheriffs Edward J. Weidner and Henry Jacobs to the case. After a brief investigation and due to clever detective work on the part of the two officers, Edward Fredericks, 20 years old, an ex-soldier, whose home is in Akron, O., was placed under arrest. At first Fredericks denied taking the jewels and money, declaring that he had spent all of Thursday afternoon at the Fair.

Before the officers completed their examination of Fredericks he made a complete confession and told the sleuths that he had hidden the jewels in a tin can in the basement of the house where he boarded, which is next door to the Wickham home. Fredericks escorted the officers to a corner of the cellar and turned over all of the jewels. He had deposited a part of the cash in a bank and had drawn two checks on it, but the payment on both were stopped. Fredericks entered the Wickham home through a rear door.

Fredericks was arraigned before Justice of the Peace James H. Rambo at Mattituck and held for the grand jury on the charge of grand larceny in the first degree. He was locked up in the county jail.

Shortly after this country entered the world war, Fredericks enlisted in the army and was sent to a Southern camp where he received rapid advancement, being at one time drill master. He was very anxious to go to France and when he was unable to attain his ambition he brooded over the matter until his mind was seriously affected and he had to be placed in an army hospital for mental defectives. Although he was honorably discharged from the army some time ago, he is still receiving disability insurance from the Government. Fredericks had been employed in a grocery store at Mattituck.

The community was stirred here recently over the vandalism in the local cemetery. Several gravestones were broken and overturned. Flowers were pulled from the graves and destroyed. A complaint was made by R. W. Wells to the State troopers and much credit is due them for their promptness and efficiency in rounding up the offenders, who were several Polish children living near the cemetery. They, with their fathers and State troopers, were taken before Justice Griffing in Greenport, who considered it a very serious offense. He reprimanded the children but waived punishment on the promise of the fathers to pay for all damages done, and also told them the next offense they would be more severely dealt with.

Many local people have purchased tickets for the Rev. S. Parkes Cadman's lecture at Southould tonight. Dr. Cadman is one of the country's ablest speakers and it was the writer's privelege a short time ago to hear his lecture on present day socialism. It is to be regretted that more men of Dr. Cadman's stamp have not come forward with such clear cut denunciations of the present day attacks upon American institutions by social reformers.

J. M. Lupton
Dies Suddenly
Former Assemblyman Had a
Very Useful and Successful Career

It was with profound regret that the news of the sudden death of the Hon. John M. Lupton, of Mattituck, was received by numerous friends and acquaintances. Mr. Lupton's health had been failing for more than a year and on Saturday morning he was stricken with apoplexy in the bathroom of his home and died Monday afternoon. He was in his 65th year. Funeral services will be conducted this Thursday afternoon at 1:30 o'clock, daylight saving time, by the Rev. Charles E. Craven, assisted by the Rev. Mr. Devanny, the latter pastor of the Mattituck Presbyterian church, and the burial will be in Bethany cemetery, that village

John Mather Lupton was a son of the late Edmund and Hannah Moore Lupton, and was born at Mattituck and lived in that village all of his lifetime. He was one of Mattituck's foremost citizens and one of the most prominent and highly esteemed residents of Eastern Long Island, having been a leader in the business, civic and political life of that section. Being endowed with a pleasing personality and possessing many excellent characteristics, he easily made friends and retained them. He was honorable in all his business dealings, public-spirited, and a splendid type of citizen in every sense of the word. Through his death, not only his native village and town, but the whole of Suffolk County has suffered a great loss, because he was a man whose influence extended far beyond the confines of his home town.

He served five terms, from 1906 to 1910 inclusive, as Assemblyman from Suffolk's first district, and introduced or was instrumental in having passed a large number of constructive measures that were very beneficial to his constituents, the county and the State at large. He applied the same care and intelligence to his public duties as he did to his own private business and in both capacities he attained enviable success.

Mr. Lupton was one of the best known seedsmen in the State specializing in cabbage seed. He was engaged in that business for 33 years and imported and exported large quantities of seed. He served as president of the National Seedsmen's Association for two terms and was considered an expert in that line of business. His son, Robert M. Lupton, has been associated with him in the business for a number of years under the firm name of J. M. Lupton & Son. Their seed was shipped to all sections of this country and Canada as well as abroad.

As one of the organizers and the first general manager of the Long Island Cauliflower Association, Mr. Lupton rendered the Suffolk county farmers a valued service in protecting and advancing the interests of that important industry. He was one of the organizers and president of the Mattituck Bank, a former trustee of the State School at Farmingdale, being appointed to that position by former Governor Whitman. He was also president of the Suffolk Printing & Publishing Co. of Mattituck. Among the organizations with which Mr. Lupton had been prominently identified were Riverhead Lodge, F. & A. M., Sithra Chapter Royal Arch Masons, Greenport; Mattituck Council, Jr. O. U. A. M., and Mattituck Grange.

Mr. Lupton is survived by his wife, Millie F. Lupton, one daughter, Mrs. Belle L. Pike, wife of Otis G. Pike, secretary of the Riverhead Savings Bank, and his son, Robert M. Lupton. Another son, Lawyer Russell E. Lupton, died last fall. Mr. Lupton was a brother of the late Frank M. Lupton, who amassed a fortune of several million dollars in the publishing business in Manhattan.

OBITUARY

MISS FLORENCE FANNING

Laurel -- The people of this community were shocked and saddened when they learned of the death of Miss Florence Fanning, which occurred on Saturday at the Brooklyn hospital following an operation. Pneumonia developed, which was the direct cause of death. Miss Fanning, who was 55 years old, was born here in this village and lived here all her lifetime. For many years, up until the Presbyterian Church here disbanded, she was active in church work and later continued her activities by connection with the Congregational church at Jamesport. She was held in the highest esteem by all of her many friends. The deceased is survived by her sister, Miss Hattie L. Fanning, with whom she lived, and a brother, Willis L. Fanning, of Lake Grove. Funeral services were conducted at the late home of the deceased by the Rev. Edward N. Kirby, pastor of the Jamesport Congregational church Tuesday afternoon, and the burial was in the family plot in the Laurel cemetery.

TRIED TO "SHOOT UP" PARTY AT MATTITUCK

After he had broken up a jolly party at the home of Jordan Lynch, colored, at Mattituck, Sunday night, by firing a shot from a revolver, which fortunately hit no one, Lonnie Hatchier, also colored, shot a hole through his shirt, near his side. The only damage the bullet did was to Hatchier's shirt, and that can be easily repaired. It is not believed that Hatchier tried to end his life, or even to injure himself, but simply tried to create a sensation and he succeeded wonderfully, as all of the adults fled from the house when he started shooting. When the officers arrived only four little colored children were found in the place and they were asleep, their slumbers not being disturbed by the shooting.

DECORATION DAY AT MATTITUCK

A large crowd of people gathered at Mattituck on Decoration Day morning to watch the firemen's parade, which was scheduled for 9 o'clock daylight saving time, but the crowd patiently waited and at 9 o'clock standard time, the parade finally got under way. The parade was led by the American Legion boys, followed by the Greenport band, the firemen, and the Girl Scouts. A short service was conducted by Rev. Mr. Devanny, at the grave of Raymond Cleaves in Bethany cemetery.

In the afternoon the Mattituck baseball team won from Westhampton with a score of 11-3, and in the evening Riley Bros. gave a special holiday movie at Library Hall.
